Principle 1: Lay solid foundations for management and oversight

Recommendation 1.1

A listed entity should disclose:

- (a) the respective roles and responsibilities of its board and management; and*
- (b) those matters expressly reserved to the board and those delegated to management.*

The Company's Board Charter sets out (amongst other things) the roles and responsibilities of the Board and of management and matters reserved to the Board.

A copy of the Board Charter is located in the corporate section of Ellex website www.ellex.com

The Board Charter sets out the following objectives of the Board:

- Provide strategic guidance for Ellex and effect oversight of management.
- Optimise Ellex's performance and shareholder value within a framework of appropriate risk assessment and management and
- Recognise Ellex's legal and other obligations to all legitimate stakeholders.

The Ellex Board (Board) is responsible for the overall corporate governance of Ellex. The Board derives the authority to act from the Company's Constitution and the Board's responsibilities are encompassed in a formal Charter which the Board is responsible for reviewing and amending as required.

The matters that the Board has specifically reserved for its decision are:

- Oversight of the Company, including its controls and accountability systems

- Providing input into, reviewing and approving Ellex's strategic performance objectives and monitoring performance against those plans;
- Protecting Ellex's financial position and its ability to meet its debts as and when they fall due;
- Approving and monitoring the progress of major capital expenditure, capital management and acquisitions and divestitures;
- Reviewing and monitoring the progress of Ellex's systems of risk management and internal control.
- Appointing, approving terms of engagement and termination benefits, and monitoring the performance of the CEO and, if required, terminating the appointment of the CEO.
- Ratifying the appointment and removal of the Company Secretary, approving their terms of engagement and monitoring their performance.
- Monitoring the timeliness and effectiveness of communications with shareholders and other stakeholders.

While at times the Board retains full responsibility for guiding and monitoring Ellex, in discharging its responsibilities it makes use of Board Committees.

Specialist committees can focus on a particular area of responsibility, and report and provide recommendations to the Board. The Board has established the following standing Committees:

- Audit and Risk Committee (see principles 4 and 7)
- Remuneration Committee (see principle 8) and

The Board has delegated to the CEO and, through the CEO, to the Management Team responsibility for the day-to-day management and operations of Ellex and implementation of the Company's strategy and policy initiatives. The CEO and Management Team are accountable to the Board for performance of these duties.

Specific limits on the authority delegated to CEO and the Management Team are set out in the Board-approved Delegation of Authority Policy. This policy is reviewed and approved annually in line with the approved budget and strategies.

The Management Team comprises of the CEO and the direct reports to the CEO. (see Recommendation 1.3)

Recommendation 1.2

A listed entity should:

- (a) *undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and*

- (b) *provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.*

When a vacancy arises, the Board considers candidates with a broad range of financial and other skills, experience and expertise from a diverse range of backgrounds. Candidates are considered on merit and against objective criteria, and with due regard for the benefits of diversity on the Board.

When the Board considers that a suitable candidate has been found, that person is appointed by the Board to fill a casual vacancy in accordance with Ellex's Constitution, but must stand for election by Shareholders at the next Annual General Meeting (AGM).

New directors are given a thorough briefing by the Remuneration Committee on key Board issues and provided with appropriate induction documentation in compliance with Australian Quality Standard AS/NZS ISO 13485-2003.

The director's interest register is reviewed annually by the Board directors and updated with current and previous positions, directorships and any potential conflicts of interests.

All material information relevant to a shareholder's decision whether to elect or re-elect a director is provided to shareholders in the Company's Notice of Annual General Meeting. The following information is provided to Shareholders to enable them to make an informed decision on whether or not to elect or re-elect the candidates.

- Details of other material directorships held by the candidate;
- The term of office currently served by the director; and
- A statement by the board as to whether it supports the election or re-election of the candidate.

Recommendation 1.3

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

The Company has a written agreement with each director and executive setting out the terms of their appointment.

Recommendation 1.4

The company secretary of a listed entity should be accountable directly to the board, through the chair, on all matters to do with the proper functioning of the board.

The Company Secretary has a direct line of reporting to the Chairman and is responsible for:

- monitor that Board policy and procedures are followed;
- organise Board meetings and Director attendance;

- co-ordinate the completion and dispatch of the Board agenda and briefing materials;
- prepare minutes of meetings and resolutions of the Board and take these to the Chair for approval and circulation and;
- ensure Ellex's compliance with its requirements under the Corporations Act regarding registered office, annual returns and notices to be lodged with the Australian Securities and Investments Commission and ASX

The responsibilities of the Company Secretary are set out in the Board Charter.

Recommendation 1.5

A listed entity should:

- have a diversity policy which includes requirements for the board or a relevant committee of the board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them;*
- disclose that policy or a summary of it; and*
- disclose as at the end of each reporting period the measurable objectives for achieving gender diversity set by the board or a relevant committee of the board in accordance with the entity's diversity policy and its progress towards achieving them, and either:*
 - the respective proportions of men and women on the board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or*
 - if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined in and published under that Act.*

Given the size of the Company and the nature of its operations, the directors believe that it is not appropriate at this stage to set measurable objectives in relation to diversity that may constrain the Company's ability to recruit solely on merit.

The Company is the only publicly listed ophthalmic laser manufacturer in Australia, and one of only a dozen such manufacturers worldwide. Recruiting qualified and experienced staff is, and has been, a significant challenge during the Company's 30 year history. With an extremely limited pool of appropriate candidates for many roles throughout the organisation, the Company considers that it would be detrimental to shareholder interests to recruit on any basis other than merit.

Notwithstanding this, as an international employer across four continents, the Company's consistent practice is to hire and promote the best available person for any given role, irrespective of gender, age, ethnicity or cultural background. The Company is an equal opportunity employer and this is reflected in the current diversity of its workforce.

As the Company grows and diversifies, the Board will continue to consider whether it is appropriate to implement a formal diversity policy.

The entity is a "relevant employer" under the *Workplace Gender Equality Act*. In June 2016, the Company submitted a report for the 2015-16 period which set out its "Gender Quality Indicators". A

copy of this report is located at Ellex Corporate Governance section www.ellex.com for the **Workplace Gender Report**

Recommendation 1.6

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and*
- (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.*

The performance of the Board, of each of its Committees, the Chairman and each director is reviewed annually. An annual review of the Board performance meeting is held internally each year.

The review is minuted in the relevant Committee and Board minutes for reference.

Recommendation 1.7

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of its senior executives; and*
- (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.*

The performance of senior executives is reviewed annually against key performance measures as part of Ellex's performance management system, which is in place for managers and employees.

The system includes processes for the setting of key measures at the commencement of the financial year and the annual assessment of performance against these measures. Some performance measures are on Ellex's overall financial performance and other performance measures are specifically set in line with the individual role and responsibilities of the Management Team member.

The Remuneration Committee performance review the overall human resources strategy and monitor its implementation and effectiveness and make recommendations to the Board.

The committee will review and determine the remuneration policy, both short and longer term, including but not limited to fixed, performance and equity based remuneration as well as termination arrangements.

During the reporting period, a performance evaluation of the senior executives was undertaken by the Company in accordance with agreed processes.

Details of the evaluation process and the result of performance evaluations are disclosed in the Remuneration Report in the 2016 Annual Report.

Given the size of the Company, the role of the Nomination Committee is undertaken by the Board itself.

Recommendation 2.2

A listed entity should have and disclose a board skills matrix setting out the mix of skills and diversity that the board currently has or is looking to achieve in its membership.

Recommendation 2.4

A majority of the board of a listed entity should be independent directors.

A majority of the Company's Board are independent directors 3 out of the 5 directors are independent.

Given the size and specialised nature of its operation an in-depth understanding and detailed knowledge of the Company and its issues, greater access to information and a high degree of knowledge in the field is regarded to add Board value.

In determining whether a director is independent, the Boards consider whether the Director:

- has been employed in an executive capacity by Ellex and there has been a gap of more than 3 years between ceasing that employment and serving on the board
- is or has within the last 3 years been:
 - a partner, director, senior employee of a provider of material services to Ellex; or
