The Directors present their financial report of Pantera Minerals Limited (referred to hereafter as the 'Company' or 'parent entity' or 'Pantera') and of the consolidated group (referred to hereafter as the 'Group'), being the Company and its controlled entities for the period from 1 July 2023 to 31 December 2023.

Directors

The following persons were Directors of the Company during the whole of the financial period and up to the date of this report, unless otherwise stated:

Barnaby Egerton-Warburton (Non-Executive Chairman)
 Emmanuel Correia (Non-Executive Director)
 John Hebenton (Non-Executive Director)

Principal activities

The principal activities of the Group during the half-year were exploration for mineral resources.

Review of operations

The following is a summary of the activities of the Group for the period ended 31 December 2023. It is recommended that this report be read in conjunction with any public announcements made by the Company during the period.

In accordance with the continuous disclosure requirements, readers are referred to the announcements lodged with the Australian Securities Exchange (ASX) regarding the activities of the Company.

PROJECTS OVERVIEW

SUPERBIRD LITHIUM PROJECT

On 24 August 2023 the Company announced^[1] that it was entering the lithium-rich 'Smackover Formation', Arkansas, USA, via a \$2m convertible note facility into Daytona Lithium Pty Ltd (Daytona) for a 35% interest in their Superbird Lithium Brine Project. The \$2m convertible note facility into Daytona was supported by a two-tranche placement of 28,571,429 shares, to raise the \$2m. At the time of the investment the Superbird Lithium Project consisted of 5,325 privately leased acres, supported by an exclusive abstract area agreement covering more than 50,000 acres. Daytona have subsequently increased the Superbird Lithium Project area to 13,457 acres (as at 5 February 2024^[2]).

On 11 December 2023 the Company announced^[3] that the Company entered into a Binding Implementation Agreement with Daytona to acquire 100% of the issued share capital in Daytona, the holder of the Superbird Lithium Project ('Acquisition'). The transaction was approved at a General Meeting on 15 February 2023.^[4] The details of the consideration are:

- Initial consideration at settlement is 106,400,000 Pantera shares issued at \$0.06 and in escrow for 12 months. Initial consideration shares to be reduced by any amount owing to 2CP and any loan and convertible note interest still owing at settlement.
- Deferred consideration shares to be issued to upon satisfaction of the following milestones:
 - (i) 6,535,200 shares at \$0.06 upon the Superbird Lithium Project consisting of leased acreage totalling more than 20,000 (net) leased brine acres within 12 months
 - (ii) 6,535,200 shares at \$0.06 upon the Superbird Lithium Project achieving a JORC compliant Mineral Resource of a minimum of 1 million tonnes of lithium carbonate equivalent within 12 months
 - (iii) 6,535,200 shares at \$0.06 upon the Superbird Lithium Project achieving a JORC compliant Mineral Resource of a minimum of 5 million tonnes of lithium carbonate equivalent within 24 months

The Acquisition will be supported by a two-tranche placement of 40,000,000 shares at \$0.05 to raise \$2 million (before costs), with a free attaching option on a 1-for-2 basis, at a strike price of \$0.10 with a 3-year term ('Attaching Option'). This placement will be completed in two-tranches, with 24,000,000 shares issued under the Company's placement capacity pursuant to ASX Listing Rule 7.1 and 7.1A, the balance of 16,000,000 shares and the Attaching Options to be issued following the receipt of shareholder approval at the Company's 15 February 2024 General Meeting.

WEELARRANA PROJECT

Channel Iron Mineralisation Extended at Weelarrana

During the financial period, Pantera announced the receipt of iron assays and 37 rock chip samples from the Central and Northern Channel Iron ('CID') occurrences completed in late June 2023 at the Weelarrana Project, located 80km south of Newman in the Collier Basin of Western Australia.

Central CID Results

Follow up field mapping and rock chip sampling of the Central CID on E 52/3878 in late June 2023 extended the area of sub-cropping channel iron mineralisation a further 300m to the south-east and a further 100m to the east from the previously identified extent.^[5] Eight rock chip samples taken from this extended area ranged from 45.8% to 57.4% Fe.^[5]

Significantly, a small 250m x 300m sub-crop of channel iron mineralisation was identified 2,500m to the north-west with the area with area between the two sub-cropping areas devoid of outcrop. Three rock chip samples taken from this area ranged from 52.7% to 58.6% Fe.^[5]

Northern CID

At the Northern CID on E 52/4046, five discrete outcrops of channel iron mineralisation have been identified over a strike length of 4,500m. The outcrops vary in dimensions from 650m x 450m to 170m x 140m, with the outcrops rising to approximately 5m above the surrounding sand plain.

A total of 21 rock chip samples were taken with grades ranging from 47.0% Fe to 58.4% Fe,^[5] and iron grades appears to increase towards the south-east. The channel iron mineralisation consists of fine-grained, well-rounded hematite pisolites within a vitreous goethite matrix with common hematitic relict wood fragments.

FREDERICK PROJECT

During the reporting period, Pantera undertook a thorough geological prospectivity review of the Frederick Project using an external geological consultant. The aim of the review was to determine if the Frederick Project had the potential to host economic mineralisation. Based on this review the Company made the decision to relinquish the Frederick Project tenement, E09/2469 in September 2023. The capitalised expenditure in relation to this project was written off in the 30 June 2023 financial year.

CORPORATE

The loss for the Group for the half-year after providing for income tax amounted to \$570,517 (31 December 2022: \$752,688). As at 31 December 2023, the Group had cash and cash equivalents of \$1,879,803 (30 Jun 2023: \$1,803,487).

During the half-year the Group raised \$2 million via a two-tranche placement in order to secure a \$2 million convertible note facility into Daytona Lithium Pty Ltd, providing the group with a 35% project interest in their lithium brine project.

A further \$1.2 million has been raised via a two-tranche placement as part of the 100% acquisition of Daytona Lithium Pty Ltd, announced on 11 December 2023. The second tranche will be raised subsequent to the end of the financial half-year.

Matters subsequent to the end of the financial half-year

Acquisition of Daytona Lithium Pty Ltd

On 15 February 2024 the company held a General Meeting, whereby shareholders' approved, the acquisition of 100% of Daytona Lithium Pty Ltd. The details of the consideration are:

- Initial consideration at settlement is 106,400,000 Pantera shares issued at \$0.06 and in escrow for 12 months. Initial consideration shares to be reduced by any amount owing to 2CP and any loan and convertible note interest still owing at settlement.
- Deferred consideration shares to be issued to upon satisfaction of the following milestones:
 - (i) 6,535,200 shares at \$0.06 upon the Superbird Lithium Project consisting of leased acreage totalling more than 20,000 (net) leased brine acres within 12 months
 - (ii) 6,535,200 shares at \$0.06 upon the Superbird Lithium Project achieving a JORC compliant Mineral Resource of a minimum of 1 million tonnes of lithium carbonate equivalent within 12 months
 - (iii) 6,535,200 shares at \$0.06 upon the Superbird Lithium Project achieving a JORC compliant Mineral Resource of a minimum of 5 million tonnes of lithium carbonate equivalent within 24 months

As part of the acquisition, the second tranche of a two-tranche placement to raise a total of \$2 million was completed on the 27th of February. The placement included the issue of 16,000,000 shares at a price of \$0.05 to professional and sophisticated investors. The Company will issue the free attaching option on a 1-for-two basis at a strike price of \$0.10 with a 3 year term upon the lodgement of a prospectus.

The Group has also agreed to issue their Lead Manager, PAC Partners Securities Pty Ltd, 9,000,000 options with an exercise price of \$0.25, expiring on 1 May 2026. This was approved at the General Meeting in part consideration for acting as lead manager.

No other matter or circumstance has arisen since 31 December 2023 that has significantly affected, or may significantly affect the Group's operations, the results of those operations, or the Group's state of affairs in future financial years.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the Corporations Act 2001 is set out immediately after this Directors' report.

Note 1. Significant accounting policies

These general purpose financial statements for the interim half-year reporting period ended 31 December 2023 have been prepared in accordance with Australian Accounting Standard AASB 134 'Interim Financial Reporting' and the Corporations Act 2001, as appropriate for for-profit oriented entities. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 'Interim Financial Reporting'.

These general purpose financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these financial statements are to be read in conjunction with the annual report for the year ended 30 June 2023 and any public announcements made by the Company during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period, unless otherwise stated.

New or amended Accounting Standards and Interpretations adopted

The Group has adopted all of the new or amended Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new or amended Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

Going concern

The half-year financial report has been prepared on the going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and the settlement of liabilities in the ordinary course of the business.

The Group has incurred a net loss after tax for the period ended 31 December 2023 of \$570,517 (31 December 2022: \$752,688) and had net cash inflows from operating, investing and financing activities of \$76,316 (31 December 2022: outflows \$1,587,307). As at 31 December 2023 the Group had a working capital surplus of \$4,250,903 (30 June 2023: \$2,378,723) and cash and cash equivalents of \$1,879,803 (30 Jun 2023: \$1,803,487).

Whilst not immediately required, the Group may need to raise additional funds to meet its planned and budgeted exploration expenditure as well as regular corporate overheads.

The Group's capacity to raise additional funds will be impacted by the success of the ongoing exploration activities and market conditions. Additional sources of funding available to the Group include a capital raising via preferential issues to existing shareholders or placements to new and existing investors. If necessary, the Group can delay exploration expenditure and the directors can also institute cost saving measures to further reduce corporate and administrative costs.

However, should the above planned activities to raise or conserve capital not be successful, there exists a material uncertainty surrounding the Group's ability to continue as a going concern and, therefore, realise its assets and dispose of its liabilities in the ordinary course of business and at the amounts stated in the financial report.

Note 2. General information

The financial statements cover Pantera Minerals Limited as a Group consisting of Pantera Minerals Limited and the entities it controlled at the end of, or during, the period. The financial statements are presented in Australian dollars, which is Pantera Minerals Limited's functional and presentation currency.

A description of the nature of the Group's operations and its principal activities are included in the Director's report, which is not part of the financial statements.

The financial statements were authorised for issue, in accordance with a resolution of Directors, on 27 February 2024. The Directors have the power to amend and reissue the financial statements.

Note 3. Operating segments

Identification of reportable operating segments

The Group has identified its operating segments on the internal reports that are reviewed and used by the Board of Directors (chief operating decision makers) in assessing performance and determining the allocation of resources.

Note 3. Operating segments (continued)

The Group currently operates in one operating segment being mineral exploration and evaluation in Australia.

Reportable segments disclosed are based on aggregating leases where the evaluation and exploration interests are considered to form a single project. This is indicated by:

- having the same ownership structure; and
- exploration programs targeting the leases as a group, indicated by the use of the same exploration team, shared geological data and knowledge across the leases.

Unless otherwise stated, all amounts reported to the Board of Directors as the chief operating decision makers are determined in accordance with AASB 8 Operating Segments.

The convertible notes will be convertible into fully paid ordinary shares in Daytona at a conversion price of \$11,000 per share.

Given an acquisition agreement has been entered into subsequent to the end of the half-year, with Pantera purchasing 100% of Daytona, it is expected that the convertible note and secured loan are considered low credit risk and no loss allowance is to be recognised as at 31 December 2023.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of Pantera Minerals Limited

Report on the Condensed Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Pantera Minerals Limited ("the Company") and its controlled entities ("the Group"), which comprises the condensed consolidated statement of financial position as at 31 December 2023, the condensed consolidated statement of profit or loss and other comprehensive income, the condensed consolidated statement of changes in equity and the condensed consolidated statement of cash flows for the half-year ended on that date, selected explanatory notes, and the directors' declaration, for the Group comprising the Company and the entities it controlled at the half-year end or from time to time during the half-year.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Pantera Minerals Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Group's financial position as at 31 December 2023 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibilities for the review of the financial report* section of our report. We are independent of the company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Material Uncertainty Related to Going Concern

We draw attention to Note 1 in the financial report, which indicates that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

Responsibility of the Directors for the Financial Report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibility for the Review of the Financial Report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2023 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
