

PODIUM LAUNCHES A\$12.0 MILLION CAPITAL RAISING TO ADVANCE PARKS REEF PROJECT

Podium Minerals Limited (ASX: POD) (**Podium** or the **Company**) is pleased to announce that it is undertaking a A\$12.0 million capital raising by way of A\$5.0 million institutional share placement (**Placement**) and A\$7.0 million entitlement offer (**Entitlement Offer**) (together, the **Offer**) to advance the Parks Reef Project.

The capital raising occurs at a pivotal point in Podium's development and will allow the Company to accelerate value accretive activities on a number of important fronts.

The Placement was narrowly targeted with firm commitments received to raise A\$5.0 million via the issue of ~78.1 million new fully paid ordinary shares in the Company (**Placement Shares**) at an issue price of 6.4 cents per share (**Offer Price**). The Placement Shares will be issued within the Company's existing placement capacity pursuant to ASX Listing Rule 7.1A. The Placement is scheduled to settle before the Record Date of the Entitlement Offer. The Entitlement Offer is to be conducted as a pro-rata non-renounceable offer to eligible shareholders on the basis of one (1) fully paid ordinary share in the Company (**New Share**) for every eight (8) fully paid ordinary shares held at the Record Date. The Entitlement Offer will be conducted at the Offer Price to raise approximately A\$7.0 million via the issue of ~109.7 million New Shares.

Leeuwin Wealth Pty Ltd (**Leeuwin Wealth**) and Cumulus Wealth Pty Ltd (**Cumulus Wealth**) (together, **Joint Lead Managers**) are acting as Joint Lead Managers to the Offer. Leeuwin Wealth intends to fully underwrite the Entitlement Offer, subject to the execution of an Underwriting Agreement prior to the lodgement of the Entitlement Offer booklet.

SUMMARY

- Firm commitments in place for narrowly targeted institutional Placement to raise A\$5.0 million.
- 1-for-8 pro-rata non-renounceable Entitlement Offer to raise approximately A\$7.0 million, intended to be fully underwritten by Leeuwin Wealth at lodgement of Offer Booklet.
- The Offer is being undertaken at an Offer Price of 6.4 cents per share, representing a 5.2% discount to the 5-day VWAP, 12.9% discount to TERP and a 3.0% premium to 15-day VWAP.
- Leeuwin Wealth and Cumulus Wealth have been appointed as Joint Lead Managers to the Offer.
- Funds raised to be committed to:
 - Parks Reef drilling program to provide:
 - diamond core material for pilot plant test work.
 - informational continuity below the Parks Reef Resource and the three previously drilled high-grade intersections at ~500m of depth.
 - Pilot plant construction and extensive test work program, generating operating and product data for development modelling to accelerate feasibility studies.
 - Restate the JORC Mineral Resource Estimate for the Range Well Nickel Project.
 - Corporate and business development, general working capital and costs of the Offer.

Podium's Executive Chairman, Rod Baxter commented:

"Podium's recent unveiling of a new concentrator circuit marks an important metallurgical breakthrough for Parks Reef. The flowsheet represents a step-change for the Company, potentially unlocking strategic development pathways across the mineralised zones at Parks Reef, and presenting a wealth of new opportunities for our business. The successful completion of our capital raising will provide funds to advance to an exciting new phase as we scale up operations to pilot testing and accelerate the development of the Parks Reef PGM Project.

The concentrator breakthrough adds to several important milestones delivered this year. These include the successful acquisition of the Range Well Nickel Project, joining the prestigious World Platinum Investment Council (WPIC) alongside leading global PGM producers, and establishing a new mineral resource estimate for the substantial Copper-Gold Zone situated directly above the existing PGM Zone. The Copper-Gold Zone significantly increases the scale and optionality of the Parks Reef Project, further adding to Podium's Basket of 8 metals. Together, these achievements set the stage for Podium to enter an exciting new phase of growth and value creation.

Our innovative concentrator flowsheet has delivered outstanding results during lab-scale testing. The test work achieved an impressive ~80% recovery, yielding two high-grade PGM concentrates. Collectively, these concentrates deliver a notional combined grade of 82g/t 3E, representing an impressive 50x upgrade ratio, underscoring the step-change nature of the circuit.

Funds raised from the Offer will enable Podium to construct and undertake an extensive pilot plant test work program. This next step will allow us to validate the flowsheet at a larger scale, optimise performance and operating conditions, and assess effectiveness across a variety of feed material sourced through a focussed diamond drilling campaign at Parks Reef. Pilot scale testing is an essential progression for the project, providing us with the opportunity to de-risk development by confirming repeatability and robustness of the process. Moreover, operational and product data generated will be instrumental in accelerating our pathway towards feasibility studies.

In addition, a portion of the funds raised will be allocated to testing Parks Reef's other mineralised zones, as well as restating the MRE for the Range Well Nickel Project. Our program also encompasses selected deeper diamond drilling aimed at improving our understanding of resource continuity beneath the existing Parks Reef MRE. These funds will underpin our broader corporate and strategic business development activities, reinforcing the Company's existing trajectory.

Our metallurgical achievement comes at a pivotal moment for the PGM sector, which is navigating tightening market conditions. Resilient demand coupled with constrained supply is reflected in a recent rebound in prices for the metals. Notably, platinum has recently risen above its highest price point in 11 years. The key PGMs are in their third consecutive year of deficit – a trend expected by industry commentators to continue. This backdrop enhances the outlook for continued momentum in PGM prices and provides a positive foundation for our ongoing development initiatives.

The next stage of the Parks Reef project will see Podium build on the significant achievements delivered throughout 2025, capitalising on the momentum generated by our recent concentrator breakthrough, favourable market conditions, and a wealth of emerging strategic opportunities. On behalf of the Board, I wish to express my gratitude to our loyal shareholders for their ongoing support and trust in our vision. We remain invigorated by the opportunities that lie ahead and are committed to advancing our Project, executing our strategic initiatives, and creating sustained value for our shareholders, employees, and partners."

USE OF FUNDS

Funds raised from the Offer will be used principally to continue the advancement of Podium's 100% owned Parks Reef PGM Project. More specifically, the Company intends to apply the proceeds received to fund:

- **Metallurgical drilling:** Parks Reef diamond drilling campaign targeting sulphide ore to provide diamond core material for the next phase pilot testing.
- **Concentrator pilot plant:** Concentrator pilot phase test work on sulphide ore feed for scale-up and process verification and optimisation, generating operational and product data for development models and downstream engagement.
- **Mineralised zones:** Lab-scale test programs targeting to unlock mineral pathways for other mineralised zones (e.g. high-grade hanging wall and footwall, Oxide Zone, Cu-Au Zone).
- **Deeper exploratory resource drilling:** New drilling (~5 diamond holes) to test Parks Reef at 300-350m of depth for informational continuity below the existing JORC MRE and the three previously drilled high-grade intersections at ~500m of depth. Aeromagnetic and down-hole trials for resource orientation.
- **Range Well:** Restate the Range Well Nickel Project JORC Mineral Resource.
- **Strategic business development:** Corporate and business development to unlock future value-add pathways and build business momentum.
- **Other:** general working capital and costs of the Offer.

PLACEMENT & ENTITLEMENT OFFER

Firm commitments received for the Placement to raise A\$5.0 million via the issue of approximately 78.1 million Placement Shares at the Offer Price. The Placement was narrowly targeted to institutions and will be conducted within the Company's existing placement capacity pursuant to ASX Listing Rule 7.1A.

The Placement is scheduled to settle before the Record Date of the Entitlement Offer.

The Offer Price of 6.4 cents per share represents a:

- 22.0% discount to Podium's last close of 8.2 cents per share at 26 September 2025;
- 5.2% discount to the 5-day volume weighted average price (**VWAP**) of 6.75 cents up to and including 26 September 2025;
- 3.0% premium to the 15-day VWAP of 6.22 cents up to and including 26 September 2025; and
- 12.9% discount to the theoretical ex-rights price (**TERP**) of 7.35 cents.

The Entitlement Offer will be open to all shareholders of the Company with a registered address in Australia, New Zealand and, subject to the restrictions set out in Appendix B, the United Kingdom (**Eligible Shareholders**) who hold shares as at 5.00 pm (AWST) on Tuesday, 7 October 2025 (**Record Date**) (**Entitlement**).

Eligible Shareholders will be entitled to apply for one (1) New Share in the Company for every eight (8) shares owned in the Entitlement Offer.

The Entitlement Offer is expected to open at 9.00am (AWST) on Friday, 10 October 2025 and to close at 5.00pm (AWST) on Tuesday, 21 October 2025. Please refer to the indicative timetable below for the key dates relating to the Entitlement Offer.

The Entitlement Offer is non-renounceable. This means that Podium shareholders who do not take up their Entitlement to participate in the Entitlement Offer will not be able to transfer or receive any value for those entitlements, and their equity interest in Podium will be diluted. Further details will be contained in the Offer Booklet to be dispatched in accordance with the below Indicative Timetable.

New Shares issued pursuant to the Entitlement Offer will rank equally with all Shares on issue. The Company will make an application to the ASX for official quotation of the New Shares. Eligible Shareholders can choose to take up all, part, or none of their Entitlement. The New Shares that are not taken up will form part of the shortfall (as noted below).

Eligible Shareholders who take up all of their rights under the Entitlement Offer will also be afforded the opportunity to apply for New Shares in excess of their Entitlement and to the extent there is any shortfall under the Entitlement Offer (**Shortfall Shares**). Shortfall Shares may be issued to Eligible Shareholders subject to the allocation policy outlined in the Offer Booklet. Subject to execution of an underwriting agreement with Leeuwin Wealth, any Shortfall Shares not taken up by Eligible Shareholders are intended to be acquired in accordance with the underwriting agreement.

Under the Entitlement Offer, the Company will issue a maximum of approximately 109,679,941 New Shares (subject to entitlement rounding). Further details of the Entitlement Offer will be contained in the Offer Booklet to be released to the market shortly. Eligible Shareholders should consider the Offer Booklet carefully before deciding whether to participate in the Entitlement Offer and consult with their professional advisors if they have any queries.

The Offer Booklet will be dispatched to Eligible Shareholders on or about Friday, 10 October 2025, along with personalised application forms. A copy of the Offer Booklet will also be available from ASX's website at www.asx.com.au and the Company's website at www.podiumminerals.com.

Podium encourages shareholders to receive all communications electronically. Receiving communications electronically gives you fast, secure access to important communications and reduces the environmental impact of printing and posting. UNDERWRITING

The Entitlement Offer is to be fully underwritten by Leeuwin Wealth, subject to the execution of a formal underwriting agreement prior to despatch of the Offer Booklet. The material terms of any underwriting agreement will be included in the Offer Booklet, though the Company anticipates the terms will be substantially the same as the previous underwriting agreement with Leeuwin Wealth (refer to ASX announcement of 28 May 2025).

Leeuwin Wealth and Cumulus Wealth are entitled to an equal share of a 4.0% underwriting/selling fee and 2.0% management fee of the gross proceeds of the Offer, and in the event the Offer successfully raises A\$12 million, Leeuwin and Cumulus Wealth will also receive 20 million existing PODOA options, exercisable at A\$0.06 and expiring 22 December 2026.
