JCurve Solutions partners with MYOB to expand ERP portfolio

JCurve Solutions Limited (ASX: JCS) announces a new partnership with MYOB, the fastest growing cloud ERP provider in Australia and New Zealand, to further expand JCS's ERP solutions portfolio.

This new partnership enables JCS to begin selling, implementing and supporting MYOB Advanced cloud ERP software for larger businesses as an accredited MYOB partner.

The team at JCS has extensive experience in delivering customised ERP solutions based on best practice and will be leveraging this expertise to implement and support the MYOB Advanced platform as a certified partner.

"Our highly skilled team has a strong focus on industry-specific business process optimisation. We've built in-depth knowledge of cloud ERP solutions with our team of experts that have helped customers streamline their operations and boost profitability through over 550 successful ERP implementations", explained CEO Stephen Canning.

"We're excited to add MYOB Advanced to our portfolio. Advanced offers our team new opportunities to deliver tailored solutions for our clients. With Advanced we now feel JCS is better placed to provide customers with a choice of their preferred cloud ERP platform to best suit their specific business requirements. MYOB have a pedigree as a leading provider of business solutions with which we're thrilled to be associated. With MYOB's continuing investment in developing the product specifically for the needs of Australian and New Zealand businesses, we feel we've enhanced JCS's capabilities. We look forward to working with MYOB as we continue to rapidly grow our ERP division," explained Stephen Canning.

MYOB Advanced is the fastest growing cloud ERP platform for the ANZ mid-market. A locally hosted end-to-end ERP system, Advanced enables clients to take control of inventory, sales, distribution, CRM, finance and payroll to grow their business.

Carolyn Luey, General Manager of Enterprise Solutions at MYOB stated “MYOB is delighted to have JCurve Solutions working with us to distribute MYOB Advanced. JCurve Solutions is one of the most experienced implementers of cloud ERP solutions in the market today and will make a valuable addition to MYOB’s network of local business partners in the mid-market”.

“JCurve Solutions will enhance MYOB’s ability to service the demand in the market today and look forward to a very successful partnership with the team” Luey concluded.

JCS remains committed to being one of the largest 5-star NetSuite solution provider partners, including exclusivity to the small business edition, JCurve ERP within Australia and New Zealand, and is continuing to explore Asia-based opportunities.

About MYOB Advanced:

MYOB Advanced is a cloud native ERP and Payroll solution built for the Australian and New Zealand mid-market. As a unified platform, it offers the ability to consolidate systems and processes into a single cloud based solution accessible on any device. MYOB Advanced has the power, flexibility and scalability to grow with your business.
