

2 June 2026

SRG Global secures \$1.85b of contracts, upgrades FY26 EBITDA guidance and initiates FY27 EBITDA guidance of \$190m to \$200m

Highlights:

- **\$1.85b of contracts secured across Water, Defence, Energy, Industrial, Resources, Ports, Data Centres, Health and Education**
- **FY26 EBITDA guidance upgraded to the top end of the \$164m to \$168m range**
- **FY27 EBITDA guidance initiated in the range of \$190m to \$200m**

SRG Global Ltd ('SRG Global' or 'the Company') (ASX: SRG) is pleased to announce that it has secured \$1.85b of contracts with blue-chip clients across a diverse range of sectors. The Company also upgrades its FY26 EBITDA guidance to the top end of the previously provided range of \$164m to \$168m and initiates FY27 EBITDA guidance in the range of \$190m to \$200m, which is above current market consensus. Details of contract wins include:

Water

- An eight-year term contract, with Gympie Regional Council in Queensland (QLD) to deliver program management services under an alliance contract model. The scope covers the planning, design and delivery of key water infrastructure, including a new water treatment plant, trunk water and wastewater networks, and the renewal and upgrade of ageing regional assets. The contract has commenced and will complete in January 2034;
- Water infrastructure contracts for Water Corporation in Western Australia (WA) to replace pipelines and upgrade valves on the Goldfields and Agricultural Water Supply Scheme, and to upgrade anchors at Canning Dam in Perth. The contracts have commenced and will complete by mid 2027; and
- Additional water contracts in QLD including specialist tank refurbishment and infrastructure for Seqwater at Mount Crosby, and the design and construction of a pipeline for Brisbane Airport Corporation. The contracts have commenced and will complete by the end of 2028.

Defence

- Ongoing infrastructure works in the Defence sector in WA expected to be completed in 2026.

Energy

- A seven-year term contract, with Origin Energy to provide asset integrity and advanced inspection services across its operations in Central QLD. The contract has commenced and will complete in December 2033; and
- A two-year term contract, with Delta Electricity to provide asset integrity services across its New South Wales operations. The contract will be completed in January 2028.

Industrial and Resources

- An eight-year term contract (3 + 5 years), with Fortescue to provide multi-disciplinary maintenance services across its operations in the Pilbara region of WA, with SRG's

Bugarrba Aboriginal JV partner providing ancillary services for the works. The contract has commenced and will complete in 2034;

- A five-year term contract, with Alcoa to provide asset integrity and reliability services across its operations in the south-west of WA. The contract has commenced and will be completed in December 2031;
- A three-year term contract to provide specialist production drill, blast and explosives management services at Wolfram Limited's (subsidiary of PT Bumi Resources Tbk) Mount Carlton gold operations in Northern QLD. The contract works have now commenced and will complete in 2029;
- A two-year term contract, with BHP Mitsubishi Alliance to provide asset integrity and reliability services across its Central QLD operations. The contract has commenced and will complete in December 2027; and
- A two-year term contract, with Covalent Lithium to provide specialist shutdown maintenance services at its operations in WA. The contract has commenced and will complete in 2028.

Health and Education

- Specialist facades contract for the Women and Babies Hospital with Webuild in Perth, WA commencing on site in Q4 2026 and completing Q2 2028;
- Structures contract for Curtin University's Lecture Facility with Lendlease in Perth, WA. The works have commenced and will be completed by July 2027;
- Specialist facades contract for the City Link purpose-built student accommodation (PBSA) in WA with Built to be completed by February 2028.

Ports and Marine

- Specialist marine construction contract associated with the export jetty at the Mardie Salt and Potash operations with BCI Minerals in the Pilbara region of WA. The works have commenced and will be completed by October 2026.

Data Centres and Commercial

- Structures contract for the Maddington Data Centre (Stage 1) with CTC in Perth, WA. The works have commenced and will be completed by June 2026; and
- Specialist facades contract for King William Tower 2 with Built in Adelaide, South Australia. The works have commenced and will be completed by February 2028.

David Macgeorge, SRG Global Managing Director, commented: "We are pleased to have secured these significant contracts across Australia in a broad range of sectors with blue-chip repeat clients. These contract awards are a further demonstration of our market-leading capabilities as a truly diversified infrastructure services company.

"I am also pleased to advise that we have upgraded our FY26 guidance to the top end of the previously provided EBITDA range of \$164m to \$168m, and that our FY27 EBITDA guidance will be a range of \$190m to \$200m, which is above current market consensus. This reflects the strength of our diversified operating model, the quality of our client base and our strong track record of delivering and exceeding market expectations. The Company is exceptionally well positioned to continue to deliver long-term sustainable growth."
