Successful A\$85.0m Placement to Progress Development of Etango-8 Project

Bannerman Energy Ltd (**ASX:BMN**; **OTCQX:BNNLF**, **NSX:BMN**) (**Bannerman** or **the Company**) is pleased to announce that it has received firm commitments for a two-tranche placement of approximately 25.8 million new fully paid ordinary shares (**New Shares**) to new and existing institutional and sophisticated investors at an issue price of A\$3.30 per New Share to raise gross proceeds of approximately A\$85.0 million (**Placement** or **Offer**).

HIGHLIGHTS

- Firm commitments received for A\$85.0 million two-tranche Placement at A\$3.30 per share.
- The Placement was supported by both new and existing domestic and international institutional and sophisticated investors.
- Funds raised from the Offer to be applied towards development of the Etango-8 Project, including detailed design, early works (including construction infrastructure, earth works and selected long-lead items) and general working capital.
- Upon completion of the Placement, the Company expects to have cash reserves of approximately A\$100 million (after costs).

Bannerman's Executive Chairman, Brandon Munro, said:

"Proceeds from this Placement will enable us to further progress our Etango-8 Project, following positive outcomes from the recently announced Front End Engineering and Design (FEED) and Control Budget Estimates (CBE) processes, which confirmed the high quality of technical evaluation and design from the December 2022 Definitive Feasibility Study (DFS).

"We have commenced detailed design work and early works construction, and the Placement will enable us to advance further works including the procurement and manufacturing of select long-lead items, product marketing and project financing activities. These activities are all directed towards advancing Etango to a targeted positive Final Investment Decision (FID) during H2 2024.

"We are excited by the support that we have received from investors for both our Etango-8 development pathway and the approach the Company has taken to stewarding this asset into the rapidly strengthening uranium market environment. I would also like to welcome our new shareholders through the raising and look forward to building a strong relationship with them."

Use of Proceeds

Proceeds from the Offer, in conjunction with existing cash, will be applied towards development of the Etango Uranium Project, including:

- detailed design;
- early works, including construction infrastructure, earthworks and selected long lead items; and
- general working capital (including Offer costs) to 30 June 2026.

Placement

The Company has received firm commitments to raise A\$85.0 million (before costs) via a two-tranche Placement, comprising:

- 22,927,010 New Shares to be issued pursuant to the Company's existing placement capacity under ASX Listing Rule 7.1 to raise approximately A\$75.7 million (**Tranche 1**); and
- 2,830,765 New Shares to be issued subject to shareholder approval at a meeting of shareholders scheduled to take place on or around 13 August 2024, to raise approximately A\$9.3 million (**Tranche 2**).

The Placement price of A\$3.30 per share represents a:

- 7.8% discount to Bannerman's last closing price on ASX of A\$3.58 on Tuesday, 25 June 2024; and
- 10.6% discount to Bannerman's 5-day VWAP on ASX of A\$3.69 up to, and including, Tuesday, 25 June 2024.

J.P. Morgan Securities Australia Limited, Jett Capital Advisors, LLC and Euroz Hartleys Limited acted as Joint Lead Managers and Joint Book Runners to the Placement.

ABOUT BANNERMAN ENERGY (ASX:BMN, NSX:BMN, OTCQX:BNNLF)

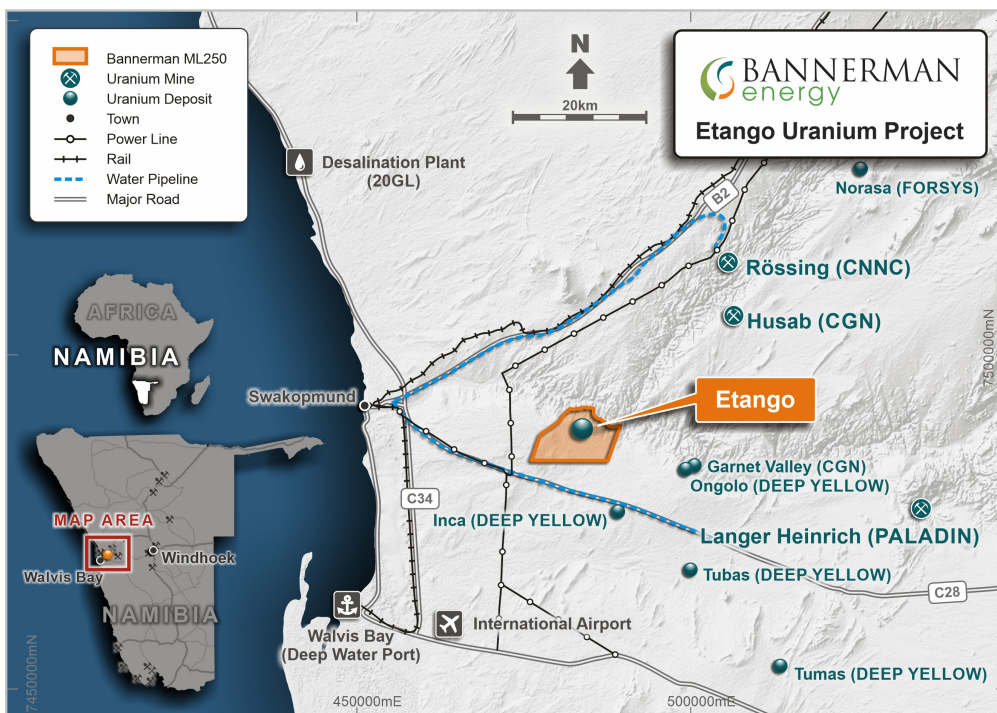

Bannerman Energy Ltd is a uranium development business listed on the Australian and Namibian stock exchanges and traded on the OTCQX Market in the US. Its flagship asset is the advanced Etango Uranium Project located in the Erongo Region of Namibia.

Etango has benefited from extensive exploration and feasibility activity over the past 15 years. The Etango tenement possesses a globally large-scale uranium mineral resource¹. In December 2022, a Definitive Feasibility Study (DFS)² was completed on the Etango-8 Project, confirming to a definitive-level the strong technical and economic viability of conventional open pit mining and heap leach processing of the Etango deposit at 8Mtpa throughput (for average annual output of 3.5 Mlbs U₃O₈). In March 2024, a scoping study³ demonstrated the capacity to expand annual production to 6.7 Mlbs U₃O₈.

Etango's advanced credentials are further highlighted by the construction and multi-year operation of the Etango Heap Leach Demonstration Plant, which comprehensively de-risked the conventional acid heap leach process to be utilised on the Etango ore. All environmental approvals have been received for the proposed Etango mine and external mine infrastructure, based on a 12-year environmental baseline. Bannerman was awarded the Mining Licence for Etango in December 2023 and is progressing all key project workstreams towards a targeted positive Final Investment Decision (FID) in parallel with strengthening uranium market fundamentals.

Namibia is a premier uranium investment jurisdiction, with a 45-year history of uranium production and export, excellent infrastructure and support for uranium mining from both government and community. As the world's third largest producer of uranium, Namibia is an ideal development jurisdiction boasting political stability, security, a strong rule of law and an assertive development agenda. The Bannerman team has ample direct experience in the development, construction and operation of uranium projects in Namibia, as well as extensive links into the downstream nuclear power industry.

Bannerman has long established itself as an Environmental, Social and Governance (ESG) leader in the uranium and nuclear energy sector. It is also a leader within Namibia on social development and community engagement and exercises best-practice governance in all aspects of its business. This was recently recognised with receipt of the 2023 African Mining Indaba's ESG Award for Community Engagement.
