	<p>Answer: No. The Entity's main activities in preceding quarters has been meeting the requirements for the Baniaka Social and Environmental Impact Assessment (SEIA) and a large-scale Mining Permit application (MPA), and discretionary pre-development activities. Both the SEIA and MPA were completed in preceding quarters and submitted to the relevant government administrations and discretionary pre-development activities have been halted. In addition, during the quarter, field season exploration activities were complete at Bakoumba and Bitam, further reducing expenditure. Consequently, the overall rate of expenditure is expected to reduce significantly.</p>

	<p>Answer: Yes. As set out in the Quarterly Activities Report, during the quarter, the Entity executed a working capital loan facility for up to US\$3 million with its largest shareholder Tembo Capital Mining Fund. Furthermore, following the peaceful regime change in Gabon and return to normal business activities, the Entity is currently evaluating additional equity working capital funding solutions.</p>	
8.8.3	Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?
