

ASX Announcement

ASX Code: DME

28 April 2025

ACTIVITIES REPORT FOR THE MARCH QUARTER 2025

Dome Gold Mines Limited (“Dome” or “Company”) (ASX code: DME) is pleased to report activities at its industrial sand-magnetite-heavy mineral Sigatoka project and the Nadroga copper-gold and Ono Island gold-silver projects in Fiji for the period ended 31 March 2025.

Highlights

- **Progress meetings with the Ministry of Agriculture and Waterways moving toward resolution of issues delaying the Sigatoka desilting program**
- **Update on the Sigatoka Feasibility Study**
- **Assessment of past exploration data on SPL1452 indicates a linear Northwest trending gold anomaly worthy of detailed geological mapping and sampling**

PROGRESS TOWARD IMPLEMENTATION OF THE EMERGENCY DESILTING PROJECT

During the quarter several important meetings were convened with Fiji Government Ministries regarding issues that are delaying implementation of the Sigatoka desilting project. Dome’s wholly owned subsidiary Magma Mines Pte Limited was formally notified on October 31, 2024 by the Director of the Ministry of Agriculture and Waterways that the Government’s Desilting Technical Committee had been selected to undertake desilting of a 9 kilometre section of the Sigatoka River. Local concerns about the program had been raised that are currently being addressed by representatives of the Government with assistance from Company representatives.

As part of this process, myself, Dome Director Mr Tsubata and Country Manager, Mr. Darren Grant met with the Director, Mr Marau Vuli and key technical staff of the Ministry of Agriculture and Waterways (MAW) on March 20th to confirm the Company’s continued strong support in assisting the Government’s implementation of the project to emphasize the many benefits desilting will have for the Sigatoka community (see Plate 1).

Since this meeting the Company has been kept fully informed of progress by regular meetings and communications with Government representatives including a consultation with the Solicitor General’s office to brief them on the situation and gain their assistance to ensure compliance with all Government regulations impacting the project.

Plate 1 – From left – MAW Environmental Officer, Anthony Turagavuli; Senior Engineer, Tima Rakanace; Dome Consultant, Peter Hinner; MAW Director, Marau Vuli; Dome - Country Manager, Darren Grant; Chairman Jack McCarthy; Director Tadao Tsubata; Senior Geologist, Semi Luvuiwai

SIGATOKA (SPL1495)

DFS And EIA Progress

Work on remaining studies needed to compile the Sigatoka Feasibility Study continued during the March quarter. The river/marine survey was completed in February, a contract for Geotech drilling finalised and magnetite recovery tests completed using rotary drum magnets to finalise sand plant design input.

Quotes and work schedules were obtained for all other components of the feasibility study and these activities have commenced under the direction of consultant Peter Hinner.

Sign-off of the recently completed EIA report will shortly take place before submission to the Department of Environment for final review and approval. Along with the feasibility study report these documents will support the application for a Mining Lease at Sigatoka.

SPL1495 Expiry and Renewal

The current 3-year term of Special Prospecting Licence (SPL) 1495 expires on April 26, 2025. Renewal documentation has been prepared for submission and given that the Company has met or exceeded of the conditions of the current SPL there is no reason that the renewal would not be approved by the Mineral Resources Department. The current licence remains in force while the renewal application is being processed.

NADROGA (SPL1452) PORPHYRY COPPER-GOLD

As previously reported SPL1452 was renewed for a further 3-year term commencing from July 3, 2024 to July 3, 2027.

During March, a planned field inspection of a recently discovered 6-7 km long linear zone with coincident anomalous gold geochemistry had to be abandoned due to heavy seasonal rain.

This new prospect is along a NW trending structure located approximately crossing the Namoli-Wainiavau porphyry copper prospects (see Figure 1).

Given the rapid rise in the value of gold in recent months this target is a welcome discovery by the Company's exploration team in Fiji and will receive priority in the lower rainfall months to come. A further announcement concerning this new target will be made when all compilation of all historical and current data is completed.

ONO ISLAND (SPL1451) GOLD

SPL1451 was renewed for a further three-year period from 26 July 2024 to 26 July 2027.

No field exploration was undertaken on the SPL during the December Quarter.

COMMUNITY RELATIONSHIP BUILDING

Magma Mines were very pleased to contribute to the success of the annual Coral Coast Sevens Rugby Tournament held in Sigatoka during a steamy January. This event drew international rugby talent including youth teams from Japan and world class players from the HSBC 7's tour to an enthusiastic crowd at Lawaqa Park. The week-end tournament was broadcast to an expanding global audience through digital media.

Rugby has such an integral place in the hearts and minds of Fijians and this program is a wonderful exhibition of their physical prowess and creative flair (see Plates 2 & 3).

CORPORATE AND ADDITIONAL INFORMATION

Dome Gold Mines Limited (“Dome” or “the Company”) provides this additional information regarding the quarterly activities report for the quarter ended 31 March 2025.

During the Quarter the Company expended \$194K on exploration and related activities. The majority was spent on exploration activities at the Sigatoka Project in Fiji, which is wholly owned by Dome. Approximately \$190K was spent on Sigatoka DFS program, which includes Fiji office operations, consultants’ fees, pilot plant processing and other travel related costs. The balance was expended on license renewal fees, sundry exploration and tenement, accounting and administration related costs. No expenditure was incurred during the Quarter on mining production and development activities.

Payments to related parties of the entity and their associates for operating and investing activities during the March 2025 quarter totaled \$65K, which were directors’ fees and superannuation guarantee. As at 31 March 2025 Dome held \$547K in cash.

For further information about Dome and its Fijian projects, please refer to the Company’s website www.domegoldmines.com.au or contact the Company at (02) 8203 5620.

This quarterly report has been approved by the Board of Dome Gold Mines Ltd.

J.V. McCarthy
Chairman

Competent Persons Statement

The information in this Quarterly Report that relates to Exploration Results is based on information compiled by John V McCarthy. Mr McCarthy is the non-executive Chairman of the Company and a Member of the Australasian Institute of Mining and Metallurgy and has sufficient experience which is relevant to the style of mineralisation and type of deposits under consideration and to the activities which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the ‘Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves’. Mr McCarthy, through his family superannuation fund, holds shares in the Company and is paid fixed directors fees for his services. He consents to the inclusion in this Quarterly Report of the matters based on his information in the form and context in which it appears.

No Material Changes

The Company confirms it is not aware of any new information or data that materially affects the information included in this quarterly activities report and that all material assumptions and technical parameters underpinning the exploration activities in this market announcement continue to apply and have not materially changed.

ABOUT DOME

Dome is an Australian mining company that listed on the ASX on the 22 October 2013. The Company is focussed on gold, copper and iron and industrial sands in Fiji, where it holds three highly prospective exploration tenements. Dome's objective is to become a major force in the mining industry of Fiji by the discovery and development of mineral resources within its Fijian tenements.

Sigatoka is a heavy mineral sand project containing abundant magnetite. Drilling to establish an initial resource estimate for the project has been completed, and final stages of a definitive feasibility study are now underway. Commencement of production at Sigatoka by conventional sand mining and wet processing is anticipated.

Dome's other projects are the Ono Island epithermal gold project, where an initial exploration diamond drilling was completed in early July 2018, and the Nadrau project, where additional exploration programs for copper-gold porphyry deposits are warranted.

Dome's Board and Management team has a high level of experience in Fiji, and the Company has been actively exploring in Fiji since 2008.

DOME MINES LTD TENEMENT SCHEDULE

Tenement	Name	Holder	Interest %	Area (hectares) at	
				31 March 2016	Expiry Date
SPL 1451	Ono Island	Dome Mines Ltd	100	3,028	26/07/2027
SPL 1452	Central Viti Levu	Dome Mines Ltd	100	33,213	3/07/2027
SPL 1495	Sigatoka Ironsand	Magma Mines Ltd	100	2,522	26/04/2025*

***NOTE:** Application documentation has been prepared/submitted for the renewal of SPL1495 for a further 3-year term and the Company has no reason to believe the renewal will not be granted.

7. Financing facilities <i>Note: the term "facility" includes all forms of financing arrangements available to the entity. Add notes as necessary for an understanding of the sources of finance available to the entity.</i>	Total facility amount at quarter end \$A'000	Amount drawn at quarter end \$A'000
7.1 Loan facilities	5,600	722
7.2 Credit standby arrangements	-	-
7.3 Other (please specify)	-	-
7.4 Total financing facilities	5,600	722
7.5 Unused financing facilities available at quarter end	4,878	
7.6 Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.		
Lender: Blue Ridge Interactive Ltd 5% unsecured loan \$3.5m loan facility, maturity date 31/12/2026 Charvest Pty Ltd 10% unsecured loan \$1m loan facility, maturity date 31/12/2026 Fleet Market Investments Pty Ltd 10% unsecured loan \$1m loan facility, maturity date 31/12/2026 Tadao Tsubata 5% unsecured loan \$0.1m loan facility, maturity date 31/12/2026		

8. Estimated cash available for future operating activities	\$A'000
8.1 Net cash from / (used in) operating activities (item 1.9)	(452)
8.2 (Payments for exploration & evaluation classified as investing activities) (item 2.1(d))	(194)
8.3 Total relevant outgoings (item 8.1 + item 8.2)	(646)
8.4 Cash and cash equivalents at quarter end (item 4.6)	547
8.5 Unused finance facilities available at quarter end (item 7.5)	4,878
8.6 Total available funding (item 8.4 + item 8.5)	5,425
8.7 Estimated quarters of funding available (item 8.6 divided by item 8.3)	8
<i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in item 8.3, answer item 8.7 as "N/A". Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>	
8.8 If item 8.7 is less than 2 quarters, please provide answers to the following questions:	
8.8.1 Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
Answer:	
8.8.2 Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Answer:	
8.8.3 Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?	
Answer:	
<i>Note: where item 8.7 is less than 2 quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.</i>	

Mining exploration entity or oil and gas exploration entity quarterly cash flow report

Compliance statement

1. This statement has been prepared in accordance with accounting standards and policies which comply with Listing Rule 19.11A.
2. This statement gives a true and fair view of the matters disclosed.

Date: 28 April 2025

Autorised by; By the Chairman

(Name of body or officer authorising release - see note 4)

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 6: Exploration for and Evaluation of Mineral Resources and AASB 107: Statement of Cash Flows apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standards apply to this report.
3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – eg Audit and Risk Committee]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's Corporate Governance Principles and Recommendations, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
