About the Company

Panoramic Resources Limited (ABN:47 095 792 288) is an established Western Australian based nickel sulphide producer with two underground mines, the Savannah Project (100% owned) in the Kimberley, and Lanfranchi Mine (75% owned and operator) 42km south of Kambalda. In 2007/08 our operations produced close to 15,000t Ni contained and a NPAT of \$53.3M. The Company is on track to achieve its internal target of group production of 20,000t Ni per annum for at least the next 10 years. Panoramic has a significant exploration portfolio in the Kimberley and at Lanfranchi and is expanding exploration activities in order to grow the resource base and to increase the operations' mine life. Panoramic is continuing to assess opportunities to grow the Company through acquisitions of projects and/or companies that would be complementary to existing business, and reflect the Company's commodity expertise and risk profile.
