# SUPPLEMENTARY TARGET'S STATEMENT LDC TAKEOVER OFFER

This document is the first supplementary target's statement (**Supplementary Target's Statement**) issued by Namoi Cotton Limited (ACN 010 485 588) (**Namoi**) under section 644 of the *Corporations Act 2001* (Cth) in relation to the off-market takeover bid by Louis Dreyfus Company Melbourne Holdings Pty Ltd (**LDC**) to acquire all of the Namoi Shares the LDC Group does not already own (**Offer**).

This Supplementary Target's Statement supplements, and is to be read together with, Namoi's Target's Statement dated 22 May 2024 in relation to the Offer (**Target's Statement**). A copy of the Target's Statement can be obtained from Namoi's website at <https://www.namoicotton.com.au/takeover/>.

**If you have any questions in relation to the Offer (or the Olam Takeover Offer) you should seek independent financial and taxation advice and you can contact the Namoi Shareholder Information Line on 1300 265 118 (within Australia) or +61 3 9415 4151 (outside Australia) which is available Monday to Friday, between 8.30am to 5.00pm (Sydney time) on a Business Day.**

## ACCEPT THE LDC OFFER

Your Independent Directors  
unanimously recommend that you **ACCEPT** the Offer  
from Louis Dreyfus Company Melbourne Holdings Pty Ltd  
(in the absence of a superior proposal and subject to the  
Independent Expert continuing to conclude that the Offer is fair  
and reasonable to Namoi Shareholders)

Unless the context requires otherwise, defined terms in the Target's Statement have the same meaning in this Supplementary Target's Statement. This Supplementary Target's Statement prevails to the extent of any inconsistency with the Target's Statement.

A copy of this Supplementary Target's Statement was lodged with ASIC today. Neither ASIC nor any of its officers takes any responsibility for the contents of this Supplementary Target's Statement. A copy of this Supplementary Target's Statement has also been provided to ASX. Neither ASX nor any of its officers takes any responsibility for the contents of this document.

## 1 LDC Offer

The Independent Directors<sup>1</sup> of Namoi note that several recent developments have occurred which have resulted in the Independent Directors reconsidering their recommendation in relation to the Offer. These include:

1. The ACCC announced on 1 August 2024 that it will not oppose the Offer, after accepting a court-enforceable undertaking from the LDC Group to:
  - (a) divest its shares in ProClass Pty Ltd; and
  - (b) terminate its joint venture with WANT Cotton Pty Ltd.
2. On 4 September 2024, LDC released its third supplementary bidder's Statement which announced that:
  - (a) the Offer received FIRB approval; and
  - (b) LDC had freed the 50.1% Minimum Acceptance Condition and Prescribed Occurrence Condition; and
  - (c) The Offer is now unconditional.
3. The Offer now being unconditional is to be contrasted with the Olam Takeover Offer, which is still conditional on FIRB approval, ACCC approval, a minimum acceptance condition and a prescribed occurrence condition.
4. LDC's Relevant Interest in Namoi Shares has increased to approximately 20.24%.
5. The ACCC has requested further information from Olam and has delayed the proposed date for announcement of its findings in relation to the Olam Takeover Offer until at least 31 October 2024.

## 2 Independent Expert's opinion

The Independent Directors asked the Independent Expert, BDO Corporate Finance Ltd (**BDO**), to consider the Offer in the context of the change in circumstances outlined above and advise whether these factors result in any change to its opinion.

After considering these matters, BDO has formed the view that the Offer is fair and reasonable to Namoi Shareholders as at the date of this Supplementary Target's Statement. BDO's letter to Namoi Shareholders which sets out this view (**Independent Expert's Second Supplementary Disclosure**) is annexed to this Supplementary Target's Statement as Attachment 1 and should be read in full.

## 3 Independent Directors' recommendation

Given the fact that the Offer is now unconditional, and noting the other circumstances outlined above, as well as the revised view of the Independent Expert that the Offer is now fair and reasonable to Namoi Shareholders, the Independent Directors unanimously recommend that Namoi Shareholders **ACCEPT** the Offer (in the absence of a superior proposal and subject to the Independent Expert continuing to conclude that the Offer is fair and reasonable to Namoi Shareholders).

As at the date of this Supplementary Target's Statement, each Independent Director who holds Namoi Shares also intends to accept the Offer in respect of those Namoi Shares (in the absence of a superior proposal and subject to the Independent Expert continuing to conclude that the Offer is fair and reasonable to Namoi Shareholders).

The Independent Directors consider the Olam Takeover Offer, in its current form, on balance, to be an inferior proposal to the Offer and recommend that you **TAKE NO ACTION** in relation to the Olam Takeover Offer.

<sup>1</sup> Ms Sarah Scales, LDCA's appointed nominee to the Namoi Board, is abstaining from making a recommendation to Namoi Shareholders due to her association with LDCA.

## 4 Reasons to ACCEPT the Offer

The Independent Directors recommend that Namoi Shareholders accept the revised Offer for the following reasons:

1.	The Offer is now unconditional (noting the ACCC Clearance Condition, the FIRB Condition, the 50.1% Minimum Acceptance Condition and the Prescribed Occurrences Condition have each either been fulfilled or freed)
2.	The Offer provides an opportunity to realise certain value for your Namoi Shares which may not be achieved if the Offer does not proceed
3.	If you do not accept the LDC Offer your options to realise appropriate value for your Namoi shares in the future could be constrained
4.	If you do not accept the Offer there is a risk that you may become a minority shareholder in Namoi
5.	Namoi Shares may trade below the Offer Price if the Offer is not accepted
6.	The Independent Expert determined the Offer is fair and reasonable to Namoi Shareholders as at the date of the Independent Expert's Second Supplementary Disclosure
7.	No superior proposal has emerged as at the date of this Supplementary Target's Statement

1. The Offer is no longer subject to any conditionality (noting the ACCC Clearance Condition the FIRB Condition, the 50.1% Minimum Acceptance Condition and the Prescribed Occurrences Condition have each been satisfied or freed).

As the LDC Takeover Offer is now unconditional, the LDC Takeover Offer provides certain and immediate cash consideration for your Namoi Shares. Namoi Shareholders who accept the Offer will be paid the Offer Price for the Namoi Shares 10 Business Days after the later of:

- (a) receipt of your valid acceptance; or
- (b) the date on which the LDC Takeover Offer became unconditional (which occurred on 4 September 2024).

The Olam Takeover Offer remains subject to approval by both the ACCC and FIRB as well as a minimum acceptance condition and prescribed occurrences condition.

On 20 June 2024 the ACCC released a 'Statement of Issues', identifying the preliminary competition concerns it has with Olam's proposed acquisition of all Namoi Shares. On 2 August 2024, the ACCC requested further information from Olam and the ACCC may seek further information on those issues before making its final decision. The proposed date for making its final decision in relation to the Olam Takeover Offer was previously 22 August 2024, however the ACCC has since announced that this has been delayed until at least 31 October 2024.

It is uncertain when, if ever, the Olam Takeover Offer will become unconditional.

2. The Offer provides an opportunity to realise certain value for your Namoi Shares which may not be achieved if the Offer does not proceed. If you accept the Offer in accordance with the instructions contained in the Bidder's Statement, you will be paid \$0.67 cash for each Namoi Share that is accepted into the Offer, 10 Business Days after the later of receipt of your valid acceptance and the date on which the LDC Takeover Offer became unconditional (which occurred on 4 September 2024).

Although the Offer Price of \$0.67 per Namoi Share is less than the Olam Takeover Offer Price of \$0.70 per Namoi Share, the Independent Directors consider that the certainty and more proximate payment to Namoi Shareholders under the unconditional Offer means that the Olam Offer Price is insufficient when compared to the Offer Price, given the greater uncertainty associated with the Olam Takeover Offer.

3. If you do not accept the LDC Offer your options to realise appropriate value for your Namoi shares in the future could be constrained based on the potential options available:
  - (a) **Selling your shares on-market now or in the future** - as at 10 September 2024 (being the last Business Day before the date of this Supplementary Target's Statement), the closing price of Namoi Shares was \$0.69, which is \$0.02 above the Offer Price \$0.67 per Namoi Share. However, Namoi Shareholders should note that in the 12 months prior to (and including) 27 November 2023 (being the last day Namoi Shares traded on the ASX before the LDC Group's initial approach to Namoi was announced), Namoi Shares traded at prices ranging between \$0.335 and \$0.475. The market price of Namoi Shares may revert to its Undisturbed Historic Market Prices after completion of the Offer.
  - (b) **Accepting the Olam Takeover Offer at \$0.70 per share which is a \$0.03 per share premium to the Offer Price at \$0.67 per share** - however, Namoi Shareholders should note that the Olam Takeover Offer remains subject to material conditions including ACCC approval, FIRB approval, a minimum acceptance condition of 50.1% and a no prescribed occurrences condition. Accordingly, there is no guarantee that the Offer will ultimately be declared unconditional. Even in the event the Olam Takeover Offer is ultimately successful there could be a material delay in the timing of payment and Namoi Shareholders should consider their own cost of capital in assessing the timing cost of waiting.
  - (c) **A future offer for your shares due to a change of control transaction that could crystallise a control premium for your shares** – Namoi Shareholders should note that the LDC Offer represents a material control premium to the Undisturbed Historic Market Prices. There can be no certainty that any future change of control transaction will emerge and the LDC Group's shareholding in Namoi and LDCA's interest in the NCA and NCMA joint ventures could constrain the ability to attract future third party interest in Namoi.
4. There is a risk that you will become a minority shareholder in Namoi if:
  - (a) you do not accept the Offer (or the Olam Takeover Offer), and either LDC (or Olam) acquires a Relevant Interest in more than 50% but less than 90% of the shares in Namoi; or
  - (b) you accept the Olam Takeover Offer and Olam does not acquire a Relevant Interest in at least 50.1% of the shares in Namoi in circumstances where LDC acquires a Relevant Interest in at least 50.1% but less than 90% of the shares in Namoi.

As a consequence, the value of your Namoi Shares may decrease, the market in Namoi Shares could become illiquid or LDC (or Olam) may take Namoi off market altogether, meaning you may have less ability to deal with, or realise value for, your Namoi Shares. These risks (and a number of others) are further explained in Section 5.12 and Section 7 of the Target's Statement.

If you accept the Offer, you will not be exposed to the risk of becoming a minority shareholder of Namoi.

5. As at 10 September 2024 (being the last Business Day before the date of this Supplementary Target's Statement), the closing price of Namoi Shares was \$0.69, which is \$0.02 above the Offer Price \$0.67 per Namoi Share.
6. BDO, the Independent Expert which prepared the Independent Expert's Report and the Independent Expert's Supplementary Disclosure (as that term has been defined in the target's statement relating to the Olam Takeover Offer), has been asked to consider the removal of conditionality over the Offer and the change in circumstances outlined at section 1 and provide a written opinion on whether these factors result in any change to its opinion.

The updated opinion is set out in the Independent Expert's Second Supplementary Disclosure attached as Attachment 1.

The Independent Expert has confirmed it still estimates the fair market value of the Namoi Shares to be in the range of \$0.42 to \$0.78 per Namoi Share and concluded that, taking into account the lack of conditionality of the Offer, and the potential timing delays associated with the Olam Takeover Offer, the Offer is fair and reasonable to Namoi Shareholders as at the date of the Independent Expert's Second Supplementary Disclosure.

7. As at the date of this Supplementary Target's Statement, no superior proposal to the Offer has been put to Namoi or is currently under consideration by Namoi. The Independent Directors consider the Olam Takeover Offer, in its current form,<sup>2</sup> on balance, to be an inferior proposal to the Offer.

However, Namoi Shareholders should note that as the Offer is now unconditional they will not be able to withdraw any acceptance of the Offer. Before accepting the Offer, Namoi Shareholders should therefore consider the likelihood of a higher offer eventuating.

Notwithstanding the recommendation of the Independent Directors to **ACCEPT** the Offer and the conclusion of the Independent Expert that the Offer is fair and reasonable to Namoi Shareholders as at the date of the Independent Expert's Second Supplementary Disclosure, you may believe that the Offer Price is insufficient and/or you may hold a different view and believe that the Offer is not in your individual best interests and you may choose not to accept the Offer.

## 5 How to ACCEPT the offer

---

To accept the Offer please follow the instructions set out in section 10.3 of the Bidder's Statement and on the Acceptance Form (which was sent to Namoi Shareholders together with the Bidder's Statement).

As at the last Business Day before this Supplementary Target's Statement the Offer Period has been extended to 7.00pm (Sydney time) on 13 September 2024 (unless further extended or withdrawn). To validly accept the Offer, your acceptance must be received by this time.

Now that the Offer is unconditional, LDC may elect to extend the Offer Period at any time up to the end of the Offer Period, being 7.00pm (Sydney Time) on 13 September 2024.

Additionally, if within the last 7 days of the Offer Period, either:

- (a) LDC varies the Offer to increase the Offer Price; or
- (b) LDC's voting power in Namoi increases to more than 50%,

then the Offer Period will be automatically extended under the Corporations Act so that it ends 14 days after the date of the relevant event. The Offer Period may then be extended again at LDC's election, before any such automatic extension ends.

You should read this Supplementary Target's Statement and the reasons for this recommendation and consult with your investment, financial, taxation or other professional adviser if in doubt about what to do. If you have any other queries, please contact the Namoi Shareholder Information Line on 1300 265 118 or +61 3 9415 4151 (outside Australia) which is available Monday to Friday between 8.30am and 5.00pm (Sydney time) on a Business Day.

## 6 What to do if you have already accepted the Olam Takeover Offer

---

As at the date of this Supplementary Target's Statement, the Olam Takeover Offer remains subject to the Olam FIRB Condition. Accordingly, you may still withdraw your acceptance of the Olam Takeover Offer and accept the Offer. Namoi Shareholders should be aware that if they have accepted the Olam Takeover Offer and the Olam FIRB Condition were to become

---

<sup>2</sup> See the First Supplementary Target's Statement in relation to the Olam Takeover Offer dated 11 October 2024.

satisfied, they would be unable to withdraw their acceptance of the Olam Takeover Offer unless a withdrawal right exists or arises under the Corporations Act.

Additionally, as described at section 5.9(b) of the Olam Target's Statement, an additional withdrawal right has now arisen under the Corporations Act with respect to the Olam Takeover Offer, as Olam has extended the Olam Takeover Offer period (in combination with previous extensions) by more than one month while it is still subject to conditions. Accordingly, each Namoi Shareholder who has validly accepted the Olam Takeover Offer on or before 3 September 2024 has the right to withdraw their acceptance of the Olam Takeover Offer, by giving a written notice of withdrawal to Olam (please refer to Olam's announcement 'Extension of Olam Agri Takeover Bid' dated 3 September 2024 for further details on how to give a withdrawal notice). After withdrawing your acceptance of the Olam Takeover Offer, you may accept the Offer.

This withdrawal right exists irrespective of whether or not the Olam FIRB Condition has been satisfied and must be exercised within one month, beginning on the day after the day on which you received a copy of Olam's notice of variation.

The Olam Takeover Offer is currently expected to lapse at 7.00pm (Sydney time) on 8 October 2024 (unless extended or withdrawn).

## 7 Additional Information

---

At section 5.2 of the Target's Statement (Overview of LDC's interest in Namoi), it was noted that LDC's Relevant Interest in Namoi Shares was approximately 16.99%. Following acceptances of the Offer, as at the last Business Day before this Supplementary Target's Statement, LDC's interest in Namoi Shares is now approximately 20.24%.

At section 5.7(c) of the Target's Statement (ACCC Clearance Condition), a status update was provided with regard to the ACCC Clearance Condition. As noted above the ACCC announced on 1 August 2024 that it does not intend to oppose the Offer after accepting a court-enforceable undertaking from the LDC Group to divest its shares in ProClass Pty Ltd and terminate its joint venture with WANT Cotton Pty Ltd.

At section 8.8 of the Target's Statement (Namoi Residual Capital Stock), it was noted that the 1,621,628 Namoi Residual Capital Stock on issue would be redeemed on 4 June 2024. This redemption has now occurred and payment has been made to the relevant Namoi Residual Capital Stock Holders. Accordingly there are no longer any Namoi Residual Capital Stock on issue.

Dear Shareholders,

## Supplementary Disclosure 2

BDO Corporate Finance Ltd ('BDOCF') was engaged to:

1. Prepare an independent expert's report dated 20 May 2024 ('the IER') to the shareholders of Namoi Cotton Limited ('Namoi' or 'the Company') in relation to the off-market takeover offer made by Louis Dreyfus Company Melbourne Holdings Pty Ltd ('LDC') for all the ordinary shares in Namoi not already held by itself or its related bodies corporate ('the LDC Takeover Offer'). The consideration to be received by the Namoi shareholders ('the Shareholders') under the LDC Takeover Offer is cash consideration of \$0.67<sup>1</sup> per Namoi share. The terms of the LDC Takeover Offer are summarised in the replacement LDC Bidder's Statement dated 7 May 2024. The IER was included in the LDC Target's Statement released by Namoi to the ASX on 22 May 2024.
2. Provide supplementary disclosure in a letter dated 28 May 2024 to the Shareholders ('Supplementary Disclosure 1') in relation to the off-market takeover offer from Olam Agri Australia Pty Ltd ('Olam') for all the ordinary shares in Namoi ('the Olam Takeover Offer'). The consideration to be received by Shareholders under the Olam Takeover Offer is cash consideration of \$0.70<sup>1</sup> per Namoi share. The terms of the Olam Takeover Offer are summarised in the replacement Olam Bidder's Statement dated 16 May 2024. The Supplementary Disclosure 1 was included in the Olam Target's Statement released by Namoi to the ASX on 31 May 2024.
3. Provide this supplementary disclosure in a letter dated 10 September 2024 to the Shareholders ('Supplementary Disclosure 2') in relation to the LDC Takeover Offer of \$0.67 per Namoi share becoming unconditional (refer to the announcement on Namoi's ASX platform 4 September 2024 entitled 'Supplementary Bidder's Statement' ('the Supplementary Bidders Statement')) and other recent developments.
4. Provide supplementary disclosure in a letter dated 10 September 2024 to the Shareholders ('Supplementary Disclosure 3') in relation to the Olam Takeover Offer in light of the LDC Takeover Offer becoming unconditional (as announced on 4 September 2024) and other recent developments.

In this Supplementary Disclosure 2 BDOCF has expressed an opinion as to whether or not the LDC Takeover Offer is 'fair and reasonable' to the Shareholders. This Supplementary Disclosure 2 has been prepared solely for use by the Shareholders to provide them with information relating to the LDC Takeover Offer. The Directors of the Company which are not associated with the Olam group or the LDC group have determined that it is appropriate to include supplementary disclosure in the supplementary Target's Statement dated on or around 11 September 2024 prepared by Namoi ('the Supplementary Target's Statement') responding to the Supplementary Bidders Statement and other recent developments.

This Supplementary Disclosure 2 does not set out all matters that may be relevant to a Shareholder's consideration of the LDC Takeover Offer. Rather, it is intended to be considered in conjunction with the IER, the Supplementary

Disclosure 1, the Supplementary Disclosure 3 and all other relevant market announcements made by Namoi. Unless otherwise stated, terms defined in this Supplementary Disclosure 2 have a meaning consistent with the IER.

This Supplementary Disclosure 2 should be read in full along with all other documentation provided to the Shareholders including the Supplementary Bidder's Statement and the Supplementary Target's Statement.

## 1.0 Fairness Assessment of the LDC Takeover Offer

### 1.1 Value Adopted for a Namoi Share

In our view, for the purposes of the analysis set out in this Supplementary Disclosure 2, it is appropriate to adopt a value in the range of \$0.42 to \$0.78 per Namoi share on a controlling interest basis. In forming this view, we have considered a Sum-of-Parts ('SOP') methodology, including applying a Capitalisation of Maintainable Earnings ('CME') valuation methodology to Namoi's existing core business, and a Market-Based Valuation ('MBV') methodology.

The valuation range adopted in this Supplementary Disclosure 2 is consistent with the valuation range adopted in the IER. Our valuation of Namoi is set out in Section 8 of the IER.

In considering the appropriateness of this valuation range, we had regard to discussions with the management of Namoi in relation to its FY2025 year to date performance and Namoi's ASX announcements. In particular, we note that the 26 June 2024 announcement by Namoi with the headline "Quarterly Activities/Appendix 4C Cash Flow Report" stated:

*"Ginning revenues and payments for operating costs and cottonseed inventory are weighted to the first two quarters (i.e. the 6 months ending 31 August). Receipts from customers for cottonseed marketing and maintenance costs are generally weighted to the third and fourth quarters (i.e. the 6 months ending 28 February)..."*

*With cotton picking underway around 300,000<sup>1</sup> bales have been ginned as at the end of May 2024 (prior season for same period was 250,000 bales<sup>1</sup>). Higher Q1 volume reflects the 2-week earlier commencement of ginning. However recent rainfall in our production valleys has negatively impacted the consistent delivery of cotton modules and cotton quality.*

*ABARES (4 June 2024) is forecasting total cotton production of 4.9 million bales for 2024 season (prior 2023 season was 5.5 million bales). We are expecting a ginning volume of 0.9 to 1.1 million bales for the 2024 season (prior 2023 season was 1.16 million bales)."*

*[Footnote 1: Namoi ginned bale volume for 100% of JV gins]*

We note the 30 July 2024 announcement by Namoi with the headline "Chair's Address to Shareholders" stated:

#### **2024 season and FY25 outlook**

*...To date for the 2024 season we have ginned around 800,000 bales against an expected volume of 1.0 to 1.1 million bales, from a forecast Australian cotton production of 4.9 million bales<sup>8</sup>. This is on the high side of our expected ginning volume announced on 17 April 2024.*

*While our ginning fees this season have kept pace with CPI, we continue to face significant inflationary pressure in input costs and particularly energy charges. Ginning productivity and supply chain utilisation has been negatively impacted by rainfall during picking, interrupting the delivery of cotton modules and lowering cotton quality. However, the Company's overall performance is expected to be supported by additional volumes and cottonseed marketing....*

#### **2025 (FY26) season outlook**

*Above average rain in most of our production valleys, and above average dam water storage levels, are expected to support above average cotton planting at the end of 2024 for the 2025 season. Industry participants are forecasting Australian 2025 season cotton production to be around 5 million bales<sup>9</sup>, similar to the 2024 season.*

*[Footnote 8: Cotton Compass 24 June 2024.]*

*[Footnote 9: Cotton Compass 27 May 2024.]*

We also note the 23 August 2024 announcement by Namoi with the headline "Business Update" stated:

*To date the Company has ginned 920,000 bales against an expected total ginning volume of 1.05 million bales, around 0.1 million bales less than the prior season [FY2024: 1.16 million]. Ginning should be completed in mid-October 2024 following an extended season for our southern gins.*

Namoi Cotton expects FY2025 financial performance to be similar to FY2024 despite the lower ginning volume. The Company is expecting an underlying EBITDA<sup>2</sup> of \$26-29 million in FY2025<sup>3</sup> excluding \$3.5 million in estimated transaction expenses<sup>4</sup> related to the potential change of control transactions.<sup>5</sup> [FY2024: Underlying EBITDA of \$26.3 million excluding \$3.4 million in transaction expenses].

Overall financial performance has been positively supported by improved cost management and Cottonseed Marketing despite the negative impact on Ginning and Supply Chain margin due to increased energy costs and rainfall during picking that interrupted the delivery of cotton and lowering cotton quality.

[Footnote 2: EBITDA: Non-IFRS and unaudited measure defined as earnings before interest, tax, depreciation and amortisation (including share of EBITDA from NCA and share of profit from NCMA and NCPS excluding impairments and revaluation decrements on property, plant and equipment held at fair value).]

[Footnote 3: Forecast EBITDA based on FY2024 earnings to 31 July 2024 from the management accounts, forecast financials for the remainder of FY2025 including estimated realised earnings for cottonseed marketing.]

[Footnote 4: Transaction expenses include costs and fees for legal services, independent expert and advisors. This also includes retention payments to staff.]

[Footnote 5: Off-market takeovers offers from (i) Louis Dreyfus Company Melbourne Holdings Pty Ltd (LDC) (see the LDC Replacement Bidder's Statement dated and released to ASX on 7 May 2024 and the first and second LDC Supplementary Bidder's Statements, also available at <https://www.namoicotton.com.au/takeover/>) and (ii) Olam Agri Australia Pty Ltd (Olam) (see the Olam Replacement Bidder's Statement dated and released to ASX on 16 May 2024 and the first, second, third and fourth Olam Supplementary Bidder's Statements, also available at <https://www.namoicotton.com.au/takeover/>).]

Management have advised that the above guidance remains the best guide to future performance as at the date of this Supplementary Disclosure 2.

## 1.2 Value Adopted for the LDC Takeover Offer Consideration

The Shareholders have been offered a cash payment of \$0.67 for each share they hold in Namoi. For this Report, we have adopted the face value of \$0.67 per Namoi share as the value for the cash consideration.

## 1.3 Comparison of the Value of a Namoi Share to Consideration under the LDC Takeover Offer

In order to assess the fairness of the LDC Takeover Offer, it is appropriate to compare the value of a Namoi share on a controlling interest basis with the consideration offered under the LDC Takeover Offer. Pursuant to RG 111, the LDC Takeover Offer is considered to be fair if the value of the consideration per Namoi share is equal to or greater than the value per Namoi share.

Table 1 below summarises our assessment of the fairness of the LDC Takeover Offer.

**Table 1: Assessment of the Fairness of the LDC Takeover Offer**

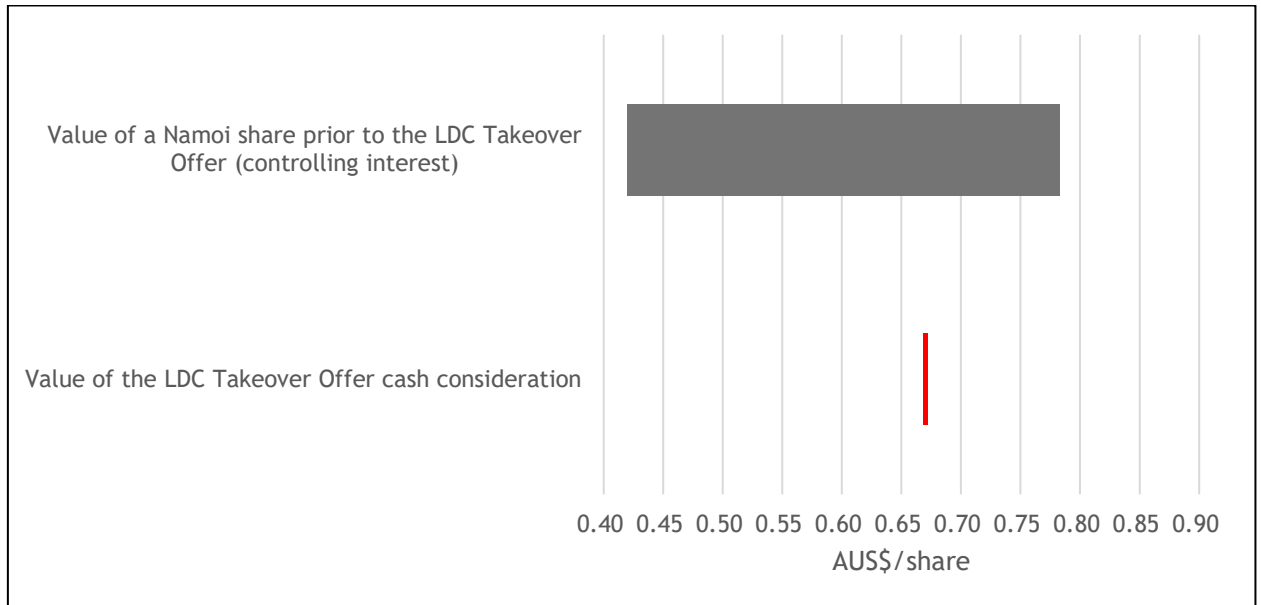

\$ per Namoi share	Low	High
Value of a Namoi share prior to the LDC Takeover Offer (controlling interest)	\$0.42	\$0.78
Value of the LDC Takeover Offer Cash Consideration	\$0.67	\$0.67

Source: BDOCF Analysis

Figure 1 below summarises our assessment of the fairness of the LDC Takeover Offer, setting out a graphical comparison of our valuation of a Namoi share prior to the LDC Takeover Offer on a controlling interest basis and consideration offered to the Shareholders under the LDC Takeover Offer.

**Figure 1: Fairness of the LDC Takeover Offer**

Source: BDOCF analysis

With reference to Table 1 and Figure 1, we note the Cash Consideration of \$0.67 per Namoi share under the LDC Takeover Offer is in our calculated valuation range for a Namoi share on a controlling interest basis.

#### 1.4 Consideration of the Olam Takeover Offer in our Fairness Assessment

As mentioned previously, the consideration to be received by Shareholders under the Olam Takeover Offer is cash consideration of \$0.70 per Namoi share. This represents a premium of \$0.03 per Namoi share to the LDC Takeover Offer.

Notwithstanding the above, we note that the Olam Takeover Offer is still conditional and subject to the following:

- Minimum acceptance condition of 50.1%: Olam acquiring a relevant interest in at least 50.1% of all Namoi shares on a fully diluted basis;
- Foreign Investment Review Board ('FIRB') approval: Olam receiving approval from FIRB without conditions (or subject only to standard tax conditions), or FIRB ceasing to be empowered to make an order or decision in respect of the acquisition of the Namoi shares under the Olam Takeover Offer;
- ACCC clearance condition: ACCC confirming to Olam that it does not intend to oppose, intervene or seek to prevent the acquisition of Namoi shares under the Olam Takeover Offer; and
- Prescribed occurrences condition: none of the events listed in section 652C(1) or (2) of the *Corporations Act 2001* (Cth) ('Corporations Act') occurring during the bid period for the Olam Takeover Offer.

With regards to the above, we note the following:

- There is no guarantee that the Olam Takeover Offer conditions will be met; and
- There is limited guidance on when (if ever), the Olam Takeover Offer will become unconditional. Specifically, we note that:
  - On 20 June 2024 the ACCC released a 'Statement of Issues', identifying the preliminary competition concerns it has with Olam's proposed acquisition of all Namoi shares;
  - On 2 August 2024, the ACCC requested further information from Olam and the ACCC may seek further information on those issues before making its final decision; and
  - The provisional date for making its final decision in relation to the Olam Takeover Offer was previously 22 August 2024, however the ACCC has since announced that this has been delayed until at least 31 October 2023.

In comparison to the Olam Takeover Offer, the LDC Takeover Offer of \$0.67 per Namoi share is no longer subject to any conditions (following the ACCC Clearance Condition, the FIRB Condition, the 50.1% Minimum Acceptance Condition and the Prescribed Occurrences Condition (each as defined in the LDC Target's Statement) each being satisfied or freed). Resultantly, Shareholders that accept the LDC Takeover Offer (prior to its close at 7pm, 13 September 2024, unless extended), have certainty of receiving cash consideration of \$0.67 per Namoi share. As set out in the Supplementary Bidder's Statement, Shareholders who accept the LDC Takeover Offer will receive the cash consideration of \$0.67 per Namoi Share 10 business days after the later of:

- Receipt of their acceptance of the LDC Takeover Offer; or
- The date on which the LDC Takeover Offer became unconditional (which occurred on 4 September 2024).

If Shareholders do not sell their shares on the market or accept the LDC Takeover Offer (prior to its close), there is no certainty as to when another opportunity will arise to realise a value for their shares at or near the consideration of \$0.67 per Namoi share offered under the LDC Takeover Offer. For example, we note:

- There is no guarantee the Olam Takeover Offer will become unconditional;
- Even in the event the Olam Takeover Offer does become unconditional, there is uncertainty in relation to the timing of the payment and the timing will ultimately be driven by when the conditions precedent are met or, if able to be, waived. Shareholders who accept the Olam Takeover Offer will not be eligible to receive the cash consideration of \$0.70 per Namoi share until the Olam Takeover Offer becomes unconditional. Shareholders should consider their own cost of capital in assessing the opportunity costs associated with waiting;
- LDC have not indicated if they will extend the closure of the LDC Takeover Offer past 13 September 2024 for any Shareholder that has not accepted by that date; and
- The share price of Namoi may not remain at or near its close price of \$0.685 on 9 September 2024. In our view, the current Namoi share price is being heavily influenced by the LDC Takeover Offer and the Olam Takeover Offer. The closing share price of Namoi on 27 November 2023 (being the day immediately before Namoi announced it had received a non-binding indicative offer from LDC) was \$0.355. Without the LDC Takeover Offer and the Olam Takeover Offer, it is possible that the Namoi share price may return to the levels prior to the non-binding indicative offer being announced.

In Supplementary Disclosure 1, we concluded that the Olam Takeover Offer was superior (i.e. fair and reasonable). However, as at the date of Supplementary Disclosure 1, both the LDC Takeover Offer and the Olam Takeover Offer were subject to the same conditions, with the only variance between the offers being price (with the Olam Takeover Offer representing a \$0.03 per Namoi share premium to the LDC Takeover Offer).

However, based on the information available to us as at the date of this Supplementary Disclosure 2 including the LDC Takeover Offer becoming unconditional, we no longer consider the Olam Takeover Offer to be superior.

### **1.5 Fairness Conclusion**

After considering the information summarised in the IER and this Supplementary Disclosure 2, it is our view that, in the absence of a superior offer or any additional information, the LDC Takeover Offer is Fair to the Shareholders as at the date of this Supplementary Disclosure 2.

The Shareholders should refer to Section 3 below in relation to additional considerations prior to accepting or rejecting the LDC Takeover Offer, including in relation to future offer announcements and the ability to sell Namoi shares separate to any offer, on the ASX.

## 2.0 Reasonableness Assessment of the LDC Takeover Offer

As the LDC Takeover Offer still involves an all cash consideration, the information set out in Section 2.3 of the IER (titled 'Assessment of the Reasonableness') in relation to the LDC Takeover Offer largely applies (apart from the commentary on the offer being subject to certain conditions). The exceptions to this include:

- As stated in RG 111, if an offer is considered fair, the offer is also reasonable. Given that we are of the view that the LDC Takeover Offer is fair, it is by definition reasonable; and
- As at the date of this Supplementary Disclosure, there is no offer that we would consider superior to the LDC Takeover Offer (with the caveat that a superior offer may emerge).

After considering the above additional information and other information available (as set out in the IER and other market announcements), it is our view that, in the absence of a superior offer or any other information, the LDC Takeover Offer is **Reasonable** as at the date of this Supplementary disclosure 2.

## 3.0 Overall Opinion on the LDC Takeover Offer

After considering the above additional information and other information available (as set out in the IER and other market announcements), it is our view that, in the absence of a superior offer or any other information, the LDC Takeover Offer is **Fair and Reasonable** as at the date of this Supplementary Disclosure 2.

Notwithstanding this, we reiterate that there was a competitive bidding process between LDC and Olam (potentially still ongoing as at the date of this Supplementary Disclosure 2) that led to the cash consideration under the LDC Takeover Offer. As at the date of this Supplementary Disclosure 2, the LDC Takeover Offer is considered superior to the Olam Takeover Offer (for the reasons set out in Section 1.4 above). Before accepting the LDC Takeover Offer, the Shareholders should consider the likelihood of higher offers eventuating. Shareholders should consider that, as the LDC Takeover Offer is now unconditional, they will not be able to withdraw their acceptance unless a withdrawal right exists or arises under the Corporations Act.

It may also be possible, assuming sufficient liquidity, for the Shareholders to sell their shares on the ASX for a price that is above, or broadly in line with, the LDC Takeover Offer price. By way of example, from 4 September 2024 (being the date the LDC Takeover Offer became unconditional to 9 September 2024, Namoi shares have traded in the range of \$0.680 to \$0.695.

## 4.0 Other Important Information

Before forming a view on whether to accept or reject the LDC Takeover Offer, the Shareholders must:

- Have regard to the information set out in this Supplementary Disclosure 2, the IER (including the Important Information set out in Section 3 of the IER) and other market announcements, before deciding whether to accept or reject the LDC Takeover Offer. This Supplementary Disclosure 2 should be read in conjunction with the IER (in full) dated 20 May 2024 included as Annexure A to the Target's Statement dated 22 May 2024 prepared by Namoi in relation to the LDC Takeover Offer. In particular, all limitations, disclaimers and declarations set out in that IER apply in full to this Supplementary Disclosure 2;
- Consult their own professional advisers; and
- Consider their specific circumstances.

This letter is general financial product advice only and has been prepared without taking into account the objectives, financial situation or needs of individual Shareholders. Accordingly, before acting in relation to their investment, the Shareholders should consider the appropriateness of the advice having regard to their own objectives, financial situation or needs. Shareholders should also read the Supplementary Target's Statement issued by Namoi in relation to the Olam Takeover Offer and the supplementary Target's Statement issued by Namoi on or around 11 September 2024 in relation to the Olam Takeover Offer.

The decision whether to accept or reject the LDC Takeover Offer is a matter for individual Shareholders, based on their own views as to value and business strategy, their expectations about future economic and market conditions and their particular circumstances including risk profile, liquidity preference, investment strategy, portfolio structure and tax position. Shareholders who are in doubt as to the action they should take in relation to the LDC Takeover Offer should consult their own professional adviser. BDOCF has prepared a Financial Services Guide as required by the Corporations Act. The Financial Services Guide is included as Appendix A to this letter.
