Contract Award – Peculiar Knob Iron Ore Direct Shipping Ore Project Mining Services Contract

MACA Limited ('MACA') (ASX: MLD) is pleased to announce that Southern Iron Pty Ltd (a wholly owned subsidiary of WPG Resources Ltd (ASX: WPG)) has awarded a 70 month mining services contract to Mining & Civil Australia Pty Ltd (a wholly owned subsidiary of MACA Limited) at the Peculiar Knob Iron Ore Direct Shipping Ore (DSO) Project located 90km south east of Coober Pedy in South Australia.

The contract will generate approximately \$285 million in revenue over a period of nearly 6 years. Services to be provided by MACA include drilling and blasting and loading and haulage of ore and waste material.

Mobilisation to site is expected to commence in April 2011. MACA will employ over 100 people on this project when the works are in full production.

The Peculiar Knob project is the first contract awarded to MACA outside Western Australia and represents an important next phase of growth for the company.

WPG Resources Ltd is an emerging South Australian iron ore DSO producer that will be exporting approximately 3.3 mtpa of high grade DSO once in full production. WPG believes that the Peculiar Knob project is Australia's highest grade undeveloped iron ore DSO deposit. MACA looks forward to assisting WPG in meeting its objectives.
