Completion of Share Issue and Appendix 3B

Artificial Intelligence company OpenDNA Limited (ASX: OPN) ("**OpenDNA**" or the "**Company**") is pleased to announce that, further to the Company's ASX announcement of 15 April 2019 ("**Previous Announcement**"), it has now completed the share issue under the first tranche of the placement of securities to sophisticated and professional investors described in the Previous Announcement ("**Placement**").

The share issue under the first tranche of the Placement has been completed utilising the Company's existing placement capacity under ASX Listing Rule 7.1A and a portion of the placement capacity under Listing Rule 7.1. A total of 33,333,333 new fully paid ordinary shares ("**Shares**") having an issue price of \$0.04 per Share have been issued. Of these Shares, 20,687,413 Shares were issued under Listing Rule 7.1A and the balance were issued under Listing Rule 7.1.

The 16,666,667 free attaching Listed Options as described in the Previous Announcement will be issued on or around 13 May 2019, pursuant to the Corporations Act 2001 requirements, with the remaining capacity under Listing Rule 7.1.

All of the Shares issued are on the same terms as, and rank equally in all respects with, the existing fully paid ordinary shares in the Company. An Appendix 3B relating to the issue of the new Shares is attached to this announcement.

Following the issue of the Listed Options, the Company will despatch the the notice of meeting for the Company's General Meeting, at which resolutions seeking the approval of OpenDNA shareholders to proceed with the second tranche of the Placement will be put to shareholders.

Additional Disclosures under ASX LR3.10.5A

The Company provides the below additional disclosure in relation to ASX Listing Rules 7.1A4(b) and 3.10.5A in connection with the 20,687,413 Shares issued under Listing Rule 7.1A and referred to above ("**Relevant Shares**"):

- (a) Details of the dilution to existing holders of ordinary securities caused by the issue:
- The number of Shares on issue prior to the issue of the Relevant Shares (not including Shares issued under ASX Listing Rule 7.1) was 206,874,140.
 - The number of Shares on issue following the issue of the Relevant Shares, not including Shares issued under ASX Listing Rule 7.1 today, is 227,561,553, resulting in a dilution of 10%.

- (b) The Relevant Shares were issued for cash consideration. The Company issued the Relevant Shares under ASX Listing Rule 7.1A as it required the additional upfront working capital injection to fund its expansion of the Roolife platform and services over and above that achievable using the Company's existing placement capacity under ASX Listing Rule 7.1 (the remaining balance of the placement capacity under ASX Listing Rule 7.1 is to be utilised by the free attaching Listed Options).

The Board considered that a placement of securities provided the most certain and expedient manner to achieve this outcome.

- (c) No underwriting arrangements applied in connection with the issue of the Relevant Shares.
- (d) As described in the Previous Announcement, the following arrangements apply in relation to the Placement:
- a. 1% Lead Manager Fee paid to Triple C Consulting Pty Ltd for acting as Lead manager to the Placement;
 - b. 5% Placement Fee paid to the Participating Brokers to the Placement; and
 - c. Subject to shareholder approval, a total of 3 million Listed Options will be issued to advisors upon completion of the Placement, which will be on the same terms and conditions in all respects as the Listed Options issued under the Placement.
