Woodlawn zinc-copper project

- On 17 February 2022, Develop announced the agreement to buy the Woodlawn zinc-copper mine in NSW and the extensive tenement package. The acquisition comes via the purchase of Heron Resources Limited (administrators appointed) ("Heron") pursuant to the terms of a deed of company arrangement ("DOCA"). Acquisition comes with zero debt or creditor obligations.
- The Woodlawn acquisition meets all Develop's strategic and key investment criteria:
 - Future-facing metals (copper and zinc) in a Tier-1 location;
 - World-class geology: Volcanogenic Massive Sulphide (VMS) system, strong and profitable historic production, significant potential to grow the inventory;
 - Outstanding value for money: Purchase price is <10% of the previously invested capital.
- Develop will acquire Woodlawn for an upfront consideration of A\$30 million payable to Heron's secured and unsecured creditors on effectuation of the DOCA, comprising of:
 - A\$15m payable in cash; and
 - A\$15m payable by the issue of new fully paid ordinary shares in Develop at an issue price of \$3.14 per share (being the 5-trading day VWAP before the date of the agreements with Heron's secured creditors).
- Aggregate contingent consideration of up to A\$70 million (in cash or Develop shares, at the Company's election) payable to Orion subject to certain milestones being met as follows:
 - A\$12.5m payable on definition of 550,000 tonnes ZnEq underground JORC Reserves;
 - A\$7.5m payable on definition of 680,000 tonnes ZnEq underground JORC Reserves;
 - A\$20.0m payable on a positive Final Investment Decision (FID) in respect of Woodlawn;
 - A\$30.0m payable on 18 months of continuous commercial production from Woodlawn.

Capital Raising

- As part of the acquisition of Woodlawn, Develop is undertaking a fully underwritten A\$50 million equity raising ("Equity Raising") comprising:
 - an institutional placement of approximately 7.6 million new fully paid ordinary shares in Develop ("New Shares") to raise A\$25 million ("Placement");
 - and a 1-for-18.6 pro-rata accelerated non-renounceable entitlement offer of approximately 7.6 million New Shares to raise approximately A\$25 million ("Entitlement Offer");
 - In addition, Develop intends to issue up to A\$1m of additional Develop shares to Develop Directors at the same issue price as under the placement and the entitlement offer, subject to shareholder approval.
- The Equity Raising price is at a 5% premium to the 5 day VWAP for the period ending on 16 February 2022 reflecting the strong support of existing shareholders.
- Major shareholders Bill Beament (16%) and Mineral Resources (15%) will take up their full entitlements, totalling ~A\$8m.

On 25 February 2022, 11,268,899 Ordinary Shares were issued at \$3.30 per share under an institutional placement, raising \$37m.

On 2 March 2022, as part of the Entitlement Offer, Bill Beament took up 1,204,839 Ordinary Shares at \$3.30 per share totalling \$3,975,948.

The impact of the Coronavirus (COVID-19) pandemic is ongoing and while it has been financially neutral for the Group up to 31 December 2021, it is not practicable to estimate the potential impact, positive or negative, after the reporting date. The situation is rapidly developing and is dependent on measures imposed by the Australian Government and other countries, such as maintaining social distancing requirements, quarantine, travel restrictions and any economic stimulus that may be provided.

No other events or circumstances have arisen since 31 December 2021 that would require disclosure in this financial report.

Note 2. Operating Segments

The Board of Directors, which is the chief operating decision maker, has identified one reportable segment from a geographical prospective with the mineral exploration segments being the Australian segment.

Management assesses the performance of the operating segments based on a measure of exploration and evaluation expenditure for each geographical area. The measure excludes items such as the effects of share-based payments expenses, interest income, and corporate expenses as these activities are centralised.

Woodlawn zinc-copper project

- On 17 February 2022, Develop announced the agreement to buy the Woodlawn zinc-copper mine in NSW and the extensive tenement package. Acquisition comes via the purchase of Heron Resources Limited (administrators appointed) ("Heron") pursuant to the terms of a deed of company arrangement ("DOCA"). Acquisition comes with zero debt or creditor obligations.
- The Woodlawn acquisition meets all Develop's strategic and key investment criteria:
 - Future-facing metals (copper and zinc) in a Tier-1 location;
 - World-class geology: Volcanogenic Massive Sulphide (VMS) system, strong and profitable historic production, significant potential to grow the inventory;
 - Outstanding value for money: Purchase price is <10% of the previously invested capital.
- Develop will acquire Woodlawn for an upfront consideration of A\$30 million payable to Heron's secured and unsecured creditors on effectuation of the DOCA, comprising of:
 - A\$15m payable in cash; and
 - A\$15m payable by the issue of new fully paid ordinary shares in Develop at an issue price of \$3.14 per share (being the 5-trading day VWAP before the date of the agreements with Heron's secured creditors).
- Aggregate contingent consideration of up to A\$70 million (in cash or Develop shares, at the Company's election) payable to Orion subject to certain milestones being met as follows:
 - A\$12.5m payable on definition of 550,000 tonnes ZnEq underground JORC Reserves;
 - A\$7.5m payable on definition of 680,000 tonnes ZnEq underground JORC Reserves;
 - A\$20.0m payable on a positive Final Investment Decision (FID) in respect of Woodlawn;

 - an institutional placement of approximately 7.6 million new fully paid ordinary shares in Develop ("New Shares") to raise A\$25 million ("Placement");
 - and a 1-for-18.6 pro-rata accelerated non-renounceable entitlement offer of approximately 7.6 million New Shares to raise approximately A\$25 million ("Entitlement Offer");
 - In addition, Develop intends to issue up to A\$1m of additional Develop shares to Develop Directors at the same issue price as under the placement and the entitlement offer, subject to shareholder approval.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of Develop Global Limited

Report on the Half-Year Financial Report

Conclusion

We have reviewed the half-year financial report of Develop Global Limited (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of the Group does not comply with the *Corporations Act 2001* including:

- (i) Giving a true and fair view of the Group's financial position as at 31 December 2021 and of its financial performance for the half-year ended on that date; and
- (ii) Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to the audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* which has been given to the directors of the Company, would be the same terms if given to the directors as at the time of this auditor's review report.

Responsibility of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2021 and its financial performance for the half-year ended on that date and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
