Industry Training

- Revenue is directly impacted by availability of State funding, which is unpredictable:
 - FY24 revenue + 50% on pcip
 - 1H25 revenue + 2% on pcip
 - FY25 revenue -28% on pcip
- Southern Solutions is heavily dependent on Smart & Skilled funding contract with NSW which is currently under threat with no certainty of renewal
- Since acquisition in November 2022, the industry training team has evolved to be highly skilled and proficient but industry headwinds and funding dynamics are proving challenging to overcome
- Unlike our school-facing operations that leverage a scalable tech platform, Southern Solutions' industry trainers are funded by Southern Solutions which exposes the business to diseconomies of scale during periods of funding contraction
- The Board is initiating a review of the industry training business
