

Policy for Dealing in Shares

Althea Group Holdings Limited
ACN 626 966 943

Policy for Dealing in Shares

1 Introduction

1.1 This policy imposes constraints on Directors, employees and contractors of the group dealing in securities of Althea Group Holdings Limited (**Company**).

1.2 This policy has been adopted by the board of Directors of the Company (**Board**).

2 Explanation of terms

2.1 For the purposes of this policy:

(1) **dealing in securities** includes:

- (a) applying for, acquiring or disposing of, securities;
- (b) entering into an agreement to apply for, acquire or dispose of, securities;
- (c) granting, accepting, exercising or discharging an option or other right or obligation to acquire or dispose of securities;
- (d) trading in financial products issued or created over securities of the Company; and
- (e) entering into transactions in financial products which operate to limit the economic risk of security holdings;

(2) **designated officer** means:

- (a) in the case of Directors and the Company Secretary, the Chair;
- (b) in the case of the Chair, the Chair of the Audit, Risk and Compliance Committee; and
- (c) in the case of employees or contractors of the group other than a Director or the Company Secretary, the Company Secretary;

(3) **Director** means any director of the Company from time to time;

(4) **group** means the Company and each of its subsidiaries (as that term is defined in the *Corporations Act 2001* (Cth));

(5) **key management personnel** has the meaning given to it in the ASX Listing Rules and includes the Chief Executive Officer, Chief Financial Officer, the Company Secretary and all employees having significant knowledge of, or significant authority and responsibility for planning, directing and controlling all or major parts of the activities of the group;

(6) **securities** includes shares in the Company, options over those shares and any other financial products of the Company traded on ASX; and

(7) **trading day** means any day that the ASX is open for trading.

3 Objectives

3.1 The objectives of this policy are to:

- (1) minimise the risk of Directors, employees and contractors of the group contravening the laws against insider trading;
- (2) ensure the Company is able to meet its reporting obligations under the ASX Listing Rules; and
- (3) increase transparency with respect to dealing in securities of the Company (including shares and options) by its Directors and key management personnel.

3.2 To achieve these objectives, Directors, employees and contractors of the group should consider this policy to be binding on them in the absence of a specific exemption by the Board.

4 What is insider trading?

4.1 The *Corporations Act 2001* (Cth) prohibits persons who are in possession of information that is not generally available to the public and which a reasonable person would expect to have a material effect on the price or value of securities in the Company (**Price Sensitive Information**) from:

- (1) dealing in the securities; or
- (2) communicating the Price Sensitive Information to others who might deal in the securities.

4.2 Information is generally available to the public if, amongst other things, it consists of readily observable matters or it has been brought to the attention of investors by an announcement with ASX Limited (**ASX**) and a reasonable period for its dissemination has elapsed since the announcement.

4.3 Directors, employees and contractors of the group will from time to time be in a situation where they are in possession of Price Sensitive Information. Examples include information which may have a material effect on the Company's financial position and information regarding a major transaction which is being negotiated.

4.4 For these reasons, if any person believes that they may be in possession of Price Sensitive Information, the advice of the designated officer should be sought prior to any dealings taking place, and steps should be taken to ensure that the designated officer is advised of all relevant considerations by the person proposing to deal.

5 No dealing in securities of the Company when in possession of Price Sensitive Information

5.1 Directors, employees and contractors of the group in possession of Price Sensitive Information must not at any time:

- (1) deal in securities of the Company;
- (2) advise, procure, encourage or suggest another person deal in securities of the Company; or

- (3) communicate the Price Sensitive Information, or cause the Price Sensitive Information to be communicated, to a person who may deal in securities of the Company or may procure another person to deal in securities of the Company.
- 5.2 A contravention of the insider trading prohibitions is an offence and exposes a person to criminal and civil liability, including liability under civil damages actions and compensation orders. The penalties for a breach of the insider trading prohibitions are serious and include severe fines and imprisonment.
- 5.3 Key management personnel must ensure that external advisors who receive Price Sensitive Information are bound by a confidentiality agreement or other enforceable confidentiality obligations.
- 5.4 From time to time, the Company may publish a list of companies whose securities Directors, employees and contractors of the group are prohibited from dealing in due to the Company being in possession of Price Sensitive Information in respect of those companies (**Restricted Securities List**). Directors, employees and contractors of the group must not deal in securities of companies on the Restricted Securities List at any time.

6 No short-term dealing in securities of the Company

- 6.1 Directors and key management personnel must not without approval of the Chairman engage in short-term dealing in securities of the Company.
- 6.2 Short-term dealing is considered to be dealing where the acquisition and disposal of securities occurs within 3 months of each other.

7 No dealing in securities of the Company during Blackout Periods

- 7.1 In addition to the restrictions in clauses 5 and 6, Directors and key management personnel must not deal in securities of the Company during:
 - (1) The period from the end of the Company's half year (31 December) until close of normal trading on the first trading day after the announcement of the Company's half year results to the ASX;
 - (2) the period from the end of the Company's financial year (30 June) until close of normal trading on the first trading day after the announcement of the Company's full year results to the ASX;
 - (3) the period of 2 trading days after the issue of any release to the ASX marked as price sensitive;
 - (4) the period of two weeks prior to the Company's Annual General meeting, and any other meeting of the Company's shareholders, until close of normal trading on the first trading day after the relevant meeting, and
 - (5) any other periods determined by the Board.(each a "**Blackout Period**")

8 Trading in exceptional circumstances during Blackout Periods

- 8.1 Directors and key management personnel who are not in possession of Price Sensitive Information may deal in, or engage in short-term dealing of, securities of the Company

during Blackout Periods if there are exceptional circumstances and he or she receives prior written clearance from the designated officer.

8.2 Exceptional circumstances are:

- (1) financial hardship which cannot be satisfied otherwise than by dealing in securities of the Company; or
- (2) a court order directing the dealing in securities of the Company.

8.3 Directors and key management personnel wishing to deal in, or engage in short-term dealing of, securities of the Company during a Blackout Period based on exceptional circumstances must apply in writing (email is acceptable) to the designated officer for prior written clearance to deal in those securities. The application must include the following information:

- (1) details of the exceptional circumstances;
- (2) the number of securities of the Company that he or she wishes to deal in;
- (3) the way in which he or she wishes to deal in those securities;
- (4) a request for clearance to deal in those securities; and
- (5) confirmation that he or she is not in possession of any Price Sensitive Information.

8.4 The designated officer must consider the objectives of this policy and the purpose of the ASX Listing Rules in making a determination as to whether to provide consent to deal in securities of the Company during a Blackout Period or to allow short-term dealing in securities.

9 Designated officer consent

9.1 Any consent provided by a designated officer under this policy:

- (1) Must be in writing (email is acceptable); and
- (2) Unless a shorter period is stated in the relevant consent, will remain valid for a period of 5 trading days (inclusive) commencing from the date the consent is granted. The relevant dealing must take place by close of normal trading on the 5th trading day, failing which, a new approval must be sought from the designated officer.

10 The Front Page Test

10.1 It is important that public confidence in the group is maintained. It would be damaging to the group's reputation if the market or the general public perceived that Directors and employees of the group might be taking advantage of their position in the group to make financial gains by dealing in securities on the basis of confidential information.

10.2 As a guiding principle but without limiting any of the prohibitions or consent requirements contained in this policy, Directors and employees of the group should ask themselves the following before engaging any dealing in relation to securities of the Company:

If the market was aware of all the current circumstances, could the proposed dealing be perceived by the market as the director or employee taking advantage

of his or her position in an inappropriate way? How would it look if the transaction were reported on the front page of the newspaper? (The Front Page Test)

If a Director or employee is unsure as to how The Front Page Test applies or may apply to any proposed dealing in relation to securities of the Company, he or she should consult the Company Secretary. Where any approval is required for a dealing under this policy, consideration will be given to whether the dealing would not satisfy the Front Page Test.

11 Directors and key management personnel to obtain prior written clearance for dealings in securities of the Company

11.1 Directors and key management personnel must obtain approval for any intended dealing in securities of the Company from the designated officer. The request for approval must be submitted at least 2 normal trading closing periods prior to the date of the dealing and must include the following information:

- (1) the number of securities of the Company that he or she wishes to deal in;
- (2) the way in which he or she wishes to deal in those securities; and
- (3) confirmation that he or she is not in possession of any Price Sensitive Information.

11.2 Directors and key management personnel may only proceed with the dealing in securities of the Company after having first obtained approval from the designated officer.

11.3 Approval is intended as a compliance monitoring function only and is not an endorsement of the proposed dealing. Directors and key management personnel remain responsible for their own investment decisions and compliance with the law.

11.4 Clearance to deal may be denied for any reason, without a requirement for the designated officer to provide reasons and may be withdrawn if new information comes to light or there is a change in circumstances. Reasons for denial, include but are not limited to:

- (1) The dealing is considered short-term in nature;
- (2) The dealing is considered to be frequent;
- (3) Matters known to the Company, but not to you;
- (4) If the designated officer determines clearance should not be given.

11.5 Where clearance is denied:

- (1) The decision is final and binding on the individual seeking the clearance, and
- (2) With the exception of complying with clause 16.2 of this policy, the individual seeking clearance must keep confidential the fact that clearance has been denied.

11.6 For the purposes of this clause 11, a trading day closes at the close of normal trading.

12 Notification of dealings in securities of the Company

12.1 The ASX Listing Rules require the Company to notify ASX of dealings in notifiable interests in securities of the Company by Directors within 5 business days.

- 12.2 Directors must notify the Company Secretary immediately after dealing in any securities of the Company and provide the Company with the requisite details of the dealing for the Company to comply with the ASX Listing Rules.
- 12.3 Key management personnel (other than Directors, who must comply with clause 12.2) must notify the Company Secretary immediately after acquiring or disposing of a relevant interest in any securities of the Company.

13 No hedging

- 13.1 Notwithstanding any other part of this policy, Directors and key management personnel must not at any time enter into transactions in associated products which operate to limit the economic risk of security holdings in the Company.

14 Margin lending

- 14.1 ASX, in its Companies Update dated 29 February 2008, highlighted that in certain circumstances, the Company may be required to disclose details of the margin lending arrangements of Directors and key management personnel in respect of their securities of the Company (if any), if that information would be material information under ASX Listing Rule 3.1. To enable the Company to comply with ASX Listing Rule 3.1, any Director or key management personnel of the Company who enters into margin lending arrangements or otherwise encumbers their securities of the Company (**Security Arrangements**) is required to provide details of those Security Arrangements to the designated officer upon entering into, and on any change (other than a trivial or minor change) occurring to, the Security Arrangements. Security Arrangements may be subject to prohibitions on dealing in securities of the Company contained in this policy.
- 14.2 The details of the Security Arrangements which must be provided pursuant to clause 14.1 must include the number of securities of the Company involved, any trigger points, the right of the lender or security holder to sell the securities unilaterally and any other material details.
- 14.3 Directors and employees of the Company may take out margin loans over their holdings in the Company's securities. However, Directors and employees must not allow a margin call to be met by the sale of the Company's securities at a time when they would not be able to sell those securities themselves under this policy.

15 Penalties

- 15.1 A contravention of this policy by a Director, key management personnel other employee or contractor of any member of the group may result in summary dismissal.

16 Application

- 16.1 This policy applies to all Directors, employees and contractors of any member of the group.
- 16.2 For the purposes of this policy, Directors, employees and contractors dealing in securities of the Company includes "associates" of Directors, employees and contractors of the group dealing in securities of the Company. It is incumbent on each Director, employee and contractor of the group to take reasonable steps to ensure that an associate does not deal in securities of the Company in contravention of this policy where the dealing could be attributed to the Director, employee or contractor concerned. "Associates" include:
- a family member of a Director, employee or contractor who may be expected to influence, or be influenced by, the relevant Director, employee or contractor

(including their spouse, de facto partner, children or other relatives who have the same usual residential address as the relevant Director, employee or contractor and children or other relatives of their spouse or de facto partner who have the same usual residential address as the relevant Director, employee or contractor)

- a company, trust or other entity controlled by a Director, employee or contractor (whether alone or jointly with any other Associate) or over which the Director, Employee or contractor has significant influence .

16.3 The following types of dealing are excluded from the operation of this policy:

- (1) transfers of securities of the Company already held in a superannuation fund or other saving scheme in which the restricted person is a beneficiary and where the investments are made at the discretion of a third party;
- (2) an investment in, or dealing in units of, a fund or other scheme (other than a scheme only investing in securities of the Company) where the assets of the fund or other scheme are invested at the discretion of a third party;
- (3) where a restricted person is a trustee, trading in securities of the Company by that trust provided the restricted person is not a beneficiary of the trust and any decision to trade during a prohibited period is taken by the other trustees or by the investment managers independently of the restricted person;
- (4) undertakings to accept, or the acceptance of, a takeover offer;
- (5) dealing under an offer or invitation made to all or most of the security holders, such as a rights issue, a security purchase plan, a dividend or distribution reinvestment plan and an equal access buy-back, where the plan that determines the timing and structure of the offer has been approved by the Board. This includes decisions relating to whether or not to take up the entitlements and the sale of entitlements required to provide for the take up of the balance of the entitlements under a renounceable pro rata issue;
- (6) a disposal of securities of the Company that is the result of a secured lender exercising their rights, for example, under a margin lending arrangement; and
- (7) the exercise (but not the sale of securities of the Company following exercise) of an option or a right under an employee incentive scheme, or the conversion of a convertible security.

17 Contact

17.1 If you have any questions about any of the issues raised in this policy, you should contact the relevant designated officer.

Adopted on 13 May 2019
