Proposed merger with Barrenjoey

Magellan Financial Group Ltd (“**MFG**”) is pleased to announce it has entered into an agreement to merge with Barrenjoey Capital Partners (“**Barrenjoey**”) (the “**Merger**”).

The Merger creates a diversified, client-focussed Australian financial services group, with a proven talent base across investment management, corporate finance, equities, fixed income and capital markets.

Barrenjoey has established market leadership across its businesses since inception, scaling to \$522 million in revenue and \$108 million adjusted NPATA over the last twelve months.¹ The business has consistently exceeded expectations with strong organic growth, attractive returns on capital, and an entrepreneurial culture that positions the combined group for continued expansion.

In advance of the Merger, MFG intends to fund an initial increased economic interest in Barrenjoey (“**Initial Acquisition**”) through a non-underwritten institutional placement of MFG ordinary shares (“**Placement**”), alongside the launch of a follow-on non-underwritten share purchase plan (“**SPP**”) for eligible shareholders in Australia and New Zealand.

Subject to the satisfaction of certain conditions precedent, MFG will acquire all the remaining issued capital it does not own in Barrenjoey at the time of completion of the Merger (“**Completion**”). Consideration will be through the issue of new MFG ordinary shares to Barrenjoey shareholders (“**Consideration Shares**”).

The implied value of Barrenjoey is A\$1,616 million² (on a 100% equity value basis) and the implied value of total consideration of A\$903 million for the shares MFG is expected to acquire at Completion.³

¹ NPATA refers to net profit after tax and before the non-cash amortisation expense (net of tax) associated with the establishment of Barrenjoey’s employee share plan. Barrenjoey’s financial profile reflects the removal of legacy arrangements which cease as a result of the transaction. Refers to 12 month period ended 31 December 2025

² Based on a price equivalent to the Placement and SPP issue price of \$8.45

³ The Initial Acquisition is not included in the Merger figures in this announcement

ABN 59 108 437 592

This implies a transaction multiple of 15.0x P/E⁴ on a last twelve-month basis, prior to the consideration of expected synergies.

The Barrenjoey Parties⁵ will be subject to voluntary vesting and/or escrow arrangements covering all Consideration Shares to be issued to them with staggered vesting and escrow release dates. The weighted average dealing restricted period is approximately 5.5 years after announcement.

The Merger does not change MFG's existing strategic partnerships with Vinva Investment Management and FinClear Holdings, both of which will continue to operate independently.

Strategic rationale for the Merger

The Board believes the Merger represents a compelling opportunity and will result in:

- improved business diversification and resilience;
- an enhanced client proposition across both businesses;
- the ability to retain and attract the best talent; and
- a strong combined balance sheet providing opportunity for growth.

Board and management

The Merger contemplates that on Completion, David Gonski AC will become Independent Chair of the combined group and Andrew Formica will be appointed Deputy Chair. A number of current Barrenjoey directors (the “**Incoming Barrenjoey Nominee Directors**”) as well as Paul Compton, Chairman of Investment Banking at Barclays, will also join the MFG Board. As part of the proposed Board transition, David Dixon has advised that he will retire from the MFG Board on Completion of the Merger. The Board warmly thanks Mr Dixon for his valuable contribution.

Brian Benari will be appointed as Group Chief Executive Officer; Sophia Rahmani will continue as Chief Executive Officer, Magellan Investment Partners; and Matthew Grounds and Guy Fowler will continue as Co-Executive Chairs of Barrenjoey Capital Partners.

Merger transaction summary

As consideration for the Merger, MFG will issue 106,838,520 Consideration Shares to the shareholders of Barrenjoey at Completion.

These Consideration Shares will be issued as follows:

- 92,626,871 in aggregate to the “**Barrenjoey Parties**”, being:
 - Barrenjoey employees⁶, including those who hold Barrenjoey shares via Evolution Trustees Limited as trustee for the Barrenjoey Employee Share Scheme, representing the collective economic interests of approximately 460 individuals with varied entitlements based on tenure, seniority and other factors (“**Barrenjoey Group Shareholders**”); and

⁴ The Price-to-Earnings (P/E) Ratio is calculated based on the implied merger value (on 100% basis) and the last-twelve months NPATA of A\$108m. Refer to footnote 1

⁵ With the exception of Incoming Barrenjoey Nominee Directors (both terms defined below)

⁶ Whether current or former

- the Incoming Barrenjoey Nominee Directors; and
- 14,211,649 shares to an affiliate of Barclays PLC (“**Barclays**”).⁷

On Completion, MFG will own 100% of the issued capital of Barrenjoey.

Following Completion, MFG shareholders would own 58.2%, Placement shareholders would own 5.3%, Barrenjoey Parties would own 31.7% and Barclays would own c. 4.9%.⁸

The Merger is subject to customary conditions precedent, including Australian competition approval, Hong Kong regulatory approval, there being no legal restraint on the Merger and shareholder approval for the issuance of the Consideration Shares to fund the proposed Merger under ASX Listing Rule 7.1. It is also subject to limited termination events including if a party fails to complete or a condition precedent is not satisfied within 6 months or there is a breach of warranty that is not remedied.

Completion is expected to occur in the second quarter of calendar year 2026.

Voluntary escrow and vesting arrangements

All Barrenjoey Parties (with the exception of the Incoming Barrenjoey Nominee Directors) will be subject to escrow and/or vesting arrangements covering all their Consideration Shares with staggered vesting and escrow release dates.

These arrangements are designed to ensure continuity of leadership, and alignment with long-term shareholder outcomes with the Barrenjoey Parties to which the restrictions apply only permitted to sell their Consideration Shares after their respective dealing restriction period ends.⁹

The weighted average dealing restricted period is approximately 5.5 years after announcement.

The dealing restriction period is linked to the individual's service commencement, with the first release date occurring approximately 2 years after announcement and a final release date of approximately 11 years after announcement.

Acquisition of incremental ~10% shareholding in Barrenjoey and Placement and SPP

MFG has today entered into arrangements to acquire an incremental ~10% economic interest in Barrenjoey from Barclays¹⁰ for \$148.9 million (being the **Initial Acquisition**).¹¹ The Initial Acquisition is proposed to be funded via a non-underwritten Placement and SPP at \$8.45 per MFG share (“**Offer Price**”).¹²

⁷ The consideration payable includes an amount for the acquisition of relevant parties' economic interest in Barrenjoey and an amount for the acquisition of certain rights, including voting control, which do not pertain to all shares equally

⁸ MFG shareholder ownership figures assume existing MFG shareholders acquire 2,366,863 shares via the SPP and that no MFG shares are bought back and cancelled pre-completion of the Merger. Placement shareholder ownership figures assume Placement shareholders acquire 15,384,615 shares via the Placement and that no MFG shares are bought back and cancelled pre-completion of the Merger. Neither the SPP or the Placement are underwritten and the final numbers may be more or less than these numbers

⁹ Dealing restrictions are subject to customary carve outs. This includes that dealing restrictions for individual employees may be varied in certain circumstances including on the death or mental incapacity of the relevant employee

¹⁰ Through an affiliate

¹¹ Barclays has agreed to pay Barrenjoey a liquidity fee in respect of the proceeds payable to it in respect of the Initial Acquisition. No fee is payable by MFG to Barrenjoey in relation to its role as lead manager on the Placement

¹² To the extent the full amount is not raised, then MFG will pay the balance with its existing cash

The Placement is seeking to raise up to \$130.0 million. The Placement shares will be issued pursuant to MFG's placement capacity under ASX Listing Rule 7.1.

A non-underwritten SPP targeting to raise \$20.0 million will be offered to eligible MFG shareholders in Australia and New Zealand at the same Offer Price.¹³

The Offer Price represents a 0.1% discount to both the closing price on 27 February 2026 and to the 5-day VWAP of \$8.46.

If the full amount is raised, the Placement and SPP shares will represent approximately 9.6% of MFG shares outstanding post the Placement and SPP.¹⁴

New shares issued under the Placement and the SPP will rank equally with existing MFG shares.

Barclays is highly supportive of the Merger. On Completion, Barclays' shareholding will be limited to c. 4.9% of the share capital of MFG to simplify the impact of US regulatory requirements on the merged companies.

Barclays remains committed to its ongoing strategic partnership with Barrenjoey. As mentioned above, Paul Compton, Chairman of Investment Banking at Barclays, intends to become a Director of MFG following Completion.

MFG Chairman Andrew Formica said:

"The merger with Barrenjoey marks a transformative step in MFG's evolution, bringing together two highly complementary businesses to create an Australian financial services group with meaningful scale and breadth.

MFG and Barrenjoey share a deep commitment to clients and are built on innovation, entrepreneurialism and exceptional talent. We believe we are stronger together – with greater scale, broader expertise and enhanced capacity to create long-term value for clients and shareholders. We are excited to partner with Barrenjoey to pursue the significant opportunities ahead."

Barrenjoey Independent Non-Executive Chairman, David Gonski AC, said:

"This is a proud moment for Barrenjoey. Five years ago, a group of talented professionals came together with a vision to build an independent, Australian-headquartered financial services firm that could compete at the highest levels.

From this start, Barrenjoey's team have fulfilled their shared vision of servicing clients at a very high standard and being a great place to work.

MFG has been part of our journey from the beginning of Barrenjoey as a founding investor. Joining forces provides an ideal platform for our next phase of growth together as a top tier financial services group, while ensuring our clients and our people remain at the centre of everything we do.

¹³ Full details of the SPP will be included in the SPP Offer Booklet that is expected to be released on ASX in accordance with the timetable set out in the accompanying Investor Presentation

¹⁴ MFG is targeting the issue of 17,751,478 new Placement and SPP shares. As the Placement and the SPP are not underwritten, there is no guarantee how much will be raised or how many new MFG shares will be issued

I have been very honoured to have been the Chair of Barrenjoey over the last few years and am extremely excited and pleased to be the proposed Chair of the combined group going forward."

The MFG Board unanimously recommends that shareholders vote in favour of the issue of the Consideration Shares to fund the proposed Merger at the Extraordinary General Meeting ("EGM") to be held in April 2026.
