SWIFTEL CONNECTS 20,000th BROADBAND CUSTOMER

During the month of April, Swiftel successfully connected its 20,000th Broadband customer. This was a direct result of the launch of the Swiftel Broadband services in South Australia and the Northern Territory and the 20000th connection came from Adelaide.

Swiftel continues its aggressive growth campaign and will soon be launching Broadband Sales activity through association with people telecom Sales Channels.

Swiftel has also launched its business grade IP Broadband Network (Layer 3) and is deploying its new Direct Sales force in Sydney, Melbourne and Perth.
