David Frances (Non-Executive Chairman)
Brian Thomas (Non-Executive Director)
Anees Sabet (Non-Executive Director)
Thomas Langley (Non-Executive Director) (Resigned 16 August 2024)

## **RESULTS AND DIVIDENDS**

The consolidated entity profit after income tax for the half-year is \$55,518 (2023: \$1,023,629). There is no dividend paid or recommended. The result for this half-year included a net gain on disposal of ASX-listed investments \$0.738 million.

## **REVIEW OF OPERATIONS**

# Lady Grey Project, Western Australia

During the period the Company announced the completion of six Moving Loop EM (MLEM) survey lines over gold, copper and nickel geochemical targets on the Company's Lady Grey Project at Mt Holland in WA's Yilgarn Province. Interpretation by the Company's geophysical consultants generated EM conductor model plates representing sources for EM anomalies that coincide with the location of geochemical anomalies resulting from an ultra-fine fraction (UFF) soil geochemistry survey completed earlier this year and historical downhole assay data.

The Company advised of the grant of a Programme of Works (PoW) on the Company's Lady Grey Project to drill test a modelled conductor plate under MLEM Survey Line #6 (refer ASX release 24 September 2024).

Drilling of the modelled conductor plate under MLEM Line #6 commenced at the end of the period from the existing historical access road which links the old Laday Ada mine and the Marvel Loch Forrestania Road. As the modelled conductor plate is 200m below surface and dips to the east the drill testing will consist of three RC pre collars with diamond tail drill holes (see Fig 2).

A Spring Flora and Fauna Survey conducted by the Company's environmental consultants on the area covered by MLEM survey lines #1, including proposed access tracks was finalised and a heritage clearance survey for this area was scheduled.

A close spaced aeromagnetic survey on 25 metre line spacings was also completed using an Unmanned Airborne Vehicle (UAV). The area covered by the survey provides coverage of a gap between two open file aeromagnetic surveys plus give closer spaced coverage over the MLEM Line #1 modelled conductor plate.

# Lady Grey Farm-in Agreement Extension

During the period the Company entered into a variation deed to the Lady Grey Project farm-in agreement first announced on 6 December 2023, due to delays with approvals from the Department of Energy, Mines, Industry Regulation and Safety (DEMIRS) with the grant of Programmes of Work for the Company's planned drilling programmes. Additionally, there were significant delays with scheduling heritage surveys of the areas proposed for drilling.

The Company and its wholly owned subsidiary, West Kidman Pty Ltd (ACN 672 896 865), have agreed with Gondwana Resources Ltd ("Gondwana") and the Option Vendors (defined below) to extend the date by which it may earn a 50% legal and beneficial interest in tenement E77/2143 by six months by paying Gondwana consideration of \$200,000 cash.

This amount will be included as exploration expenditure incurred by the Company during the 19th month and the 30th months after the earn in start date within the Stage 1 Earn In Period.

The extension will allow the Company sufficient time to finalise the drilling and receive assays to assess the prospectivity of the project and to decide whether the Company would proceed with the next stage of the farm-in agreement.

The Company has agreed with the Option Vendors to extend the date by which the following consideration to be paid for assigning the Gondwana Option to the Company is payable to the Option Vendors by six months, as follows:

- if the Company has not withdrawn from the Agreement, 18 months from the execution date of the Agreement ("Commencement Date"), the Company will issue the Option Vendors 100.000.000 fully paid ordinary shares in the capital of Lanthanein (Shares):
- if the Company has not withdrawn from the Agreement, 30 months from the Commencement Date, the Company will issue the Option Vendors 166,666,666 Shares; and
- if the Company has not withdrawn from the Agreement, 42 months from the Commencement Date, the Company will issue the Option Vendors 166,666,666 Shares.

All other material terms of the Agreement remain in full force and effect.

## Sale of Tolu Minerals Shares

Following completion of the sale of the Company's former subsidiary, Frontier Copper PNG Ltd, the holder of the Tolukuma Exploration Licence EL2531 in PNG to Tolu Minerals Limited (ASX 10 November 2023), the Company received consideration of A\$2 million comprising A\$500,000 equivalent cash and A\$1.5 million by way of issue of 3 million fully paid ordinary shares in Tolu Minerals escrowed for 12 months. The shares were released from escrow on 11 November 2024 and were sold on market on 15 November 2024 for A\$2.4m less costs.

## **Board Update**

# INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF LANTHANEIN RESOURCES LIMITED

# Report on the Half-Year Financial Report

#### Conclusion

We have reviewed the accompanying half-year financial report of Lanthanein Resources Limited (the company) and its controlled entities (the group or consolidated entity), which comprises the consolidated statement of financial position as at 31 December 2024, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity, the consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the company is not in accordance with the Corporations Act 2001, including:

- giving a true and fair view of the consolidated entity's financial position as at 31 December 2024 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001.

# **Basis for Conclusion**

We conducted our review in accordance with Auditing Standards on Review Engagements ASRE 2410: Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

# Responsibility of the Directors for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including Australian Accounting Interpretations) and the Corporations Act 2001 and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

# Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the financial report based on our review. ASRE 2410 requires us to conclude whether anything has come to our attention that causes us to believe that the financial report is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2024 and its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134: Interim Financial Reporting and the Corporations Regulations 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

# **DIRECTORS' DECLARATION**

In the directors' opinion:

- (a) the financial statements and notes set out on pages 13 to 21 are in accordance with the *Corporations Act 2001*, including:
  - (i) complying with AASB 134 Interim Financial Reporting, the *Corporations Regulations 2001* and other mandatory professional reporting requirements; and
  - (ii) giving a true and fair view of the consolidated entity's financial position as at 31 December 2024 and of its performance, as represented by the results of its operations, changes in equity and its cash flows, for the half-year ended on that date; and
- (b) there are reasonable grounds to believe that Lanthanein Resources Limited will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of the directors.

# LANTHANEIN RESOURCES LIMITED & ITS CONTROLLED ENTITIES NOTES TO THE FINANCIAL STATEMENTS 31 DECEMBER 2024

## 1. SUMMARY OF MATERIAL ACCOUNTING POLICIES

The half-year consolidated financial report is a general-purpose financial report prepared in accordance with the requirements of the Corporations Act 2001 and Australian Accounting Standard AASB 134: Interim Financial Reporting.

This interim financial report is intended to provide users with an update on the latest annual financial statements of Lanthanein Resources Limited and its controlled entities. As such, Lanthanein Resources Limited and its controlled entities (the Group) does not contain information that represents relatively insignificant changes occurring during the half-year within the Group. It is therefore recommended that these financial statements be read in conjunction with the annual financial statements for the year ended 30 June 2024 and any public announcements made by the Group during the half-year in accordance with continuous disclosure requirements arising under the Corporations Act 2001.

The half-year financial report has been prepared on an accruals basis and is based on historical costs modified by the revaluation of selected non-current assets, financial assets and financial liabilities for which the fair value basis of accounting has been applied.

The same accounting policies and methods of computation have been followed in these interim financial statements as were applied in the most recent annual financial statements except as described below.

#### Application of new and revised accounting standards

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or interpretations that are not yet mandatory have not been early adopted.

## **Going Concern Basis**

The financial report has been prepared on the going concern basis, which contemplates the continuity of normal business activities and the realisation of assets and settlement of liabilities in the ordinary course of business. Although the Group reported a net profit after tax of \$55,518 (31 December 2023: Loss of \$1,023,629) for the period ended 31 December 2024, it incurred a net cash outflow of operating activities of \$319,232 and a net cash inflow of investing activities of \$2,042,481. At balance date, the Group had \$4,516,723 of available cash.

The directors have reviewed the Group's working capital forecasts for a minimum of 12 months from the date of the approval of this financial statement and have determined that the existing cash reserves are sufficient to facilitate the Group's ongoing exploration and working capital commitments for at least the next 12 months.

## 3. OPERATING SEGMENTS

# Identification of reportable segments

The Company has identified its operating segments based on the internal reports that are reviewed and used by the board of directors (chief operating decision makers) in assessing performance and determining the allocation of resources. The financial statements presented above are the same as the reports the directors review. The Company operates exclusively in one segment, which is mineral exploration in Australia.
