Western Australian Applications For Forfeiture

20 November 2026

Infinity Mining Limited (ASX: IMI) (the "**Company**" or "**Infinity**") advises that its tenement manager has received service of four Applications for Forfeiture lodged by AMMM Resources Pty Ltd in respect of the following Western Australian exploration licences held by the Company: E 45/4708 (Application No. 774958), E 45/4709 (Application No. 774959), E 45/4824 (Application No. 774957) and E 45/4848 (Application No. 774956).

The applications allege non-compliance with expenditure conditions for the relevant 2026 expenditure year and have been listed for a First Mention Hearing before the Mining Warden in Perth on 1 February 2027.

Infinity disputes all these allegations in full.

The Company is referring the Warden's Court proceedings to appointed legal counsel to lodge formal Form 36 Responses within the required statutory timeframe and will vigorously defend its title and ongoing exploration rights over these tenements.

The Company will keep shareholders informed of any material developments in accordance with its continuous disclosure obligations.
