Altair-Endeavour Joint Technical Committee

The joint Technical Committee leadership brings together the following members:

- **From Altair:** Pascal Van Osta (Head of Exploration), Faheem Ahmed (CEO), Rob Curtis (Non-Executive Director).
- **From Endeavour:** Eduardo Etchart (VP of New Ventures) and Tanguy Nobilet (Exploration Manager).

The Committee will meet monthly to review exploration data, programs, geological targeting and optimisation. Altair will leverage Endeavour’s track record of discovery, which includes the discovery of 22.4Moz of Measured and Indicated gold resources since 2016 on an analogous greenstone belt, providing Altair with a directly relevant technical knowledgebase to fast-track discoveries at Greater Oko.

Altair Minerals Limited CEO, Faheem Ahmed, commented:

“Following Endeavour’s A\$28m placement (ALR announcement 27th April 2026), I am delighted to confirm Dr. Sonia Scarselli as a Specialist Advisor to the Board at Altair. Sonia joins at a pivotal moment as we prepare for a major drill programme and scale our team, bringing a wealth of technical and executive experience to support leadership in Guyana.

Combined with the Altair-Endeavour Technical Committee, we have assembled one of the most capable exploration teams operating on the Guiana Shield. With our land package in place, we are well-positioned to maximise value at Greater Oko and deliver multiple discoveries.

I look forward to updating shareholders with our renewed exploration plans and a steady stream of exploration results over the coming months.”
