

SCEE awarded Sino Iron E&I works

13 August 2014

ASX & media announcement

ASX code: SXE

Highlights

- SCEE secures E&I works at Sino Iron Project
- SCEE to perform works as a subcontractor to Kerman Contracting
- Contract value in excess of \$10 million

SCEE advises that it has been awarded more than \$10 million of Electrical and Instrumentation (E&I) works at CITIC Pacific's Sino Iron Project at Cape Preston, Western Australia.

The scope of work includes the E&I installation, testing and commissioning for the grinding mills at concentrate processing lines 3, 4, 5 and 6. The work will be performed as a subcontractor to Kerman Contracting Pty Ltd.

SCEE's Managing Director Simon High said: "We are delighted to be returning to work on the Sino Iron Project where we successfully completed the E&I works on the previous phase of the development. SCEE looks forward to a continuing and growing relationship with both CITIC Pacific and Kerman Contracting."

About SCEE

SCEE is a provider of specialised electrical and instrumentation services to Australia's resources sector.

Delivering life-of-project electrical infrastructure, construction and support services to its blue-chip customers for more than 30 years, SCEE also has a strong reputation for safety and excellence.

Our expertise and capacity enables us to undertake complex large-scale projects in harsh and remote environments.

Committed to our people with a strong focus on training and development, our track-record and collaborative, flexible approach has seen us continually expand our operations.

SCEE was established in 1978 and was listed on the Australian Securities Exchange in 2007 under the code SXE.
