Important notices

You must read the following notices before reading or making any use of this document or any information contained in this document. By continuing to read, use or otherwise act on this document, you agree to be bound by the following terms and conditions, including any modifications to them.

This presentation (Presentation) has been prepared by Renegade Exploration Limited (Renegade) based on information available to it from them and third party sources as at 24 June 2021. This document is provided for informational purposes only and does not constitute or contain an offer, invitation, solicitation or recommendation with respect to the purchase or sale of any security in Renegade. This document is not a prospectus, product disclosure statement or other offering document under Australian law or any other law, will not be lodged with the Australian Securities and Investments Commission, and may not be relied upon by any person in connection with an offer or sale of Renegade securities. The release, publication or distribution of this document (including an electronic copy) outside Australia may be restricted by law. If you come into possession of this document, you should observe such restrictions and should seek your own advice on such restrictions. Any non-compliance with these restrictions may contravene applicable securities laws. By retaining this document, you (the Recipient) acknowledge and represent to Renegade that you have read, understood and accepted the terms of this Important Notice.

Disclaimer

The information in this document is general in nature and does not purport to contain all the information that a prospective investor may require in evaluating a possible investment in Renegade or that would be required in a prospectus or a product disclosure statement prepared in accordance with the Corporations Act 2001 (Cth) or the securities laws of any other jurisdiction. You should not treat the contents of this document, or any information provided in connection with it, as financial product, investment advice or any other type of recommendation or advice in relation to Renegade securities. Each recipient of this document should make their own enquiries and investigations regarding all information in this document, including, but not limited to, the assumptions, uncertainties and contingencies which may affect the future operations of Renegade and the impact that different future outcomes may have on Renegade.

No representation or warranty is made by Renegade or any of its advisers, agents or employees as to the accuracy, completeness or reasonableness of the information in this document or provided in connection with it. No information contained in this document or any other written or oral communication in connection with it is, or shall be relied upon as, a promise or representation and no representation or warranty is made as to the accuracy or attainability of any estimates, forecasts or projections set out in this document. No liability will attach to Renegade, with respect to any such information, estimates, forecasts or projections.

To the maximum extent permitted by law, Renegade does not accept responsibility or liability for any loss or damage suffered or incurred by you or any other person or entity however caused (including, without limitation, negligence) relating in any way to this document including, without limitation, the information contained in or provided in connection with it, any errors or omissions from it however caused (including without limitation, where caused by third parties), lack of accuracy, completeness, currency or reliability or you, or any other person or entity, placing any reliance on this document, its accuracy, completeness, currency or reliability. Renegade does not accept any responsibility to inform you of any matter arising or coming to Renegade's notice after the date of this document which may affect any matter referred to in, or information included in, this document. Any liability of Renegade, their advisers, agents and employees to you or to any other person or entity arising out of this document including pursuant to the Australian Securities and Investments Commission Act 2001 (Cth), Corporations Act 2001 (Cth), the Competition and Consumer Act 2010 (Cth) or any corresponding provision of any state or territory legislation, or similar provision under any applicable law is, to the maximum extent permitted by law, expressly disclaimed and excluded.

Future matters

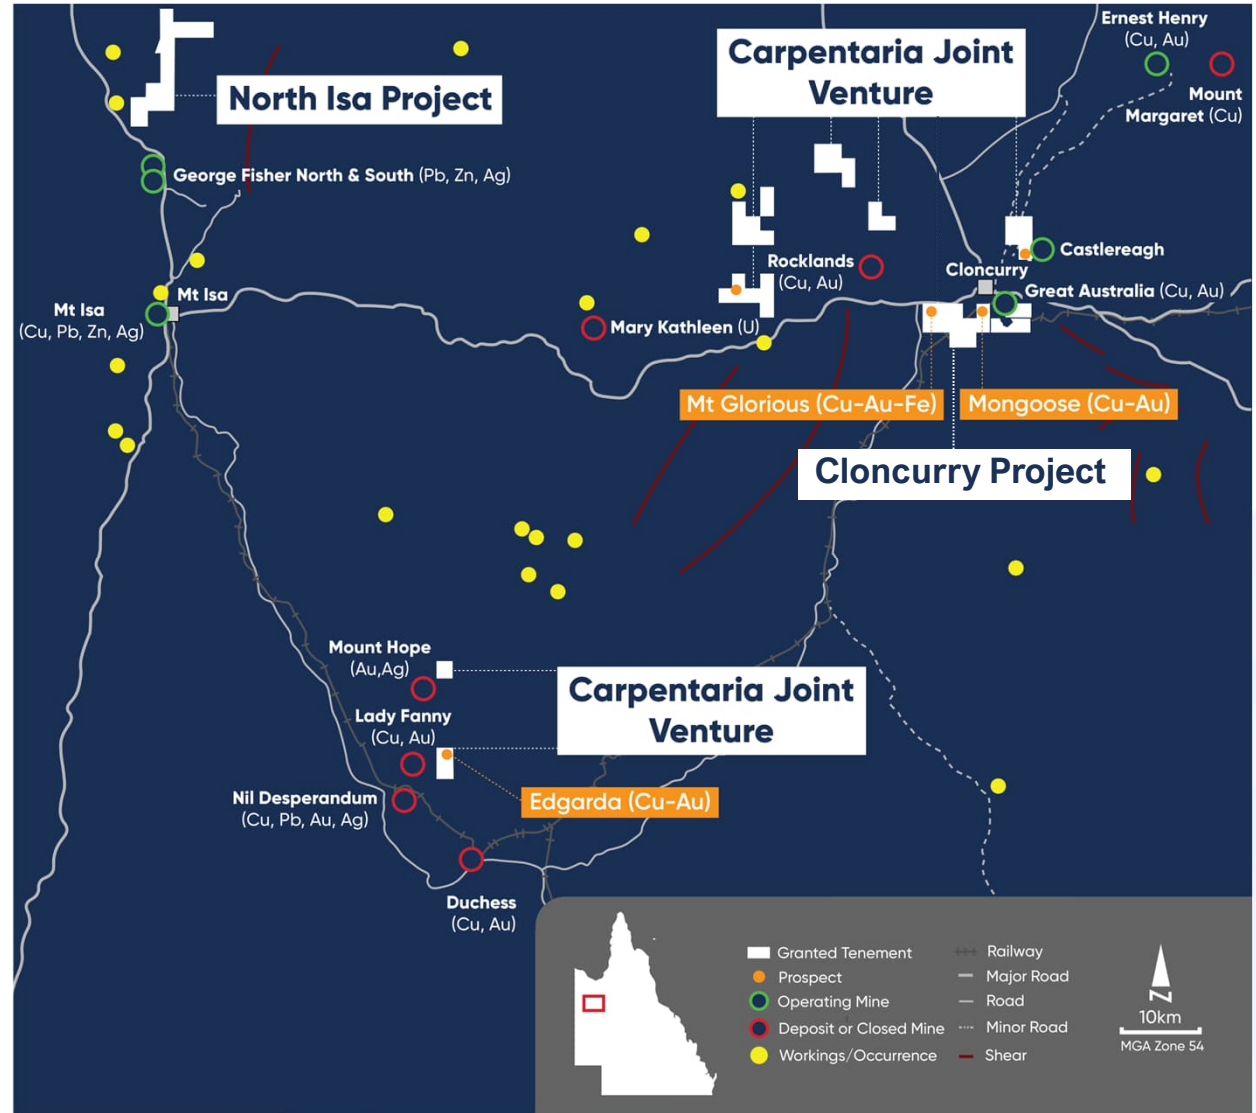

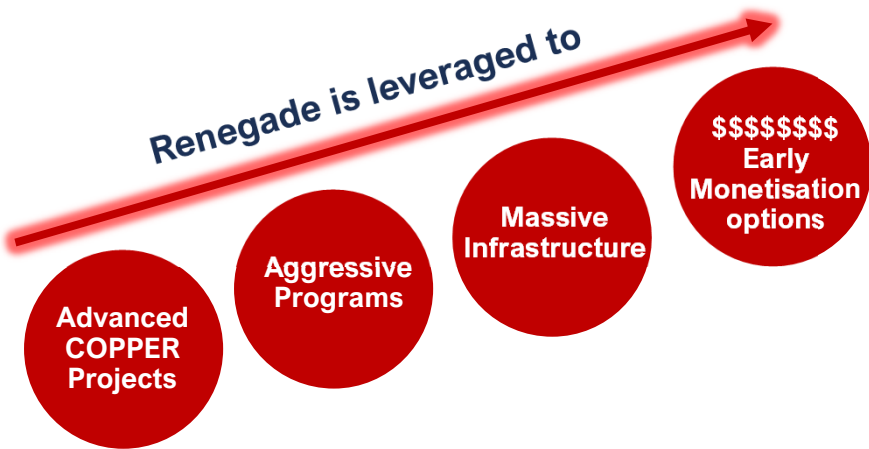

This document contains information relating to certain intentions, expectations, future plans, strategy and prospects of Renegade. Those intentions, expectations, future plans, strategy and prospects may or may not be achieved. They are based on certain assumptions, which may not be met or on which views may differ and may be affected by known and unknown risks. The performance and operations of Renegade may be influenced by a number of factors, many of which are outside the control of Renegade. No representation or warranty, express or implied, is made by Renegade, or any of its directors, officers, employees, advisers or agents that any intentions, expectations or plans will be achieved either totally or partially or that any particular rate of return will be achieved. Given the risks and uncertainties that may cause Renegade's actual future results, performance or achievements to be materially different from those expected, planned or intended, Recipients should not place undue reliance on these intentions, expectations, future plans, strategy and prospects. Renegade does not warrant or represent that the actual results, performance or achievements will be as expected, planned or intended.

Release of this document has been authorized by Mr Robert Kirtlan, Renegade's Chairman.

Mt Isa-Cloncurry Region?

Follow the Copper!

Home to two major world class mines and numerous tier two and three mines yet it remains underexplored!

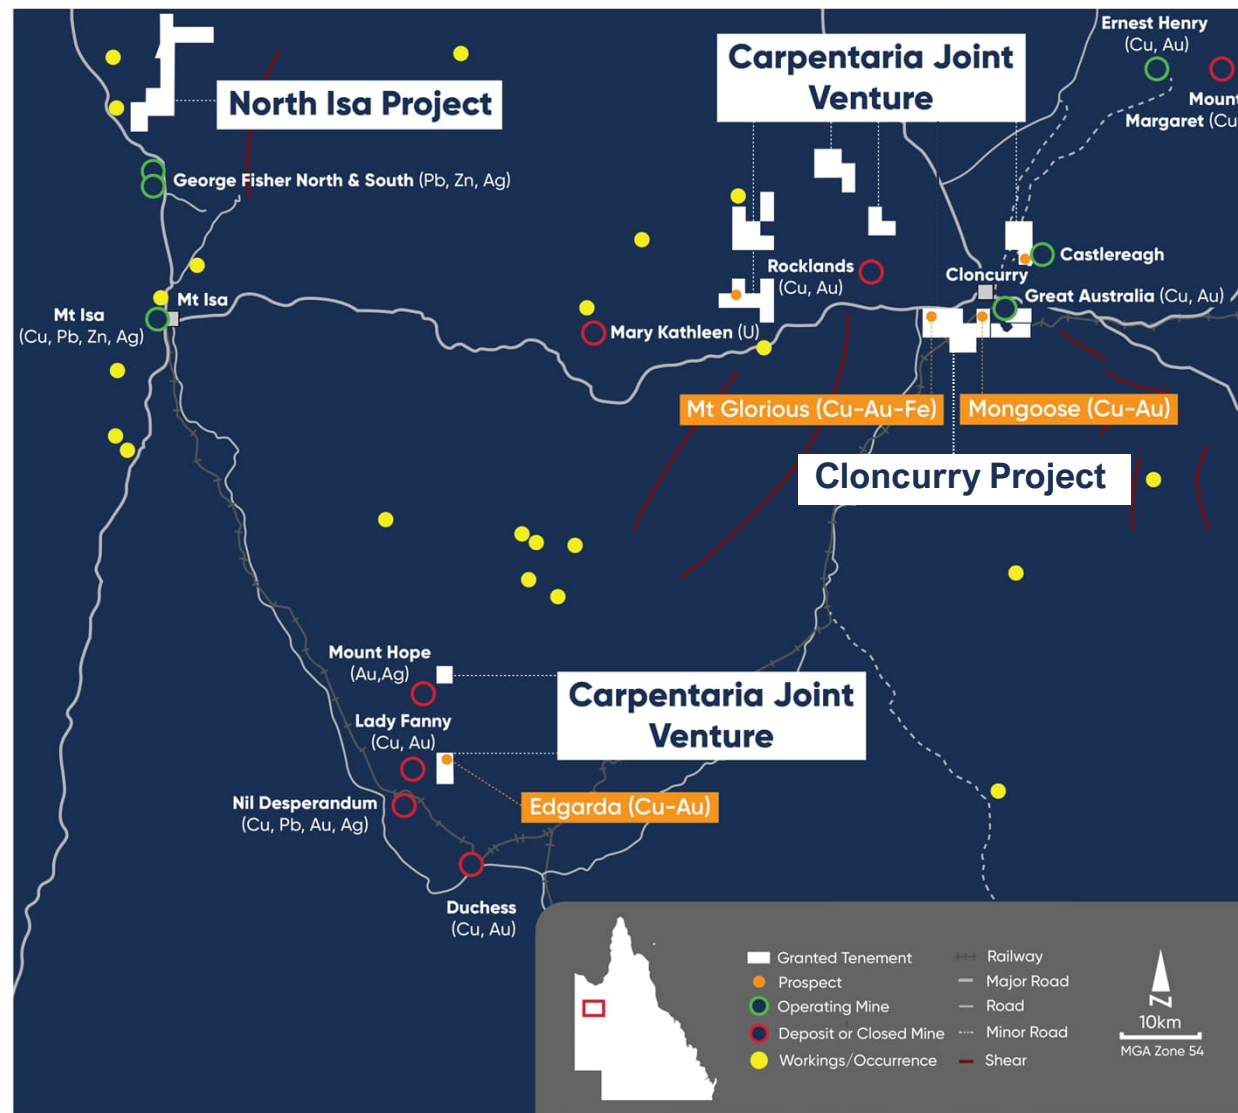

Mt Isa-Cloncurry Region?

Critical Minerals

CJV holds other assets:

- Advanced graphite prospect
- Advanced Uranium REE prospect
- Advanced copper prospect north of Mt Hope

Cloncurry Project

(RNX 28% interest – Glencore 72%)

Cloncurry Project (EPM8588)¹

- Excised from the CJV and under Renegade control and operatorship
- First two drill programs complete
- Pipeline of prospects being developed

Earn Back Terms:

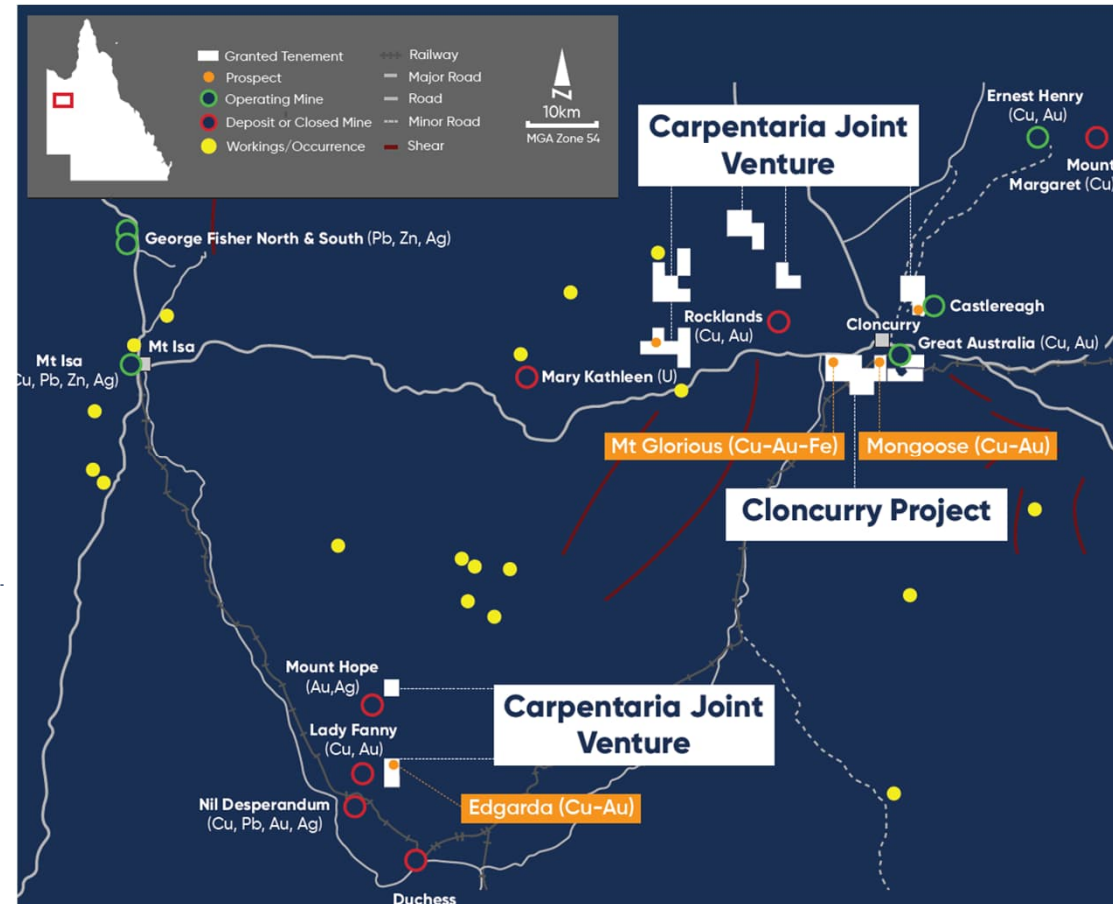

- RNX spend \$200k for each 1% to dilute Glencore
- Currently ~ 27%, targeting 51% +
- Glencore retain matching marketing rights and a claw back clause in the event of a major discovery

Mongoose Prospect

- Two drill programs complete
- Excellent results
- Opportunity for early development

Mt Glorious Prospect

- Extremely advanced prospect complemented with recent field work
- First drilling October 2023

Mongoose Prospect (Cloncurry Project)

On strike from neighbouring Great Australian Mine and Taipan Deposit.

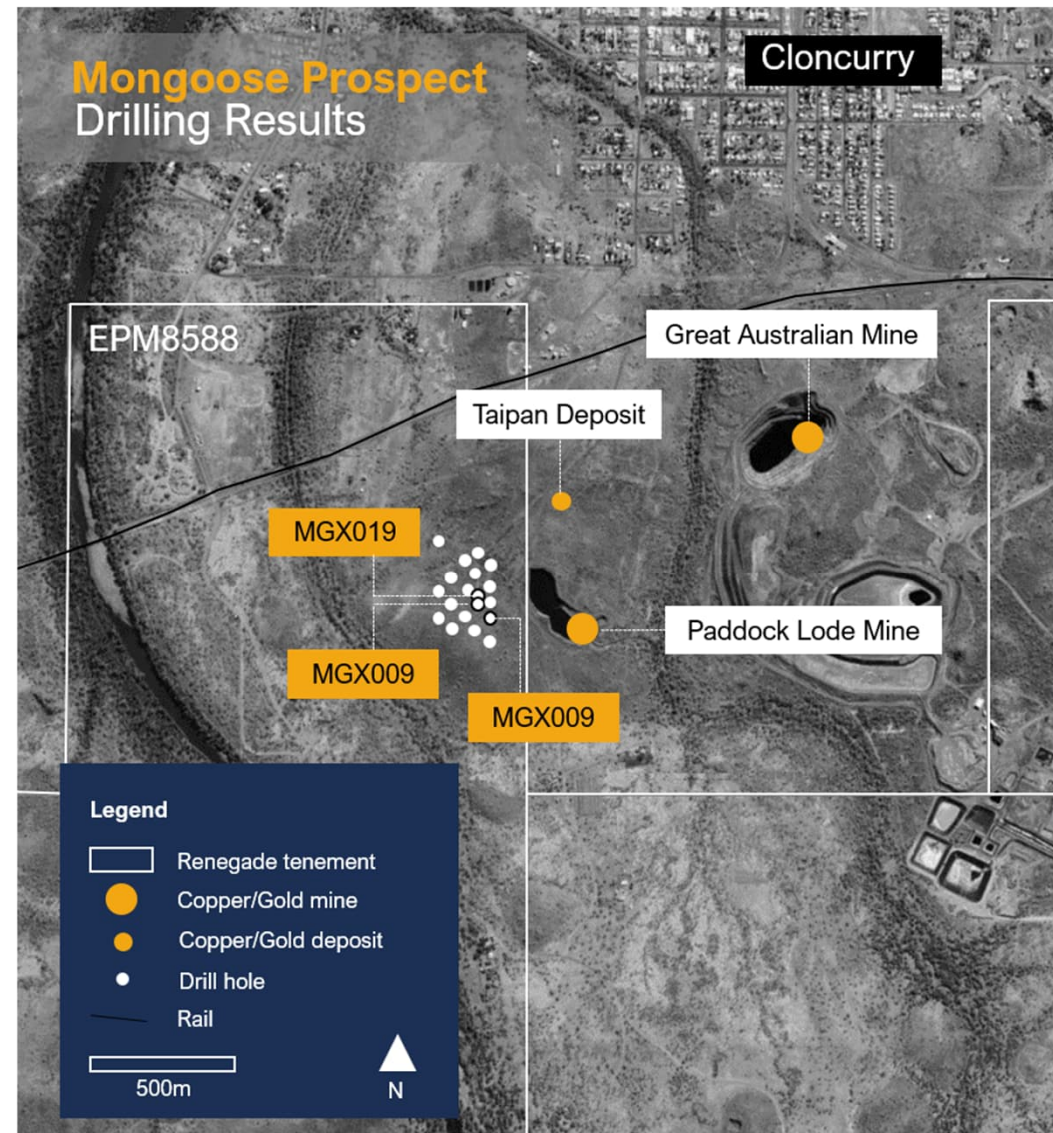

Outstanding historical results¹

MGX009 16m @ 4.20% Cu and 0.43 g/t Au from 3m

MGX019 12m @ 1.18% Cu and 0.24 g/t Au from 20m

MGX002 17m @ 1.41% Cu and 0.29 g/t Au from 173
incl 4m @ 4.07% Cu and 0.90 g/t Au from 180m

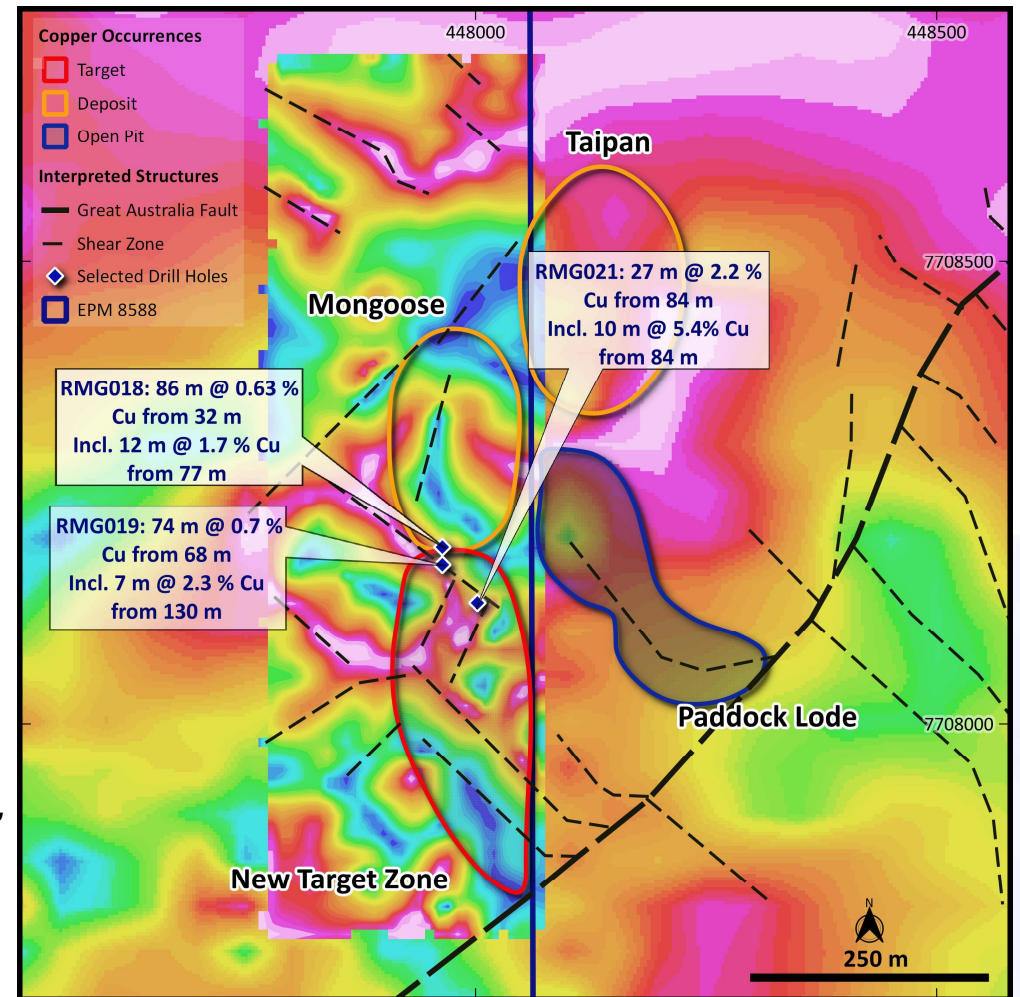

Permit EPM8588 has **numerous other targets** to follow up including Mt Glorious which presents as the next immediate drill ready target

Mongoose Prospect (Cloncurry Project)

Stunning sulphide hits, Excellent oxide results^{1 2}

- RMG021:** 27m @ 2.2 % Cu, 0.35 g/t Au, 273 ppm Co from 84 m; including;
 10m @ 5.4 % Cu, 0.88 g/t Au from 84 m;
 including 1m @ 25.60 % Cu, 2.13 g/t Au from 90m,
 including 1m @ 14.05 % Cu, 1.98 g/t Au from 91m
- RMG019:** 74m @ 0.70 % Cu, 0.19 g/t Au from 68 m including;
 5m @ 1.9 % Cu, 1.01 g/t Au, from 68 m; and
 27m @ 1.1 % Cu, 0.26 g/t Au, from 115 m including;
 7m @ 2.3 % Cu, 0.54 g/t Au, from 130 m
- RMG018:** 86m @ 0.63 % Cu, 0.13 g/t AU, 149 ppm Co, from 32m including,
 10m @ 1.1 % Cu, 0.13 g/t Au, from 32 m; and,
 12m @ 1.7 % Cu, 0.38 % Cu, from 77 m
- RMG032:** 42m @ 0.79 % Cu, 0.17 g/t Au from 96m including;
 25m @ 1.1 % Cu, 0.26 g/t Au from 113m; including
 8m @ 2.3 % Cu, 0.6 g/t Au from 113m

Plan view of holes recently drilled

Mongoose Prospect (Cloncurry Project)

Two drilling programs completed so far in 2023

- Drilled first 2,000m RC program in March 2023
- Encountered wide-spread surface oxidized zones and large massive copper sulphide zones from average 50m¹
- Same zone appears to be present in holes RMG009, 0011, 015, 018 and 019
- Drilled follow up ~1,600m program mid-May 2023 and intercepted sulphide zone in RMG032 and deeper zone in RMG018²
- **Monetisation pathways** for Mongoose resource in progress
- Further work planned for the greater Mongoose area

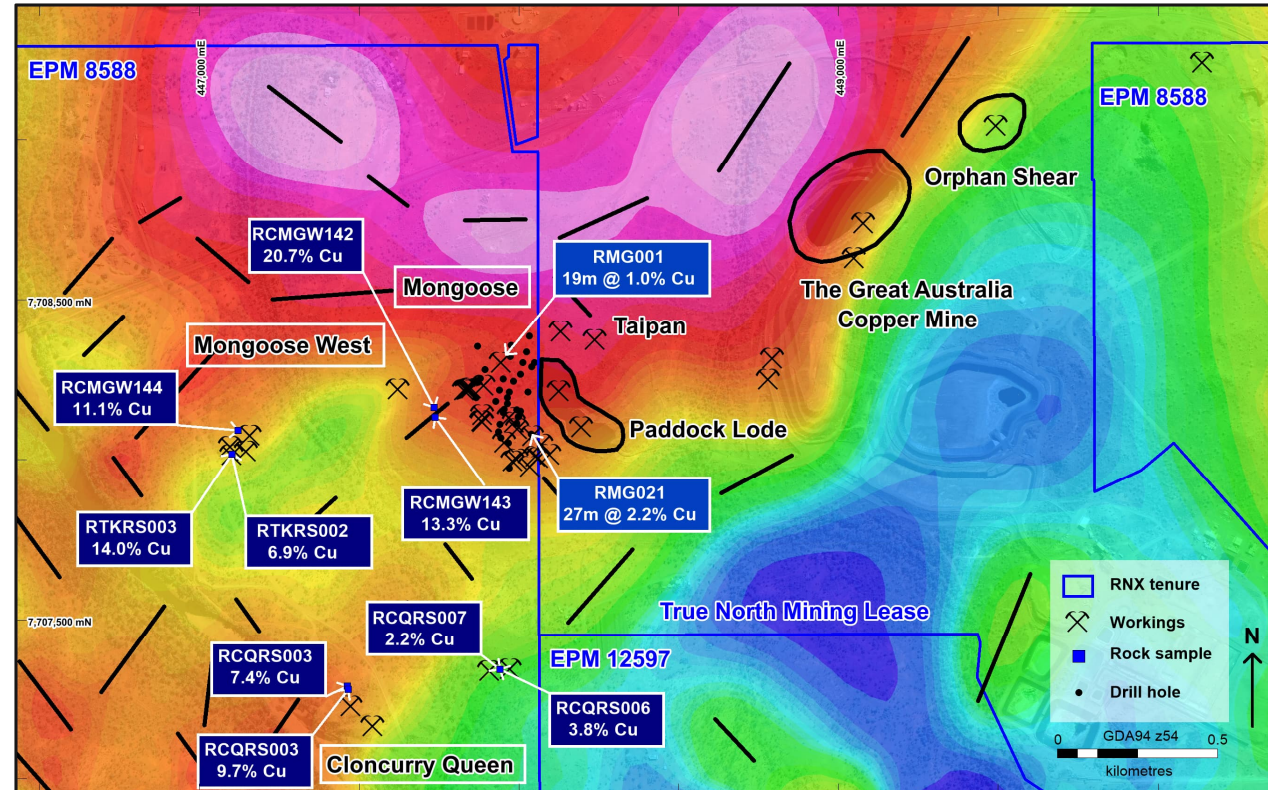

Plan view of historical holes and holes recently drilled

Mongoose West Prospect (Cloncurry Project)

High grade copper zone west of Mongoose¹

- Large surface zones of copper mineralisation identified west of Mongoose prospect, with rock chips returning;
 - **RCMGW142** 20.7% Cu & 1.96g/t Au
 - **RCMGW143** 13.3% Cu & 0.68g/t Au
 - **RCMGW144** 11.1% Cu & 1.97g/t Au
 - **RTKRS002** 6.9% Cu & 2.08g/t Au
 - **RTKRS003** 14.0% Cu & 2.20g/t Au
 - **RTKRS004** 4.2% Cu & 1.05g/t Au
- Cloncurry Queen identified as a new target south of Mongoose corridor of mineralisation.
- IP geophysics currently being booked.
- Prospect areas are completely undrilled.

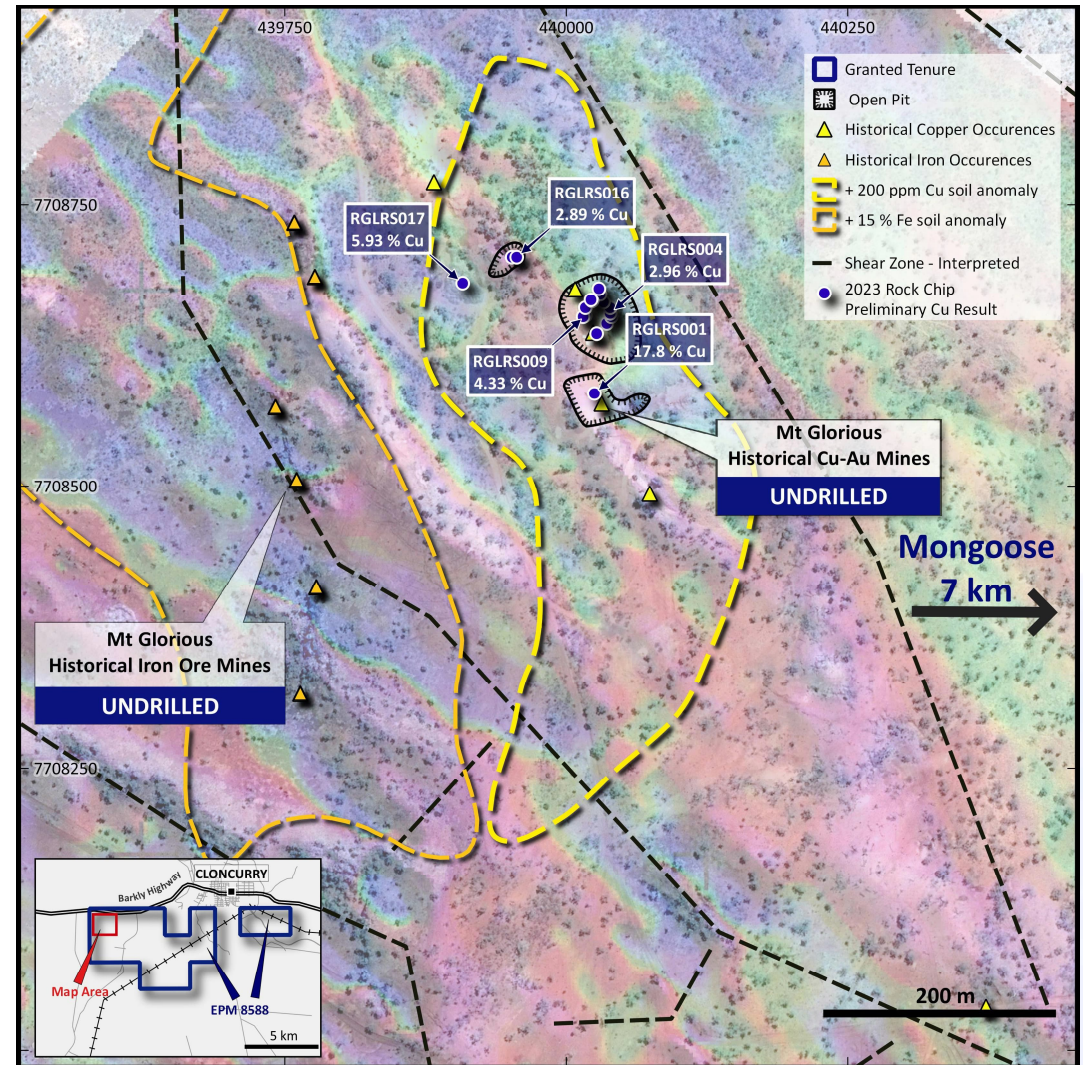

Mongoose West and Cloncurry Queen prospect locations.

Mt Glorious Prospect (Cloncurry Project)

A new immediate drill ready target

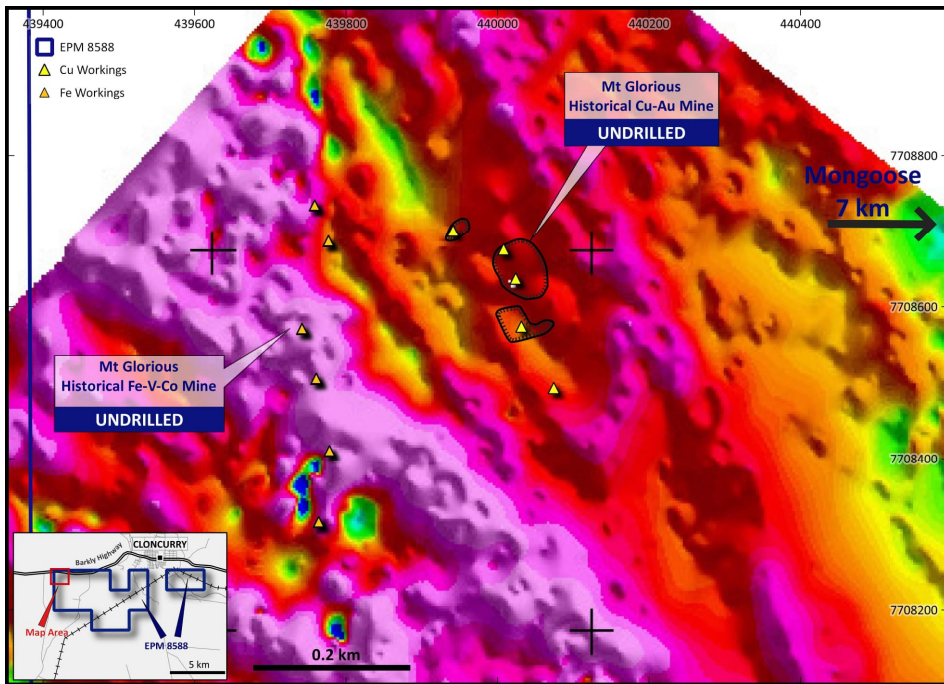

- Historical mining ceased around 2013-15
- Three pits on strike from other mined deposits, current mapped strike is +500m, potential 1Km
- Rock chip sampling of pits generates high grade copper and gold¹
 - MGLRS001 **17.8% Cu, 0.28gm/t Au**
 - MGLRS004 **2.96% Cu**
 - MGLRS009 **4.33% Cu, 0.14gm/t Au**
 - MGLRS016 **2.89% Cu, 14.35gm/t Au**
 - MGLRS017 **5.93% Cu**
- Substantial soil sampling program completed for copper, gold, iron and cobalt
- Iron ore mines are of interest and being tested
- Drilled October 2023, await results

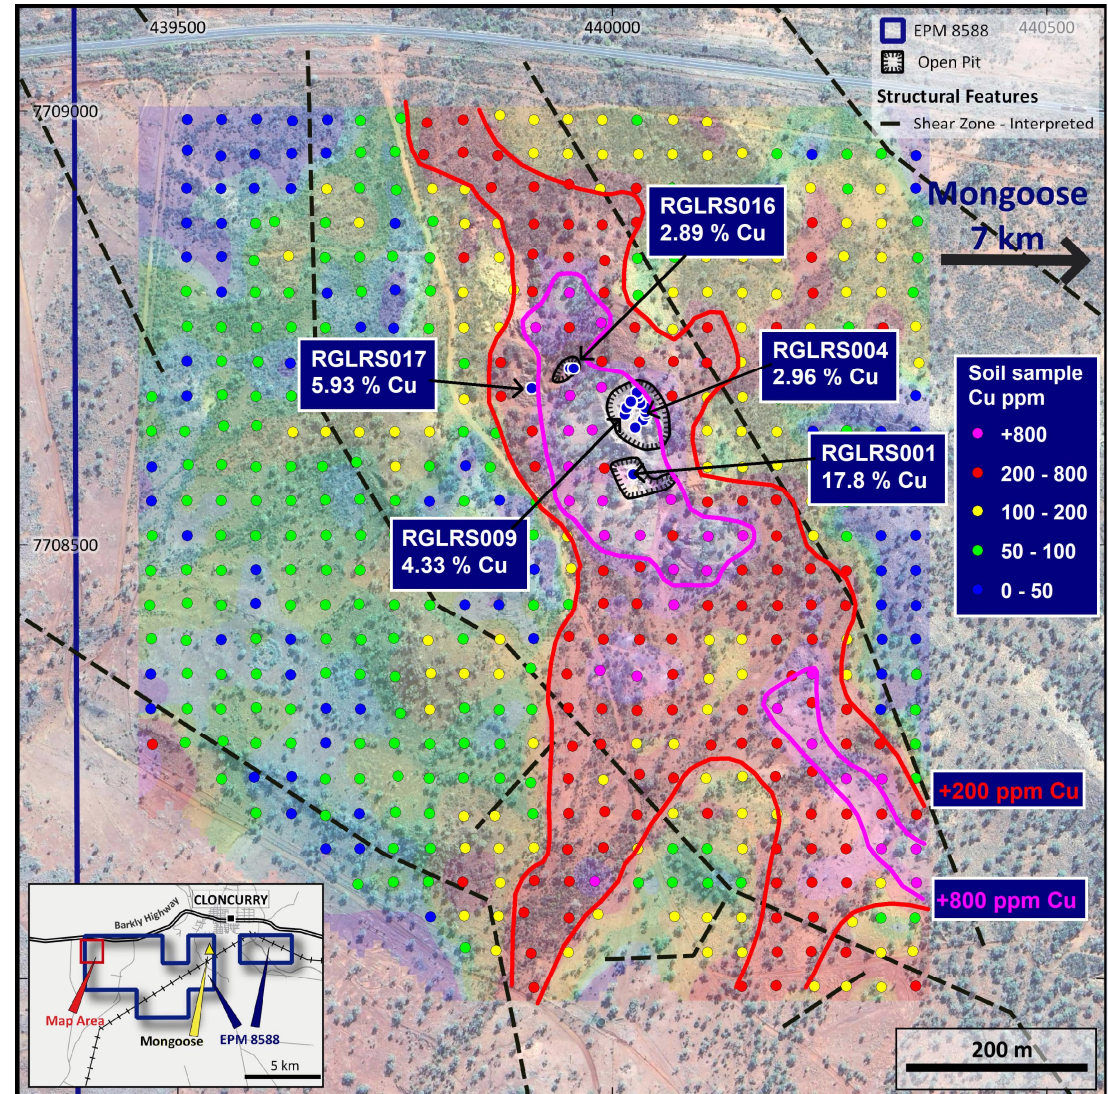

Mt Glorious and other historic mining operations including recent rock chip results

Mt Glorious Prospect (Cloncurry Project)

Soils, magnetics and field mapping are suggesting an exciting target within a 5km corridor of copper mineralisation.

Mt Glorious magnetics

Mt Glorious soils, pits and interpreted structures

¹Refer ASX Release dated 27 July 2023; Superb soils from Mt Glorious

North Isa Project (75%)

10km north of George Fisher

01 Lady Agnes Mine

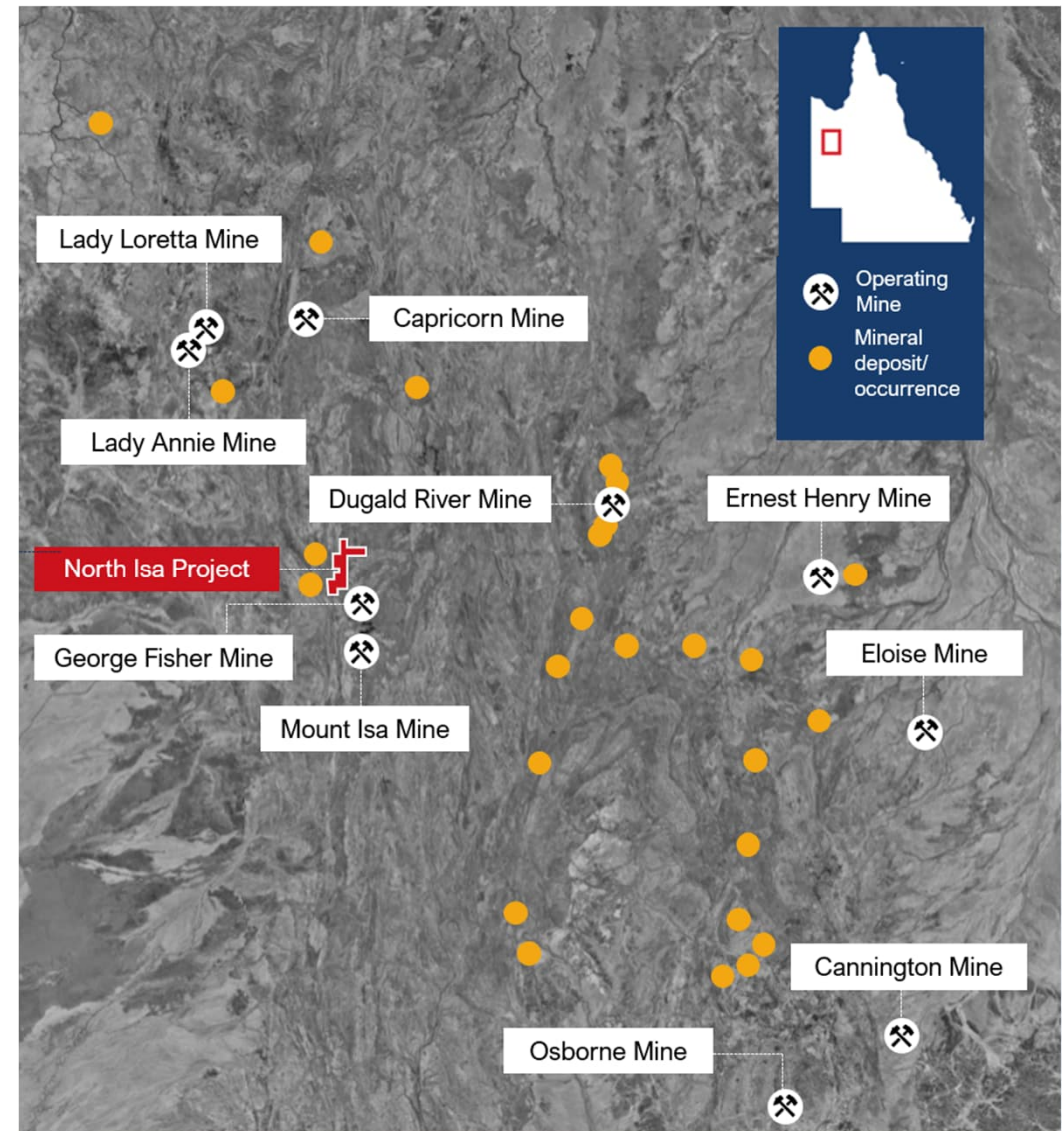

- Potential for oxide and deeper sulphide target driven by prior IP work and interpretation of data
- First pass drilling done and proving the model
- Assays very positive and leading to next drill program

02 Tulloch prospect

- The classic “Horse’s Head” structure
- Numerous prospects to follow up with planned October ‘23 field programs
- Zinc potential

03 Pipeline prospect

- Pipeline has significant prior work, limited drilling
- Three kilometres north of George Fisher-Hilton

Aramac Project (100%)

Critical Minerals – Follow the Toolebuc

01 Extension of the Toolebuc Formation

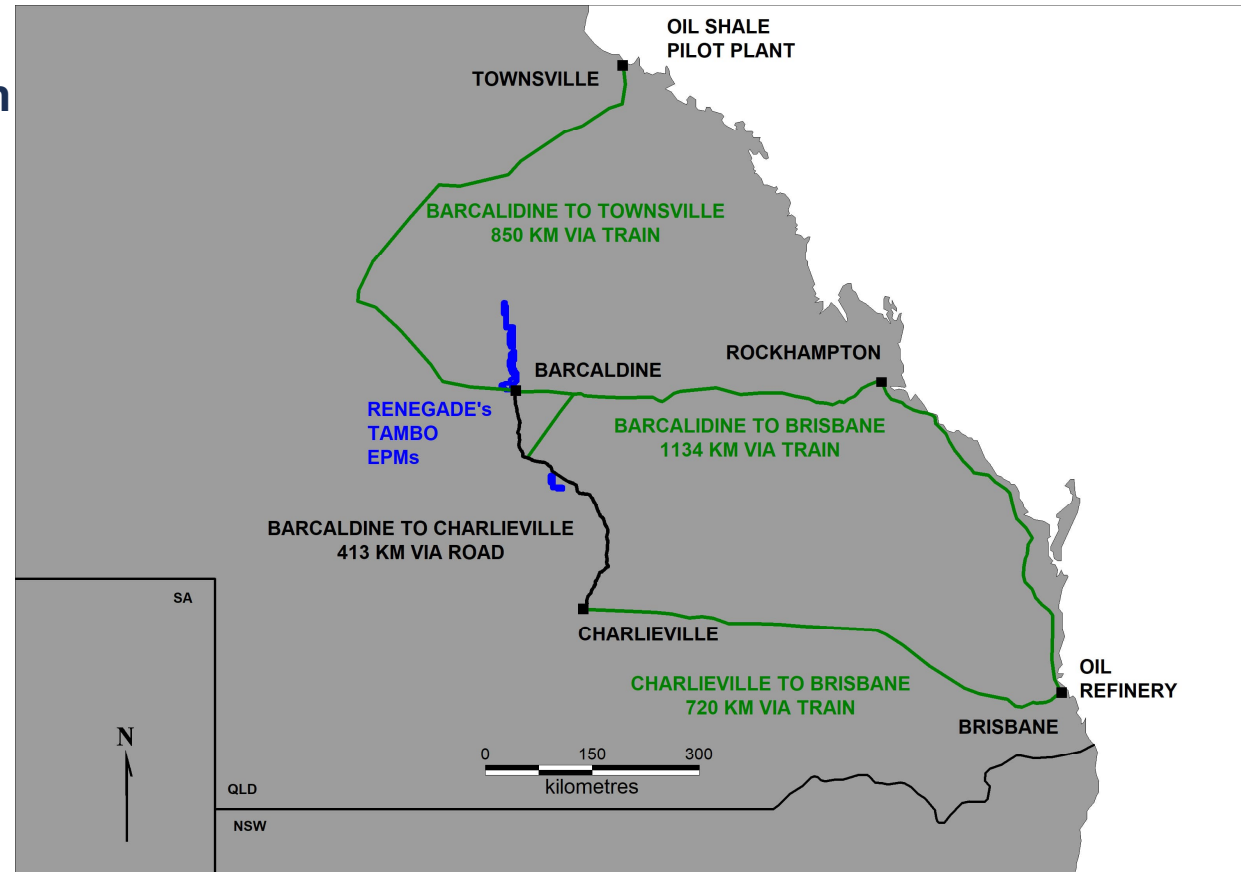

- Toolebuc hosts the vanadium deposits to the north in the Julia Creek and Richmond area
- Aramac is ~400km south-west and was heavily explored for oil shales by BHP and others
- No assaying was done for vanadium or REE

02 Infrastructure & Support

- Located on the main railway to Townsville and Brisbane
- Substantial support and infrastructure in Barcaldine
- Supportive community

03 Work Programs

- Geological review of historical data underway
- Soil sampling
- Auger or aircore drilling
- Metallurgical testwork

Follow the copper!

Follow Renegade.

01

Three highly prospective projects in world renowned Tier 1 jurisdiction.

Carpentaria
Joint Venture

Cloncurry
Project

North Isa
Project

02

Drilling at Mongoose Project complete and resource work underway.

Opportunity for early mining.

Mt Glorious target has had first round of drilling and await results.

03

Target non-dilutive funding from asset sales.

Sold Yandal Project to Strickland Metals Limited¹ (ASX:STK) for cash and scrip and net smelter royalty.

Sold Yukon Base Metal Project² to Scharfe Holdings² for cash and net smelter royalty.

Pathways to monetisation of assets in progress

Rock chip samples from Mongoose site

¹ Refer ASX release dated 16 July 2021 *Completion of Transaction with Strickland*

² Refer ASX release dated 4 December 2020 *Renegade Closes Yukon Sale Transaction*

Project timeline

Strong news flow ahead

Mongoose
Carpentaria JV
North Isa

Strong Leadership

Our team has extensive experience in the mining and resources sector, including project acquisition, financing, development and construction and sale.

Robert Kirtlan
Director

Former finance professional working for major investment banks in Sydney and New York focusing on global mining. Involved in the mining industry for approximately 35 years arranging equity and debt financing for junior and major mining companies. Several prior companies successful with asset monetisation plus a number acquired by takeover.

Mark Wallace
Non-Executive Director

Background in economics and finance. Spent almost 20 years working for both major and boutique Investment Banks specialising in the Global Materials and Energy sectors. Bulk of his career in London and Sydney identifying, advising and financing early stage and pre-development mining and energy companies.

Mark Connelly
Non-Executive Director

Proven track record in the mining industry. Former CEO of Papillon Resources and Adamus Resources. Both companies were acquired by way of takeovers with Papillon valued at over USD570m. Significant operational and development experience. Recent involvement in a number of successful development and M&A plays .

Competent Person and Geological Information Sources

Information on all Prospects and Projects, the subject of this ASX Release, is sourced from the Queensland Department of Resources, data supplied by Mt Isa Mining Limited and Company generated data.

The information in this announcement that relates to geological information for the North Isa Project, Edgarda Prospect and the Mongoose Prospect is based on information compiled by Mr Edward Fry, who is an employee of the Company. Mr Fry is a Member of the Australian Institute of Mining and Metallurgy. Mr Fry has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and the activity he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the Australasian Code for Reporting of Exploration Results (JORC Code). Mr Fry consents to the inclusion in the report of the matters based on the information in the form and context in which it appears.

The references in this announcement to Exploration Results were reported in accordance with Listing Rule 5.7 in the announcements:

Announcement Title	Date
Renegade assumes control of Mongoose Project	16 January 2023
Drilling hits large copper sulphide zones at Mongoose	22 March 2023
Mongoose work continues at pace	29 March 2023
Drilling intercepts near surface copper at Mongoose	31 March 2023
Drilling intercepts more near surface copper at Mongoose	1 May 2023
Up to 25% Cu confirms high grade Mongoose copper sulphide	8 May 2023
Drilling hits more copper sulphide zones at Mongoose	23 May 2023
Glorious rock chips at Mt Glorious	19 June 2023
Large high grade copper zones continue at Mongoose	4 July 2023
Renegade locks in funding facility	20 July 2023
Superb soils from Mt Glorious	27 July 2023
High grade copper discovered west of Mongoose	22 November 2023

The Company confirms that it is not aware of any new information or data that materially affects the information included in the previous market announcements noted above.
