## Preferred Contractor Status – Mt Magnet Open Pit Mining Contract

---

MACA Limited ('MACA') (ASX:MLD) is pleased to advise it has been confirmed as Preferred Contractor by Ramelius Resources Limited ('Ramelius') (ASX: RMS) in relation to Open Pit Mining Services at the Mt Magnet Gold Project and surrounding satellite pits including Milky Way, Stellar, Stellar West, Brown Hill, Vegas and Shannon. The final contract award is subject to final statutory approvals and finalisation of contract terms, with works expected to commence in July.

The project will consist of open pit mining services including drilling and blasting, and loading and hauling. The duration of the project is expected to be approximately 32 months, generating approximately \$100 million in revenue for MACA.

Further to this MACA is pleased to advise it has executed the contract and commenced work at the Gruyere Gold Project (as announced 3 April 2017). The Gruyere Bulk Earthworks Contract is a schedule of rates contract for an expected duration of 15 months and will generate \$49 million in revenue for MACA.

Work has also commenced this month at Northern Minerals' Browns Range Project under both the Mining and Bulk Earthworks Agreements. The project is expected to generate approximately \$10 million in revenue over a 6 month period.

MACA Executive Director Geoff Baker commented 'MACA would like to thank Ramelius for the opportunity to work with them at Mt Magnet. The three projects discussed above result in three new clients for MACA over the last quarter. We look forward to working closely together to ensure mutual success'.
