

Award of Ergon Energy Service Agreement

21 August 2017

ASX & media
announcement
ASX code: SXE

Highlights

- SCEE awarded three year service agreement with Ergon Energy
- Expected value over \$20m
- Delivers further diversification

Southern Cross Electrical Engineering Limited (“SCEE”) is pleased to announce it has entered into a three year service agreement for the provision of asset inspection and maintenance services on the Ergon Energy electricity distribution network in the Northern Region of Queensland.

The scope of services that SCEE will carry out under the agreement includes:

- inspection and maintenance of overhead line assets and associated earthing systems;
- inspection of above ground assets in underground power areas including pillars and streetlight poles;
and
- testing and maintenance of overhead earthing systems.

The value of work to be performed in the initial three year term is forecast to be over \$20m and will be delivered from SCEE’s regional facility in Townsville.

Commenting on the award SCEE Managing Director, Graeme Dunn, said “This service agreement is another significant step in the Group’s strategy of diversification and further demonstrates our ability to leverage our existing capabilities across a broad range of sectors. SCEE has a long standing presence and operations in Queensland and the award of this three year agreement provides a platform to further grow our local workforce. We look forward to commencing our work and developing a successful and long term relationship with Ergon Energy.”
