**INDEPENDENT AUDITOR'S REVIEW REPORT
TO THE MEMBERS OF FRONTIER RESOURCES LIMITED**

Scope

We have reviewed the accompanying half-year financial report of Frontier Resources Limited and Controlled Entities (the Group), which comprises the condensed balance sheet as at 31 December 2007, and the condensed income statement, condensed statement of changes in equity and condensed cash flow statement for the half-year ended on that date, other selected explanatory notes to the half-year financial statements and the directors' declaration.

Directors' Responsibility for the Half-Year Financial Report

The directors of the Group are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards, including the Australian Accounting Interpretations, and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal controls relevant to the preparation and fair presentation of the half-year interim financial report so that is free from material misstatement, whether due to fraud or error, selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express a conclusion on the half-year interim financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the company's financial position as at 31 December 2007 and its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

As the auditor of Frontier Resources Limited and Controlled Entities, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

INDEPENDENT AUDITOR'S REVIEW REPORT TO THE MEMBERS OF FRONTIER RESOURCES LIMITED (CONTINUED)

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001* given to the directors on 13 March 2008 would be in the same terms if it had been given at the same time this review report was made.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Frontier Resources Limited and Controlled Entities is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the disclosing entity's financial position as at 31 December 2007 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and Corporations Regulations 2001.

Emphasis of Matters Regarding Explorations and Evaluation Assets and Going Concern

Without qualifying our conclusion, we draw attention to the following matters.

Material Uncertainty Regarding Explorations and Evaluation Assets

As a result of the matters disclosed in note 1 there is uncertainty whether the Group will be successful in its renewal application for EL 1348. If not successful an impairment adjustment will be necessary against the carrying value of that area of interest.

Material Uncertainty Regarding Continuation as a Going Concern

As set out in Note 1, the financial report has been prepared on a going concern basis. The ability of the consolidated entity to maintain continuity of normal business activities, and to pay its debts as and when they fall due is dependent upon the continued ability of the consolidated entity to raise capital, and or successfully explore and subsequently exploit the consolidated entity's tenements.

No adjustments have been made to the carrying value of assets or recorded amount of liabilities should the consolidated entity's plans not eventuate.

FRONTIER RESOURCES LTD & ITS CONTROLLED ENTITIES
NOTES TO THE FINANCIAL STATEMENTS
31 DECEMBER 2007

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This general purpose financial report for the interim half-year reporting period ended 31 December 2007 has been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2007 and any public announcements made by Frontier Resources Ltd during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

Basis of Preparation and Going Concern Basis

The Financial Statements have been prepared on the going concern basis, which contemplates continuity of normal business activities and the realisation of assets and the discharge of liabilities in the ordinary course of business. The ability of the economic entity to continue to adopt the going concern assumption is dependent upon a number of matters including the successful raising of capital to meet funding requirements and explorations of the economic entity's tenements.

In addition, the ultimate recoupment of costs carried forward for exploration and evaluation is dependent upon the successful development and commercial exploitation or sale of the respective areas of interest. As previously announced, the company is awaiting the renewal of EL 1348 in relation to the Kodu deposit from the PNG Minister for Mining. The Minister advised the Company on 19 February 2008 that no decision regarding the renewal had been made at that time. No subsequent discussions with the Minister have occurred. Ministers from both Australia and PNG will discuss the issue further when they meet for a ministerial forum in Madang in April 2008. The carrying value of the Group's interest in the area of interest at 31 December 2007 was \$2,400,936. If the Minister does not renew EL 1348, the Group will be required to write off the asset. No adjustments have been made to the financial report relating to the recoverability and classification of the asset carrying amounts or the amounts and classification of liabilities that might be necessary should the renewal of EL 1348 be unsuccessful.
