SWIFTEL ACTIVATES 5000 CUSTOMERS

Swiftel Limited DSL Division is pleased to announce that it has reached a new milestone with the activation of its 5000th customer in September.

The number of new customer's for the Swiftel Broadband division has increased in September by an additional 1500 up from 1100 in August. The total Western Australian customer's now exceed 1000 , the Victorian division has grown to over 400 since the Melbourne facility being commissioned in late August and the majority of subscribers currently in N.S.W.

The Brisbane DSL Service will commence operations in October. The completion of Swiftel's full rollout into all major capital cities of Australia, Sydney, Melbourne, Brisbane and Perth will now be completed by the end of October.

Based on the current rate of subscriber acquisition the company is well placed to succeed in its forecast of 7000 DSL subscribers by the end of December.
