Riedel Resources Limited (ASX: **RIE** or the **Company**) is pleased to confirm that it has successfully secured an additional 39% interest in Flagstaff Minerals (USA) Inc, bringing its total interest to 90%.

The Company achieved the additional interest, through the renegotiation of existing agreements which reduced the stage 2 expenditure condition at the Kingman Project to reflect the expenditure already incurred. Referring to the renegotiated Agreements, Riedel Chairman Grant Mooney said today:

*“The Company is pleased to complete the negotiations to secure the additional interest in Flagstaff Minerals (USA) Inc and the Kingman Project. In addition to the high grade gold profile of Tintic, there is a very significant silver endowment and we look forward to continuing our investigations to evaluate the technical and economic feasibility of the Tintic Project, in addition to identifying the most suitable mineral processing options.”*
