## SEPTEMBER 2015 QUARTERLY ACTIVITIES REPORT

Haranga Resources Limited ('the Company') is pleased to report on its activities for the September 2015 quarter.

### MINING LICENSE RELATED WORKS

Following the grant of its Mining License by the Mineral Resources Authority of Mongolia, the Company has been focusing on the completion of the activities required by the mining related laws and regulations in Mongolia.

(i) **The Land Use Agreement**

During the quarter the boundaries of the mining license specified areas were verified and officially registered by the certified contractor appointed by the Geodesy and Land Cadaster Office of Mongolia.

The Land Use Agreement with the Local Government of Eruu and Khongor sub-provinces is now in the final stage awaiting the completion of the report on the Detailed Environmental Impact Assessment. The purpose of this agreement is to enable the Company to carry out any development activities in the specified mining license areas.

(ii) **The Detailed Environmental Impact Assessment ('DEIA')**

During the quarter an independent contractor was appointed by the Ministry of Environment and Green Development ('MEGD') to complete the DEIA, as required by the MEGD.

The first component of the MEGD, the geo-economic assessment, was completed during the quarter. The second component, the full report on the detailed environmental and social impact assessment, is currently underway with an expected completion before the end of the year.

Once completed, the DEIA will be submitted and discussed at the Special Committee of Environmental at MEGD for mine development approval.

### OTHER ACTIVITIES

During the quarter, the Company's main focus was the progression of the Selenge Project with a focus on the development stage in order to allow the Project construction to commence.
