## Directors' Report

### 2. Review of Operations (continued)

#### Exploration

##### Kingman Gold Silver Project

Riedel continue to carry out exploration activities on its Kingman Project, where it can earn up to an 80% interest, located in the north-west of Arizona.

In late 2021, Riedel completed a 48-hole (4,190m) RC drilling program focussing on the Tintic target. The drilling followed on an area where drilling in early 2021 had confirmed shallow mineralisation and had returned high-grade gold and silver assay results. The program also extended drilling to the south.

Assay results from the program included:

- **5.3m @ 18.1 g/t gold & 24 g/t silver** from 23.6m
- **1.5m @ 35.6 g/t gold & 42 g/t silver** from 30.5m
- **2.3m @ 9.49 g/t gold & 55 g/t silver** from 13.7m
- **0.8m @ 18.3 g/t gold** from 41.5m
- **6.9m @ 3.1 g/t gold** from 25.9m
- **2.3m @ 3.43 g/t gold & 24 g/t silver** from 13.7m
- **4.6m @ 12.43 g/t Au** from 45m
- **6.9m @ 2.84 g/t Au & 82 g/t Ag** from 18.3m
- **2.3m @ 5.40 g/t Au & 125 g/t Ag** from 77m
- **2.3m @ 3.35 g/t Au** from 44.2m
- **1.5m @ 4.36 g/t Au, 84 g/t Ag, 2.0% Pb & 3% Zn** from 74.7m

The gold and silver mineralisation at Tintic appears to be contained within shallow flat dipping veins which comprise of varying amounts of quartz, clay and sulphide mineralisation. There is also continued indication of a stacked lode/sill complex.

The shallow depth of the intersected mineralisation lends itself to the future potential for open pit mining methods to be applied.

### Marymia Gold Copper Project

Joint venture manager Norwest Minerals Limited (84.3%) advised it had commenced exploration planning to follow-up on positive base and precious metal aircore drilling results from work completed in the September 2021 quarter.

Exploration is targeting near-surface lead, zinc and nickel intersected along 1km of strike at the Jenkins prospect that included:

- 28m @ 0.9% Pb (inc. 8m @ 2.5% Pb) from 28m in MMAC21049
- 6m @ 0.7% Zn (inc. 2m @ 1.5% Zn) from 28m in MMAC21051
- 40m @ 0.18% Ni from 4m in MMAC21043

Exploration is also being planned to follow-up at Area 2, where hole MMAC21035 intersected 4m @ 2.5g/t gold from 32m within a 400m gold zone; mineralisation is open down-dip.

## Condensed Notes to the Consolidated Financial Statements

For the Half-Year Ended 31 December 2021

### 1. Basis of preparation of half-year report

This general purpose interim financial report for the half-year reporting period ended 31 December 2021 has been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. Compliance with Australian Accounting Standards ensures compliance with International Financial Reporting Standards IAS 34: Interim Financial Reporting.

This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2021 and any public announcements made by Riedel Resources Limited during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

The interim report has been prepared on a historical cost basis, modified where applicable by the measurement of fair value of selected financial assets and financial liabilities. The Company is domiciled in Australia and all amounts are presented in Australian dollars, unless otherwise noted.

The same accounting policies and methods of computation have been followed in this interim financial report as were applied in the most recent annual financial statements, other than as disclosed below.

#### Going Concern

The consolidated financial statements have been prepared on a going concern basis of accounting which assumes that the Group will be able to meet its commitments, realise its assets, discharge its liabilities in the ordinary course of business and meet exploration budgets. In arriving at this position, the Directors recognise the Group is dependent on various funding alternatives to meet these commitments which may include share placements and suitable project funding arrangements including earn-ins, joint ventures or project divestment.

The loss for the half year ended 31 December 2021 was \$292,156 with \$1,765,429 of cash and cash equivalents and net assets of \$4,982,924 as at 31 December 2021.

The Group has prepared a 13-month cashflow that demonstrates a positive cash position.

The Directors believe that at the date of signing the financial statements there are reasonable grounds to believe that having regard to matters set out above, the Directors are confident that Group will be able to raise additional capital if required to meet its obligations as and when they fall due.

The consolidated financial statements do not include any adjustments relating to recoverability or classification of recorded asset amounts or to the amounts and classification of liabilities that may be necessary should the Group not be able to continue as a going concern.

#### New and revised accounting standards and interpretations adopted by the Group

The Group has considered the implications of new and amended Accounting Standards but determined their application to the financial statements is either not relevant or not material.

## Condensed Notes to the Consolidated Financial Statements

### 2. Segment information

Operating segments are presented using the “management approach”, where the information presented is on the same basis as the internal reports provided to the directors. The directors are responsible for the allocation of resources to operating segments and assessing their performance.

Operating segments are identified by Management based on the mineral resource and exploration activities in Australia, United States and Spain. Discrete financial information about each project is reported to the chief operating decision maker on a regular basis.

### 2. Segment information (continued)

The reportable segments are based on aggregated operating segments determined by the similarity of the economic characteristics, the nature of the activities and the regulatory environment in which those segments operate.

**INDEPENDENT AUDITOR'S REVIEW REPORT  
TO THE MEMBERS OF  
RIEDEL RESOURCES LIMITED**

**Report on the Half-Year Financial Report**

**Conclusion**

We have reviewed the half-year financial report of Riedel Resources Limited (the "Company") and its subsidiaries (the "Group"), which comprises the consolidated statement of financial position as at 31 December 2021, the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the half-year ended on that date, condensed notes comprising a summary of significant accounting policies and other explanatory information, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Riedel Resources Limited does not comply with the *Corporations Act 2001* including:

- (a) giving a true and fair view of Riedel Resources Limited's financial position as at 31 December 2021 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

**Basis for Conclusion**

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001* has been given to the directors of the Company on 15 March 2022.

**Responsibility of the Directors for the Financial Report**

The directors of Riedel Resources Limited are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

***Auditor's Responsibility for the Review of the Financial Report***

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Company's financial position as at 31 December 2021 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
