ASX: PAN

Share Price

Panoramic Resources Limited ("Panoramic") (ASX: PAN) notes the current weakness in the Company's share price. One explanation for the large volumes being traded over the previous few days could be speculation that the Company may cease to be included in the S&P /ASX 200 Index. The Company understands that the additions and removals of companies from the S&P /ASX 200 Index will be advised on or about Friday, 7 September 2012.

Panoramic confirms it is in compliance with its continuous disclosure obligations under Listing Rule 3.1.

About the Company

Panoramic Resources Limited (ASX Code PAN, ABN 47 095 792 288) is an established Western Australian mining company operating two 100% owned underground nickel sulphide mines, the Savannah Project in East Kimberley, and the Lanfranchi Project near Kambalda, Western Australia. On a Group basis, Panoramic produced a record 19,791t of nickel contained in FY2012 and is forecasting to produce between **18,000 and 19,000t** of nickel in FY2013. Panoramic is an S&P/ASX Top 200 Company with a strong balance sheet, minimal bank debt and a growing nickel, gold and PGMs resource base, employing more than 500 people (including contractors).

In early 2011, Panoramic acquired the Gidgee Gold Project, located near Wiluna, Western Australia. Panoramic recently purchased the high-grade Wilsons Project located within the Gidgee tenement package as well as a 70% interest in the Mt Henry Gold Project. Panoramic's Gold Resources now contain 2.07M oz of gold. Panoramic released a Scoping Study in August 2012 on the recommencement of gold production from Gidgee and has commenced a Bankable Feasibility Study on the Mt Henry Project.

The Company has recently expanded into Platinum Group Metals (PGMs) with the purchase of the Panton PGM Project located approximately 60km south of the Savannah Project in the East Kimberley, which contains approximately 1.0Moz of Pt and 1.1Moz of Pd in Resource. Following the takeover of Magma Metals, Panoramic also owns the Thunder Bay North PGM Project in northern Ontario, Canada which contains approximately 0.4Moz Pt and 0.4Moz Pd and a suite of exploration projects for gold and base metals in Western Australia.

The Company's vision is to broaden its exploration and production base, with the aim of becoming a major, diversified mining house in the S&P/ASX Top 100 Index.
