## Agreement signed to market and distribute MGC Nutraceuticals CBD based products into Chinese health products market

ASX  
RELEASE

- Marketing and Distribution agreement signed with Chinese e-commerce import platform YuShop Global (YuShop), to sell the Company's CBD and hemp-enhanced Nutraceuticals product range in China
- MGC Pharma's nutraceutical product line includes CBD Hemp Protein Powder, BCAA CBD capsules, CBD Water Soluble Solution and CBD Herbal V-Pen
- Products contain high-grade phytocannabinoids which have been grown, extracted and processed under MGC Pharma's strict quality control guidelines and standards and formulated alongside natural vegan proteins and vitamins
- Targeting Chinese consumers via YuShop's online platform and network of 1,500 retail channel partners, including a luxury spa chain
- YuShop to provide a complete "turn-key" solution to MGC Pharma, being responsible for all sales, marketing, logistics and customer service within China
- Eight-week market test campaign already underway, with a full scale marketing and sales campaign scheduled to be launched in June 2019
- Large Target Market – providing a platform to enter the existing market over 350 million middle-class Chinese vitamin and supplements consumers, who are expected to purchase over US\$20 billion of Vitamins and Supplements in 2020<sup>1</sup>
- MGC Nutraceuticals recently launched its new e-commerce website <https://www.mgcnutraceuticals.com/>

**MGC Pharmaceuticals Ltd (ASX: MXC) (OTC: MGCLF) ("MGC Pharma" or "the Company")** has signed a marketing, sales and distribution agreement to provide its CBD and hemp-enhanced Nutraceutical product line into the Chinese health products market through a tailored campaign designed with Chinese specialist e-commerce retailer YuShop Global ("YuShop").

YuShop, which is the trading name for the US registered company NYC 6 Sixty Madison LLC, will provide MGC Pharma with its first marketing and distribution campaign into the fast-growing Chinese health product market. YuShop specializes in the import and commercialization of innovative health and wellness consumables and provides its merchant partners a turn-key solution for marketing, importing, and selling their products directly to the middle-class and affluent Chinese consumer through their cross-border digital commerce platform.

**MGC Nutraceuticals**

Emerging from the Company’s pharmaceutical grade product development pipeline, MGC Nutraceuticals was created to capture the non-pharmaceutical product lines developed over the past 18 months. Promoting inner health and wellbeing, MGC Nutraceuticals’ product range includes multiple premium products, comprising of supplements and food grade products with natural flavors such as Vanilla, Toffee and Coconut Milk. The products are rich in plant-based proteins, high-quality Hemp CBD and a wide spectrum of vital vitamins and minerals to fuel and recharge your body’s systems, with essential branched-chain amino acids to build your body’s vital proteins.

**Terms of the Marketing, Sales and Distribution Services Agreement**

Under the terms of the agreement, YuShop will sell MGC Pharma’s Nutraceutical products including CBD Hemp protein powder, BCAA CBD capsules, CBD Water Soluble Solution and CBD herbal V-Pen to consumers via its e-commerce platform and retail channel partners. This is a Business to Customer (B2C) services agreement, YuShop is responsible for collecting and transferring sales proceeds to MGC Pharma immediately post completion of transactions. There are no specified minimum contract amounts or volumes under this agreement.

The range of premium CBD and hemp-enhanced products are designed to promote physical balance and wellbeing. They contain high-grade phytocannabinoids which have been grown, extracted and processed under MGC Pharma’s strict quality control guidelines and standards and formulated alongside natural vegan proteins and vitamins.

YuShop, will provide MGC Pharma access to over 1,500 retail channel partner outlets as well as online, app-based, storefronts that will make the Nutraceutical product line available to the market of over 350 million middle-class Chinese vitamin and supplements consumers. This Chinese consumer market is forecast to purchase over US\$20 billion of Vitamins and Supplements in 2020<sup>2</sup>, with foreign products being in high demand because of the perceived superior quality and reduced counterfeit products often associated with domestic brands.

Additionally, YuShop will provide the marketing, sales, logistics and customer service for MGC Pharma's Nutraceutical products within China with a turn-key marketing solution specifically designed for a Chinese market. This will include the provision of market research, product and brand positioning, translation of marketing materials and instructions, training and support to product sales teams, product placement, logistics from MGC Pharma's manufacturing facility to customers in China, channel partner management, paid traffic and conversion campaigns, product sales, and customer care.

YuShop has already commenced an eight-week market test which will provide the data allowing for a full-scale sales campaign expected to launch in June 2019.

### Roby Zomer, Co-founder and Managing Director, MGC Pharmaceuticals commented,

"The expanded sales distribution into China represents a significant step forward in the commercialisation strategy of MGC Pharma's Nutraceutical range. We are focused on a growth strategy of becoming a leading global provider of phytocannabinoid health products, including our Nutraceutical range, on top of our leading medicinal products. The recently announced permit approval for the United Kingdom, and first formal sales orders received from the UK and Australia for CannEpi™, that targets the treatment of drug resistant refractory epilepsy, demonstrates our delivery on and commitment to this strategy."

### Nathan Halsey, CEO, YuShop Global commented,

"I am excited to have the opportunity to bring MGC's expanded line of CBD-infused Nutraceutical products to the China consumer market. MGC Pharma's current product offering, along with their product roadmap, is going to lead a technology-backed CBD product demand surge in China. Where most CBD brands today are limited to CBD oil tinctures and gel capsules, MGC Pharma's expanded line of CBD-infused Protein Powders, Multi-Purpose Vitamins, and Nutraceuticals are not only advanced for the UK and North American markets, they are in a category of their own currently in China."

--End--
