### **Directors' Report**

The Directors are responsible for the preparation, in accordance with the Corporations Act 2001 and International Financial Reporting Standards, financial statements which give a true and fair view of the financial position of NGB Industries Limited (the "Company") and Group as at 31 December 2015, and the results of its operations for the 6-month period ended on that date.

The Directors consider that the financial statements have been prepared using accounting policies appropriate to the parent company and group circumstances, consistently applied and supported by reasonable and prudent judgements and estimates.

|  | For the 6-month<br>period ended<br>31-Dec-15 | 12 months<br>ended<br>30-Jun-15 |
|--|--|---------------------------------|
| The profit/(loss) of the Parent for the financial year after providing for income tax amounted to: | \$<br>(64,046)                               | \$<br>(208,959)                 |
| The profit/(loss) of the Group for the financial year after providing for income tax amounted to:  | (51,748)                                     | 205,286                         |

The Group recorded a deficit in working capital in the current year. It is envisaged that NGB Industries Limited and its subsidiaries will be able to pay its debts as and when they fall due for the coming 12 months period.

No significant changes in the Parent and Group state of affairs occurred during the financial year.

The principal activities of the Parent and Group during the financial year were the sales of safety management systems and provision of safety management consultancy and training.

The Parent and Group operations are not regulated by any significant environmental regulation under a law of the Commonwealth or of a state or territory.

No dividends have been paid or declared during the financial year.

The Directors are pleased to present the Parent and Group financial statements for the 6-month period ended 31 December 2015.

For and behalf of the Directors NO Moun

### Notes to the financial statements

#### 1 Reporting Basis and Conventions

(a) NGB Industries Limited (the "Parent) is a Company limited by shares, incorporated and domiciled in Australia.

Separate Financial statements for the "Parent" and consolidated financial statements comprising the Parent and its subsidiaries (the "Group") are presented.

The subsidiaries of the Parent are: Platinum Safety Pty Limited - incorporated in Australia and 100% owned. Vault GRC AU PTY Limited - incorporated in Australia and 100% owned. Vault GRC NZ Limited - incorporated in New Zealand and 100% owned.

The Directors have prepared the financial statements on the basis that the Parent and Group is a non-reporting entity because there are no users dependent on general purpose financial statements. The financial statements are therefore special purpose financial statements of the *Corporations Act 2001*.

The financial statements have been prepared in accordance with the mandatory Australian Accounting Standards applicable to entities reporting under the *Corporations Act 2001* and the significant accounting policies disclosed below, which the directors have determined are appropriate to meet the needs of shareholders. Such accounting policies are consistent with the previous period unless stated otherwise.

The financial statements have been prepared on an accruals basis and are based on historical costs unless otherwise stated in the notes. The material accounting policies that have been adopted in the preparation of these statements are as follows:

#### (b) Basis of measurement

The financial statements have been prepared on a historical costs basis.

The accrual basis of accounting has been used and the financial statements have been prepared on a going concern basis - refer to note 18.

#### (c) Presentation currency

The financial statements are presented in Australian dollars, which is the company's functional currency.

#### (d) Use of estimates and judgements

The preparation of these financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Where material, information on significant judgements, estimates and assumptions is provided in the relevant accounting policy or provided in the relevant note disclosure.

The estimates and underlying assumptions are based on historical experience and various other factors believed to be reasonable under the circumstances. Estimates are subject to on-going review and actual results may differ from these estimates. Revisions to accounting estimates are recognised in the year in which the estimate is revised and in future years affected.

#### 2 Summary of significant accounting policies

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

#### (a) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held on call with banks, other short-term highly liquid investments with original maturities of three months or less.

### Notes to the financial statements

#### (b) Trade debtors and other receivables

Trade debtors and other receivables are measured at their cost less any impairment losses.

An allowance for impairment is established where there is objective evidence the company will not be able to collect all amounts due according to the original terms of the receivable.

#### (c) Trade creditors and other payables

Trade creditors and other payables are stated at cost.

#### (d) Financial instruments

Financial instruments comprise trade debtors and other receivables, cash and cash equivalents, other financial assets, trade creditors and other payables, borrowings, other financial liabilities.

Financial assets and financial liabilities are recognised initially at fair value plus transaction costs, except for those carried at fair value through profit or loss, which are measured at fair value.

#### Recognition and de-recognition of financial assets and liabilities

Financial assets and financial liabilities are recognised when the company becomes a party to the contractual provisions of the financial instrument.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or if the company transfers the financial asset to another party without retaining control or substantially all risks and rewards of the asset.

A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

#### Subsequent measurement of financial assets

The subsequent measurement of financial assets depends on their classification, which is primarily determined by the purpose for which the financial assets were acquired. Management determines the classification of financial assets at initial recognition and reevaluates this designation at each reporting date.

All financial assets are subject to review for impairment at least once each reporting date. Accounts receivable are reviewed for impairment when accounts are past due or when other objective evidence is received that a specific counterparty will default.

All financial assets held by the Parent and Group in the years reported have been designated into one classification, "loans and receivables", being non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. After initial recognition these are measured at amortised cost using the effective interest method, less provision for impairment.

#### Subsequent measurement of financial liabilities

Trade payables and other borrowings are subsequently measured at amortised cost using the effective interest method.

#### (e) Revenue

Revenue is recognised to the extent that it is probable that the economic benefit will flow to the company and revenue can be reliably measured. Revenue is measured at the fair value of consideration received, excluding sales taxes and discounts.

### Notes to the financial statements

The following specific recognition criteria must be met before revenue is recognised:

#### Sale of goods

Revenue from sale of goods is recognised when the Parent and Group has transferred to the buyer the significant risks and rewards of ownership of the goods supplied. Significant risks and rewards are generally considered to be transferred to the buyer when the customer has taken undisputed delivery of the goods.

#### **Rendering of services**

Revenue from services rendered is recognised in profit or loss in proportion to the stage of completion of the transaction at the reporting date. Under this method, revenue is recognised in the accounting periods in which the services are provided. Where it is not practicable to measure the future value of service obligations associated with the supply of goods due to the uncertainty of timing and scope, revenue is recognised when the goods are sold.

#### **Recurring revenue**

Recurring Revenue comprises all monthly, quarterly or annual license or other fees paid or payable for the use of the Company's software solutions whether invoiced monthly, quarterly, annually or on any other periodic basis. Revenue is to be recognised at the date of invoicing and includes any periodic payment for the use or licence to use the Company's software solutions including the first payment for any monthly or periodic contracts. However, Recurring Revenue does not include revenue received in connection with:

- 1.1.1 implementation or installation of the Company's software solutions;
- 1.1.2 training provided to customers or clients in relation to the Company's software solutions; or
- 1.1.3 other services which are not related to the use or licensing of the Company's software solutions.

The comparative figures have been adjusted to disclose the separate classification between recurring income and new client income according to the above definition of recurring revenue which differ from that used in prior years.

#### Interest income

Interest income is recognised as it accrues, using the effective interest method.

#### (f) Foreign currency transactions

Transactions in foreign currencies that are settled in the accounting period are translated at the settlement rate. Transactions in foreign currency that are not settled in the accounting period, resulting in monetary assets and liabilities denominated in foreign currencies are translated to Australian Dollars (AUDs) at the foreign exchange spot rate ruling at the reporting date. Foreign exchange differences arising on translation are recognised in the profit or loss.

In the Group's financial statements, all assets, liabilities and transactions of Group entities with a functional currency other than AUDs are translated into AUDs upon consolidation.

The assets and liabilities of foreign operations, are translated to AUDs at the foreign exchange spot rate at the reporting date. The income and expenses of foreign operations, are translated to AUDs at the average exchange rate for the year.

Foreign currency differences are recognised in other comprehensive income, and presented in the foreign currency translation reserve within equity.

#### (g) Income tax

The income tax expensed reported against profit or loss for the year is the estimated income tax payable in relation to the current year's activities, adjusted for any difference between the estimated and actual income tax payable in prior years.

### Notes to the financial statements

The income tax effects of deferred tax on temporary difference and any unused tax losses are not recognised.

#### (h) Goods and Services Tax (GST)

All amounts in these financial statements are shown exclusive of GST, except for receivables and payables that are stated inclusive of GST.

The net amount of GST recoverable from, or payable to, the respective tax office, is included as part of receivables or payables in the Statement of Financial Position.

#### (i) Property, Plant and Equipment

Plant and equipment are measured on the cost basis less, where applicable, any accumulated depreciation and impairment losses.

The carrying amount of plant and equipment is reviewed annually by directors to ensure it is not in excess of the recoverable amount from these assets.

#### Depreciation

The depreciable amount of all fixed assets is depreciated on a straight-line basis over the asset's useful life.

The depreciation rates used for each class of depreciable assets are:

| Plant and equipment | 20% – 66% DV   |
|---------------------|----------------|
| Computer equipment  | 50% DV         |
| Leasehold           | 25% DV         |
| Office furniture    | 12% - 19.2% DV |
| Vehicles            | 30% - 36& DV   |
|                     |                |

The asset's residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

#### (j) Intangibles

Intangible assets are initially recorded at cost and are amortised over the estimated useful life of the asset.

#### Internally developed intangible assets

Expenditure on research activities, undertaken with the prospect of gaining new technical knowledge and understanding, is recognised in the reported profit or loss when incurred.

Development activities include a plan or design for the production of new or substantially improved products. Development expenditure is capitalised only if development costs can be measured reliably, the product or process is technically and commercially feasible, future economic benefits are probable, and the Parent and Group intends to and has sufficient resources to complete development and to use or sell the asset. The expenditure capitalised includes the cost of materials, direct labour and overhead costs that are directly attributable to preparing the asset for its intended use. Other development expenditure is recognised in the reported surplus and deficit when incurred.

Capitalised development expenditure is measured at cost less accumulated amortisation and any impairment losses.

The amortisation rates used for each class of intangible assets are:Software50% - 60% DVIntellectual property14.29 - 20% SL

#### (k) Provisions

Provisions are recognised when the company has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

In June 2015, the subsidiary company, Vault GRC NZ Limited, reached an agreement with the New Zealand Inland Revenue Department over the balance due in relation to historic GST and PAYE balances together with associated tax filing penalties. A full and final settlement \$200,000 was paid to the IRD on the 27th Oct 2015.

The revised balance payable is less than previously accrued in previous years resulting in the recognition of a forgiveness of tax penalties gain in the previous year (Note 3).

# Independent Auditor's Report to the Members of NGB Industries Limited

### Report on the financial report

We have audited the accompanying financial report, being a special purpose financial report, of NGB Industries Limited (the "Company") and Group on pages 3 to 19, which comprises the Statement of Financial Position as at 31 December 2015, the Statement of Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the periodr then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the Directors' Declaration.

### Directors' responsibility for the financial report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view and have determined that the accounting policies described in Note 1 of the financial report are appropriate to meet the requirements of the *Corporations Act 2001* and to meet the needs of the shareholders.

The Directors' responsibility also includes such internal control as the directors determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance about whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001.

### Auditor's Opinion

In our opinion the financial report of the Company and Group is in accordance with the *Corporations Act* 2001, including:

- a) Giving a true and fair view of the Group's and Company's financial position as at 31 December 2015 and of their performance for the period then ended in accordance with the accounting policies described in Note 1; and
- b) Complying with Australian Accounting Standards to the extent described in Note 1 and complying with the *Corporations Regulations 2001*.

### **Emphasis of Matter**

Without qualifying our opinion we draw attention to Note 18 in the financial statements, which discloses the going concern position of the Company and Group. The Group disclosed total comprehensive loss of \$19,392 for the period ended 31 December 2015 (year ended June 2015: profit \$240,529) and, as of that date, the Group's current liabilities exceeded its current assets by \$876,060 (June 2015: \$719,707). The Company disclosed total comprehensive loss of \$64,046 for the period ended 31 December 2015 (year ended 30 June 2015 \$208,959) and, as of that date, the Company's current liabilities exceeded its current assets by \$1,210,079 (June 2015: \$938,182).

The financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business activities and realisation of assets and discharge of liabilities in the ordinary course of business.

The Directors have prepared the financial statements on a going concern basis, based on reliance on the continued financial support of shareholders who have loans with the Company, and the future profitability of the Parent and Group.
