JCurve Solutions Continuous Disclosure Policy

JCurve Solutions ("JCS") reaffirms its Continuous Disclosure Policy under its Corporate Governance Framework. A copy of the policy is available on the company's website.

JCS will only make comment and announcements about JCS on the ASX Announcements Platform in accordance with the ASX Listing Rules.

The Company has become aware of a recent post on the Hot Copper website implying a discussion with a director of the Company last Friday 23 September 2016. The Company notes that no such discussion occurred.

JCS wishes to make users of such stock forums fully aware that the Company will not make any commentary on such forums or to users of such forums without the information being publically released to the ASX first and therefore users should be aware of this in reading any such disclosure on these forums.

About JCurve Solutions:
JCurve Cloud ERP is award winning cloud-based business management software that helps to empower growth in SMEs by transforming the way they manage their businesses. While providing real-time data and KPIs for total visibility, it also allows businesses to streamline and automate operations across financials and payroll, inventory and order management, CRM, eCommerce and more. JCurve Solutions is the Australian and New Zealand, 5 star awarded small business partner of NetSuite, the global leader in cloud enterprise resource planning (ERP) software. JCurve Solutions Ltd is listed on the ASX (JCS).
