NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

Corporate Information

This general purpose half-year financial report of Castillo Copper Limited and its subsidiaries (the Group) for the half-year ended 31 December 2015 was authorised for issue in accordance with a resolution of the directors on 14 March 2016.

Castillo Copper Limited is a company limited by shares incorporated in Australia whose shares are publicly traded on the Australian Securities Exchange.

The nature of the operations and principal activities of the Group are described in the Directors' Report.

Basis of Preparation

This financial report for the half-year ended 31 December 2015 has been prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001. The Group is a for profit entity for financial reporting purposes under Australian Accounting Standards.

These half-year financial statements do not include all notes of the type normally included within the annual financial statements and therefore cannot be expected to provide as full an understanding of the financial performance, financial position and financing and investing activities of the Group as the full financial statements.

It is recommended that the half-year financial statements be read in conjunction with the annual financial statements for the year ended 30 June 2015 and considered together with any public announcements made by Castillo Copper Limited during the half-year ended 31 December 2015 in accordance with the continuous disclosure obligations of the ASX listing rules.

For the purpose of preparing the half-year report, the half-year has been treated as a discrete reporting period. The accounting policies and methods of computation adopted are consistent with those of the previous financial year.

Going Concern

This report has been prepared on the going concern basis, which contemplates the continuity of normal business activity and the realisation of assets and settlement of liabilities in the normal course of business.

The Group incurred a net loss after tax for the half-year ended 31 December 2015 of \$172,156 and experienced net cash outflows from operating activities of \$442,912 and net cash outflows from investing activities of \$7,779. At 31 December 2015, the Group had a net current asset position of \$466,368. The cash and cash equivalents balance at the date of issuing this report is \$371,312. The Directors recognise the need to raise additional funds via equity raisings for future activities.

In considering the above, the Directors have reviewed the Group's financial position and are of the opinion that the use of the going concern basis of accounting is appropriate as they believe the Group will be successful in securing additional funds through an equity issue.

Notes to the Condensed Consolidated Financial Statements

for the half-year ended 31 December 2015

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Should the Group not obtain sufficient funds through an equity issue, there is a material uncertainty that may cast significant doubt whether the Group will continue as a going concern and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The financial report does not contain any adjustments relating to the recoverability and classification of recorded assets or to the amounts or classification of recorded assets or liabilities that might be necessary should the Group not be able to continue as a going concern.

New and amending Accounting Standards and Interpretations

In the half-year ended 31 December 2015, the Directors have reviewed all of the new and revised Standards and Interpretations issued by the AASB that are relevant to the Group's operations and effective for annual reporting periods beginning on or after 1 July 2015.

It has been determined by the Directors that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on the Group's business and, therefore, no change is necessary to the Group accounting policies.

The Directors have also reviewed all new Standards and Interpretations that have been issued but are not yet effective for the half-year ended 31 December 2015. As a result of this review the Directors have determined that there is no impact, material or otherwise, of the new and revised Standards and Interpretations on the Group's business and, therefore, no change necessary to the Group accounting policies.

NOTE 2: SEGMENT REPORTING

Management has determined the operating segments based on the reports reviewed by the board of directors that are used to make strategic decisions. The entity does not have any operating segments with discrete financial information.

The Board of Directors reviews internal management reports on a monthly basis that are consistent with the information provided in the statement of comprehensive income, statement of financial position and statement of cash flows. As a result no reconciliation is required because the information as presented is what is used by the Board to make strategic decisions.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Castillo Copper Limited

Report on the Condensed Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Castillo Copper Limited ("the company") which comprises the condensed consolidated statement of financial position as at 31 December 2015, the condensed consolidated statement of comprehensive income, condensed consolidated statement of changes in equity and condensed consolidated statement of cash flows for the half-year ended on that date, notes comprising a summary of significant accounting policies and other explanatory notes and the directors' declaration of the Group comprising the company and the entities it controlled at the half-year end or from time to time during the half-year.

Directors' responsibility for the half-year financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's financial position as at 31 December 2015 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the company, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Castillo Copper Limited is not in accordance with the *Corporations Act 2001* including:

- a) giving a true and fair view of the Group's financial position as at 31 December 2015 and of its performance for the half-year ended on that date; and
- b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Emphasis of matter

Without qualifying our conclusion, we draw attention to Note 1 to the financial statements which indicates that the ability of the Group to continue as a going concern is dependent on the ability to obtain sufficient funds through an equity issue.

Should the Group not be able to obtain sufficient funds through an equity issue, there is a material uncertainty that may cast significant doubt whether the Group will continue as a going concern and therefore, whether it will realise its assets and extinguish its liabilities in the normal course of business.
