GEOPACIFIC RESOURCES LIMITED
CORPORATE GOVERNANCE STATEMENT 2016

This Corporate Governance Statement is current as at 16 March 2017 and was reviewed and approved by the Board of Directors on that date.

The Statement is designed to set out the key features of the corporate governance framework that Geopacific Resources Limited (Geopacific or the Company) has established. The Company's corporate governance practices reflect the commitment of the Board of Directors to implement the highest standards of ethics, integrity, legal and statutory compliance.

In establishing the corporate governance framework of the Company, the Board has adopted, where appropriate, practices consistent with the ASX Corporate Governance Council's Principles and Recommendations (3rd Edition). Where after consideration, the Company's corporate governance practices depart from the recommendations, this statement provides an explanation for the adoption of an alternative practice in compliance with the "if not, why not" reporting regime. All practices, unless otherwise stated, were in place for the entire reporting period ended 31 December 2016.

All Policies and Charters referred to in this Statement are available in the Corporate Governance Page on the Company's website www.geopacific.com.au

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

Recommendation 1.1.

A listed entity should disclose:

- (a) the respective roles and responsibilities of its board and management; and
- (b) those matters expressly reserved to the board and those delegated to management.

The Board is responsible for the overall performance of the Company, monitoring financial performance, reviewing and monitoring systems of risk management and internal control, overseeing the corporate governance of the Company and monitoring the implementation of the Company's code of conduct, policies and charters that reflect the values of the Company and guide the conduct of its Directors and employees.

The Managing Director, supported by senior management, is responsible for the management of the day-to-day activities of the Company and in addition is responsible for advancing the strategic direction of the Company as set and monitored by the Board.

The Company has established respective roles and responsibilities of its Board and management, including those matters expressly reserved to the Board and those delegated to management. The roles and responsibilities of the Board and management are further described and documented in the Company's *Board Charter*.

Recommendation 1.2

A listed entity should:

- (a) undertake appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director; and
- (b) provide security holders with all material information in its possession relevant to a decision on whether or not to elect or re-elect a director.

The Company undertakes appropriate checks before appointing a person, or putting forward to security holders a candidate for election, as a director.

A profile of each Director is included in every Annual Report and the Company ensures that all information in its possession relevant to a Shareholder's decision on whether to elect or re-elect a Director is provided to Shareholders in the relevant Notice of Meeting. This recommendation is adopted in section 2.2 of the Company's *Board Charter*.

Recommendation 1.3

A listed entity should have a written agreement with each director and senior executive setting out the terms of their appointment.

All Directors and Senior Executives of the Company have entered into written appointed agreements. Directors and Senior Executives are provided with a formal letter of appointment that sets out the terms and conditions of their appointment including their duties, rights and responsibilities.

Recommendation 1.4

The company secretary of a listed entity should be accountable directly to the board, through the chair on all matters to do with the proper functioning of the board.

The Company Secretary is appointed by the Board and has a dual reporting function to the Managing Director and the Board. The Company Secretary has a direct line of communication with the Chairman and all Directors on all matters to do with the functioning of the Board.

The responsibilities of the Company Secretary are outlined in the Company's *Board Charter*.

Recommendation 1.5

A listed entity should:

- (a) have a diversity policy which includes requirements for the board or a relevant committee of the board to set measurable objectives for achieving gender diversity and to assess annually both the objectives and the entity's progress in achieving them;
- (b) disclose that policy or a summary of it; and disclose at the end of each reporting period the measurable objectives for achieving gender diversity set by the board or a relevant committee of the board in accordance with the entity's diversity policy and its progress towards achieving them, and either:
 - (i) the respective proportions of men and women on the board, in senior executive positions and across the whole organisation (including how the entity has defined "senior executive" for these purposes); or
 - (ii) if the entity is a "relevant employer" under the Workplace Gender Equality Act, the entity's most recent "Gender Equality Indicators", as defined and published under the Act.

The Company's *Diversity Policy* is applicable to all Company Directors, Officers and employees and includes, but is not limited to, factors such as gender, age and ethnicity.

The Policy provides the opportunity for the Board and relevant Committees to set measurable objectives for achieving gender diversity in accordance with the Diversity Policy and to annually assess both the objectives and progress in achieving those objectives.

During the reporting period, no measurable objectives were set. The Board considered it to be impractical to set measurable objectives of this nature given the size and nature of the organisation.

The respective proportions of men and women on the Board, in senior executive positions and across the whole organisation as at 31 December 2016 are displayed in the table below. A Senior Executive comprises the senior management team and is delegated tasks by the Managing Director to whom they report to directly. A Senior Executive has authority to materially influence the strategy, direction and operation of the Company's performance.

As at the end of the reporting period 31 December 2016, the proportion of men to women across the whole organisation, Senior Executive positions and the Board are reported in the table below.

Category	Proportion of Women	
	By Number	By Percentage
Whole Organisation	5 out of 14	36%
Senior Executive Positions	1 out of 5	20%
Board	0 out of 4	0%

Recommendation 1.6

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of the board, its committees and individual directors; and
- (b) disclose in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.

The process of periodic evaluation of the Board, Board committees and individual Directors is outlined in the Company's *Board Charter*.

The Board will arrange for a performance evaluation of itself, its Committees and individual Directors to be conducted on an annual basis.

The review is based around the achievement of key goals for the Board and individual Directors. The goals are based on key corporate requirements and any areas for improvement that may be identified.

The Board considers the outcomes of the reviews in a dedicated meeting, designed to develop a series of actions and goals to guide improvement. It is the Chairman's role to provide each Director with confidential feedback on his or her performance.

Recommendation 1.7

A listed entity should:

- (a) have and disclose a process for periodically evaluating the performance of its senior executives; and
- (b) disclose, in relation to each reporting period, whether a performance evaluation was undertaken in the reporting period in accordance with that process.

The process of periodic evaluation of senior executives is disclosed in the Company's *Board Charter*.

All senior executives at the Company are subject to an annual performance evaluation. Senior executives (including the CEO) each establish a set of performance targets. These targets are aligned to overall business goals and the Company's requirements of the position.

An informal assessment of progress is carried out throughout the year. A full evaluation of the Executive's performance against the agreed targets takes place annually. This will normally occur in conjunction with goal setting for the coming year.

During the reporting period an evaluation of Senior Executives took place in accordance with the process disclosed in the Company's *Board Charter*.

Due to the size and composition of the Board, the Company has not established a Nomination Committee. Instead, the Board undertakes the role of the Nomination Committee. The board considers that the establishment and operation of a separate Nomination Committee would not provide any additional benefits.

The Board has the power to establish a Nomination Committee that complies with Recommendation 2.1, however given the current size and composition of the Board a Nomination Committee would not be more efficient nor effective than the Board performing the role and responsibilities of the Nomination Committee.

The Board has adopted a *Nomination Committee Charter* and a *Remuneration Committee Charter*. The *Nomination Committee Charter* addresses the processes employed to address board succession issues, to ensure an appropriate balance of skills, knowledge, experience, independence and diversity to enable The Board to discharge its duties and responsibilities effectively.
