Cleansing Prospectus and withdrawal of Cleansing Notice

PERTH, AUSTRALIA, 19 August 2020: Peppermint Innovation Ltd (ASX: PIL) (“Peppermint” or “the Company”) is pleased to advise it is in the process of completing a prospectus for the purpose of ensuring that certain past issues of fully paid ordinary shares will be entitled to be traded on the Australian Securities Exchange (ASX) when the securities of the Company are re-instated to quotation on ASX.

On 11 December 2019, while the ordinary shares in PIL were suspended from trading, PIL lodged a cleansing notice under section 708A of the Corporations Act.

The cleansing notice exception can only be relied upon if an entity’s securities are quoted continuously during the 3 months before the issue of the new securities and their trading has not been suspended for more than 5 days during the shorter of the period during which the class of securities were quoted and the period of 12 months before the day on which the securities were issued.

Due to an oversight, the cleansing notice was issued on this date, however it was invalid due to the fact the securities of PIL had been suspended for more than 5 trading days. No ordinary shares as referred to in this announcement have been traded.

As a result, the Company withdraws the cleansing notice.
