

Name Change to Evergold Minerals Limited

Evergold Minerals Limited (ASX: EG1) (“Evergold” or “the Company”) is pleased to announce that, following shareholder approval at the Annual General Meeting held on 25 November 2025, the Company has officially changed its name from Evergreen Lithium Limited to Evergold Minerals Limited.

The Australian Securities and Investments Commission (ASIC) effected the change on 25 November 2025, and the Australian Securities Exchange (ASX) has recorded the change from Friday 28 November 2025.

The name change to Evergold Minerals Limited reflects the Company’s strategic diversification during 2024–2025, through which it has successfully added a high-quality portfolio of gold assets in Western Australia to complement its existing exploration activities. These 100%-owned gold projects, all located in proven Tier-1 gold districts close to operating mills, comprise:

- **Leonora Goldfields Project** – hosts a JORC-compliant Inferred Resource of 63,000 oz Au with high-grade intercepts including 5 m @ 57.9 g/t Au¹, located close to operating mills offering potential toll-treatment pathways.
- **Queens Project** – situated in the prolific Norseman-Wiluna belt near major mills including Vault Minerals’ King of the Hills and Northern Star’s Thunderbox operations.
- **Mt Monger Project** – features historic wide intercepts (e.g. 40 m @ 2.49 g/t Au and 20 m @ 2.87 g/t Au)² and untested magnetic targets in a district with +1.7 Moz historical production.

The rebranding to Evergold Minerals Limited, together with recent Board and management strengthening (including the appointment of Mr. Glenn Grayson with over 30 years’ experience from Barrick and Northern Star), better aligns the Company’s identity with its new gold-focused strategy in the broader Kalgoorlie-Leonora region.

The ASX ticker code remains EG1.

This announcement is approved for release by the Board of Evergold Minerals.
