

17 February 2025

ASX: ENV

**SIGNIFICANT ZONES OF POTENTIAL REE AND TITANIUM
MINERALISATION INTERSECTED AT CODA CENTRAL**

Enova Mining Ltd (ASX: ENV) wishes to provide additional information regarding its announcement dated 10 February 2025, titled “**SIGNIFICANT ZONES OF POTENTIAL REE AND TITANIUM MINERALISATION INTERSECTED AT CODA CENTRAL**”

To ensure compliance with ASX Compliance Update No. 04/23, the Company updates the market as follows:

Timeline of Assay

The CODA Central assay results are expected by the **third week of March 2025**. However, this timeline is subject to change depending on logistical factors, including the transport time of samples from Enova’s warehouse in **Patos de Minas** to the **SGS laboratory in Vespasiano, MG**, as well as the current workload at the laboratory.

Enova will continue to monitor the process and provide updates should there be any material changes to the expected timeline.

Approved for release by the Board of Enova Mining Limited

Kind regards,
