MACA preferred contractor for Blackham Resources Matilda Gold open pit mining contract

MACA Limited ('MACA') (ASX: MLD) is pleased to advise it has been confirmed as preferred tenderer for Blackham Resources Limited ('Blackham') (ASX: BLK) in relation to Open Pit Mining services at its Matilda Gold project in the Wiluna area.

The project will consist of open pit mining services including drilling and blasting, and loading and hauling. The duration of the project is expected to be 32 months and generate approximately \$115 million in revenue. At its peak the project will employ in excess of 100 personnel. The project will require some new equipment and utilise the majority of MACA's otherwise idle mobile plant and equipment. Mobilisation to site is already underway, with mining operations to commence as soon as practicable.

MACA Operations Director Geoff Baker said "We are delighted to have been selected preferred contractor and look forward to developing a long term working relationship with the Blackham team at the Matilda project".

The award of the Matilda Gold project will result in our Work in Hand position at 30 June 2016 being approximately \$1.1 billion.
