Appointment of Technical Manager

Haranga Resources Limited is pleased to announce the appointment of **Mr. Kerry Griffin** as the Company's Technical Manager. The role will be based in Ulaanbaatar, Mongolia.

Kerry has 18 years professional experience in exploration, resource development and mining geology in Australia, Southern Africa, South America and Mongolia including senior roles with such companies as Ivanhoe Mines Mongolia, Newcrest Mining and Consolidated Minerals.

As well as extensive hands on experience in designing and managing exploration and resource drilling programs, Kerry is a Competent/Qualified Person for JORC/43-101 standard reporting and sign-off, management of geological teams and has previously consulted in the use of new geological databasing, modelling and geophysical interpretation software.

Kerry has significant experience in Mongolia having spent four years with Ivanhoe Mines as the Senior Development Geologist for the world class Oyu Tolgoi development. In this role he not only managed major diamond drilling programs, but also looked after geological interpretation, 3D modelling and resource estimation, and the training of the incoming Mongolian geologists.

Prior to joining Haranga Resources, Kerry was employed as the Country Manager for Aspire Mining Limited in Mongolia and was instrumental in their recent successful acquisition and development of the Ovoot coking coal project.

Haranga Resources is preparing for a major drilling program at its flagship Selenge project and is currently performing due diligence on a number of other potential project acquisitions in Mongolia. The Company is fortunate to have someone with Kerry's extensive professional expertise and in-country experience to oversee these critical activities.
