

EQUUS MINING LIMITED

CORPORATE GOVERNANCE

This Corporate Governance Statement is current as at 18 September 2019 and has been approved by the Board of Equus Mining Limited ('the Company') and its controlled entities (together with the Company, 'the Group') on that date. A copy can be found on the Company's website at www.equusmining.com.

This statement outlines the main Corporate Governance practices that were in place throughout the financial year, which comply with the Australian Stock Exchange ('ASX') Corporate Governance Principles and Recommendations ('Recommendations'), unless otherwise stated.

CORPORATE GOVERNANCE STATEMENT

The Board of Directors of the Company ('the Board') is committed to maintaining the highest standards of Corporate Governance. Corporate Governance is about having a set of core values and behaviours that underpin the Group's activities and ensure transparency, fair dealing and protection of the interests of stakeholders.

The Board supports the Principles of Good Corporate Governance and Best Practice Recommendations developed by the ASX Corporate Governance Council ('Council'). Whilst the Group's practices are largely consistent with the Council's guidelines, the Board considers that the implementation of some recommendations are not appropriate having regard to the nature and scale of the Group's activities and size of the Board. The Board uses its best endeavours to ensure exceptions to the Council's guidelines do not have a negative impact on the Group and the best interests of shareholders as a whole. When the Group is not able to implement one of the Council's recommendations the Group applies the 'if not, why not' explanation approach by applying practices in accordance with the spirit of the relevant principle.

The following discussion outlines the ASX Corporate Governance Council's eight principles, associated recommendations, and the extent to which the Group complies with those recommendations.

Details of all of the Council's recommendations can be found on the ASX website at www.asx.com.au

Principle 1 – Lay solid foundations for management and oversight

Board role and responsibilities

The Board is responsible for, and has the authority to determine, all matters relating to the policies, practices, management and operations of the Group. The Board is also responsible for the overall corporate governance and management oversight of the Group and recognises the need for the highest standards of behaviour and accountability in acting in the best interests of the Group as a whole.

The Board also ensures that the Group complies with all of its contractual, statutory and any other legal or regulatory obligations. The Board has the final responsibility for the successful operations of the Group.

Where the Board considers that particular expertise or information is required, which is not available from within their members, appropriate external advice may be taken and reviewed prior to a final decision being made by the Board.

Without intending to limit the role of the Board, the principal functions and responsibilities of the Board include the following:

- formulation and approval of the strategic direction, objectives and goals of the Group;
- the prudential control of the Group's finances and operations, monitoring the financial performance and approving budgets and major expenditures of the Group,
- the resourcing, review and monitoring of performance of senior management;
- ensuring that adequate internal control systems and procedures exist and that compliance with these systems and procedures is maintained;
- the identification of significant business risks and ensuring that such risks are adequately managed;
- the timeliness, accuracy and effectiveness of communications and reporting to shareholders and the market;
- the establishment and maintenance of appropriate ethical standards;
- overseeing the integrity of the accounting and corporate reporting systems and the external audit process;
- approving the Group's remuneration framework; and
- monitoring the effectiveness of corporate governance practices.

Having regard to the current size of the Group and the nature of its activities and the composition and structure of the Board, those functions usually reserved to management for implementing the strategic objectives of the Group are the responsibility of the Executive Director.

The Company has followed Recommendation 1.1 by establishing the functions reserved to the Board and those delegated to senior executives as disclosed above.
