INTRODUCTION

This Explanatory Statement has been prepared for the information of Shareholders in connection with the business to be transacted at the Annual General Meeting of the Company to be held at 9.30am (WST) on Tuesday, 30 October 2018. The Explanatory Statement should be read in conjunction with the accompanying Notice of Meeting.

FINANCIAL REPORTS

The Corporations Act requires the Company to lay before the Annual General Meeting the Financial report, the Directors' report (including the remuneration report) and the Auditor's report for the last financial year that ended before the Annual General Meeting.

No resolution is required for this item, but Shareholders will be provided with a reasonable opportunity to ask questions or make comments in relation to these reports. The Company's auditor will also be present at the meeting and Shareholders will be given the opportunity to ask the auditor questions about the conduct of the audit, the preparation and content of the auditor's report, the accounting policies adopted by the Company and the independence of the auditor.

RESOLUTION 1: ADOPTION OF REMUNERATION REPORT

A resolution for adoption of the Remuneration Report is required to be considered and voted on in accordance with the Corporations Act. The Remuneration Report details the Company's policy on the remuneration of non-executive Directors, the Managing Director and senior executives and is set out in the Company's Annual Report. The vote on the adoption of the Remuneration Report resolution is advisory only and does not bind the Directors or the Company. However, the Board will take the outcome of the vote into consideration when reviewing the remuneration practices and policies of the Company.

Shareholders will be provided with a reasonable opportunity to ask questions and make comments on the Remuneration Report at the Annual General Meeting.

The Directors recommend that Shareholders vote in favour of Resolution 1.

RESOLUTION 2: RE-ELECTION OF MR SIMON BUCHHORN AS DIRECTOR

Mr Buchhorn was elected as a Director of the Company on 26 October 2015. Rule 5.1 of the Company's Constitution requires that at each annual general meeting one third of the Directors must retire from office. Rule 5.2 requires that the Directors to retire at an annual general meeting are those who have been in office the longest since their election. Accordingly, Mr Buchhorn is required to resign and being eligible, has offered himself for re-election as a Director of the Company.

Mr Buchhorn has a comprehensive understanding of SCEE's operations having been employed by the Company for over 30 years prior to retiring in 2014. During this time he worked in a number of key positions across the business including over 6 years as Chief Operating Officer and a period as interim Chief Executive Officer. He was also the General Manager of SCEE's LNG focussed Joint Venture, KSJV.

Mr Buchhorn has served on the Board since 2015 and brings significant experience in contract delivery and operational performance both domestically and internationally.

Mr Buchhorn is a member of the Audit and Risk Management Committee.

The Directors (other than Mr Buchhorn) recommend that Shareholders vote in favour of Resolution 2.

RESOLUTION 3: RE-ELECTION OF MR KARL PAGANIN AS DIRECTOR

Mr Paganin was elected as a Director of the Company on 26 October 2015. Rule 5.1 of the Company's Constitution requires that at each annual general meeting one third of the Directors must retire from office. Accordingly, Mr Paganin is required to resign and being eligible, has offered himself for re-election as a Director of the Company.

Mr Paganin has over 15 years of senior executive experience in Investment Banking, specialising in transaction structuring, equity capital markets, mergers and acquisitions and providing strategic management advice to listed public companies. Prior to that, Mr Paganin was Director of Major Projects and Senior Legal Counsel for Heytesbury Pty Ltd (the private company of the Holmes a Court family) which was the proprietor of John Holland Group Pty Ltd.

Mr Paganin has served on the Board since 2015 and is Chairman of the Nomination and Remuneration Committee and a member of the Audit and Risk Management Committee.

Mr Paganin is also a non-executive director of ASX listed Veris Limited.

The Directors (other than Mr Paganin) recommend that Shareholders vote in favour of Resolution 3.

RESOLUTION 4: ISSUE OF PERFORMANCE RIGHTS TO THE MANAGING DIRECTOR FOR THE 2018/2019 FINANCIAL YEAR

Background

Resolution 4 seeks Shareholder approval for the grant of Performance Rights to Mr Graeme Dunn, a Director of the Company, under the Company's Senior Management Long Term Incentive Plan (the **Plan**).

Under his employment agreement as Managing Director and Chief Executive Officer, Mr Dunn is entitled to receive a base salary, inclusive of superannuation of \$650,000. In addition, Mr Dunn is also entitled to a variable Short Term Incentive cash bonus of up to 50% of his base salary (depending on the achievement of certain short term objectives) and a Long Term Incentive in the form of Performance Rights with respect to the Company's performance over the periods from 30 June 2016 to 30 June 2019 and 30 June 2017 to 30 June 2020 respectively. Subject to the approval of Resolution 4, Mr Dunn will also be entitled to Performance Rights in relation to the Company's performance over the period from 30 June 2018 to 30 June 2021.

The Company's executive remuneration structure is set out in more detail in the Remuneration Report in the 2018 Annual Report.

Based on the Plan and as set out below, Shareholder approval is being sought to issue to Mr Dunn (or his nominee) 464,286 Performance Rights with respect to the 2018/19 financial year. These Performance Rights are subject to specific performance conditions (as set out below) and will not vest into Shares until such time as the performance conditions are met.

The Non-Executive Directors believe that it is appropriate to provide Mr Dunn with a long term incentive element in his remuneration package. The Non-Executive Directors also believe that Performance Rights, rather than Options, are a better alternative to remunerate executives who are tasked with achieving certain specific strategic outcomes. The grant of Performance Rights is intended to align Mr Dunn's performance with successful Company outcomes for the benefit of Shareholders and also to provide him with an incentive to remain in the Company.

The Non-Executive Directors believe that the remuneration for Mr Dunn, including the proposed grant of Performance Rights, is reasonable having regard to the circumstances of the Company, the duties and responsibilities of Managing Director and Chief Executive Officer of the Company and market levels of remuneration for Managing Directors and Chief Executive Officers of similar companies.

The Plan

The Plan was last approved by Shareholders at the 2017 Annual General Meeting. The main features of the Plan that are relevant to the issue of Performance Rights are summarised as follows:

- 1. Consideration Payable:** It is intended that Performance Rights will be granted for no consideration, even though the Plan allows the Board to impose consideration on the grant of Performance Rights. A "Performance Right Invitation" issued by the Board will set out the amount of consideration payable, if any.
- 2. Vesting:** Subject to the satisfaction of the performance conditions set out in the Performance Right Invitation, within 10 Business Days of the exercise of the Performance Rights, the Company shall allot and issue Shares to the eligible participant (or, if applicable, their nominee) without further action being required on the part of the eligible participant.
- 3. Retirement, Permanent Disablement, Redundancy or Death:** Under the Plan, within 30 days of the eligible participant ceasing to be a senior manager by reason of retirement, permanent disablement, redundancy or death, the eligible participant (or their nominee or legal representative as applicable) may exercise the Performance Rights. To the extent that the conditions set out in the Performance Right Invitation have been satisfied, the Performance Rights will vest. All remaining Performance Rights will lapse.
Notwithstanding the above, in the event that a Participant ceases to be a Senior Manager as a result of retirement, permanent disablement or death then the Board may determine, in its absolute discretion, in relation to all or some of the Performance Rights, to:
 - (a) waive the Exercise and Vesting Conditions, in which case the participant (or their nominee or legal personal representative as applicable) may within 30 days of the participant ceasing to be a senior manager, exercise those Performance Rights; or
 - (b) allow the Performance Rights to continue to be exercisable until the expiry date, upon the satisfaction of the applicable exercise and vesting conditions.
- 4. Restriction on dealing with Shares:** All Shares issued to a participant under the Plan will be subject to the Company's Share Trading Policy. In addition, the Board has the discretion to impose further restrictions on Shares issued to a participant under the Plan in the Performance Right Invitation.
- 5. Takeover Bid or Change of Control:** In the event of:
 - (a) a Change of Control of the Company; or
 - (b) approval by the court of a merger of the Company by way of scheme of arrangement, an eligible participant may exercise all Performance Rights which have not been exercised or lapsed and will vest notwithstanding the conditions set out in the Performance Right Invitation.

Performance Conditions

Subject to Shareholder approval of Resolution 4, the Performance Rights to be issued for the 2018/2019 Financial Year will not vest (and the underlying Shares will not be issued) unless certain performance conditions have been satisfied. The grant of Performance Rights is designed to reward long term sustainable business performance which is aligned to the long term strategic objectives of the Company.

It is proposed that 50% of Mr Dunn's performance conditions for the 2018/2019 Financial Year will be performance tested against TSR performance, and the other 50% be tested against EPS performance over a 3 year period from a Start Date of 30 June 2018 to a Test Date of 30 June 2021.

Absolute TSR

TSR measures the return received by shareholders from holding shares in a company over a particular period. TSR is calculated by taking into account the growth in a company's share price over the period as well as the dividends received during that period. The formula for calculating TSR is:

$$\frac{(\text{Share Price at Test Date} - \text{Share Price at Start Date}) + (\$ \text{ Dividends Received})}{\text{Share Price at Start Date}}$$

A volume weighted average share price (VWAP) will be used to determine Share Price at the Start Date and Share Price at the Test Date. The VWAP for the Share Price at Start Date will be based on the VWAP over the one week period prior to the start of the relevant performance period and the VWAP for the Share Price at the Test Date will be based on the VWAP over the one week period for the end of the relevant performance period.

Mr Dunn's TSR performance conditions will include:

- a threshold target of 8% per annum (compounded over the period from the Start Date to the Test Date); and
- a stretch performance of 12% per annum (compounded over from the Start Date to the Test Date).

The percentage of Mr Dunn's Performance Rights that are tested against TSR which vest will be determined as follows:

TSR performance over relevant Performance Period	Performance vesting outcomes (applied to 50% of the total Performance Rights granted)
Less than 8% per annum compounded	0% vesting
8% per annum compounded	50% vesting
Between 8% and 12% per annum compounded	Pro-rata vesting between 50% and 100%.
At or above 12% per annum compounded	100% vesting

EPS

The Company's EPS performance will be measured in the 2021 financial year. EPS measures the portion of a company's profit allocated to each outstanding ordinary share and serves as an indicator of a company's profitability.

For the purposes of performance testing the Performance Rights, EPS in the 2021 financial year will be the Basic EPS for the year, as prescribed by the accounting standards and set out in the Company's Financial Reports, adjusted to remove the following non-cash items from the calculation of profit or loss attributable to ordinary shareholders in the year, in order to reflect the companies underlying profitability:

- (a) amortisation of acquired intangibles;
- (b) unwinding of interest on deferred acquisition consideration payments;
- (c) adjustments to the assessment of deferred consideration payable; and
- (d) acquisition costs.

A threshold target and a stretch target will also be used for Mr Dunn's EPS targets. Mr Dunn will only receive Performance Rights that are tested against EPS if he achieves at least the threshold target. The Performance Rights that are tested against EPS will vest as set out in the following table.

EPS performance in 2021 financial year	Performance vesting outcomes (applied to 50% of the total Performance Rights granted)
Less than 6.1 cents per Share	0% vesting
6.1 cents per Share	50% vesting
Between 6.1 and 6.8 cents per Share	Pro-rata vesting between 50% and 100%.
At or above 6.8 cents per Share	100% vesting

Regulatory information

Related party transaction

The grant of the performance rights to Mr Dunn, a Director of the Company, is a financial benefit for the purposes of the related party provisions in Chapter 2E of the Corporations Act. However, the Non-Executive Directors have determined that the remuneration package for Mr Dunn, including the grant of the Performance Rights, is reasonable having regard to the circumstances of the Company and Mr Dunn (including the responsibilities involved in his office). Accordingly, and in reliance on this statutory exception to the related party requirements, Shareholder approval under Chapter 2E of the Corporations Act is not being sought in this case.

Listing Rules

In accordance with Listing Rule 10.14, the acquisition of securities by a Director under an employee incentive scheme requires shareholder approval. The following information is provided for the purposes of Listing Rule 10.15.

- (a) The maximum number of Performance Rights that can be acquired by Mr Dunn is 464,286 Performance Rights for the 2018/19 Financial Year.
- (b) The price payable on the exercise of each Performance Right is nil.
- (c) Since the 2017 Annual General Meeting, being the last approval of the grant of Performance Rights under Listing Rule 10.14, Mr Dunn is the only person under Listing Rule 10.14 who has received Performance Rights. Mr Dunn received 570,175 Performance Rights with respect to the 2017/18 financial year for nil consideration as approved at that meeting.
- (d) Mr Dunn is currently the sole person referred to in Listing Rule 10.14 who is entitled to participate in the Plan.
- (e) There is no loan proposed in relation to the proposed acquisition of the Performance Rights by Mr Dunn.
- (f) The Performance Rights will be issued as soon as practicable following the date of the Meeting, and in any event, no later than 12 months after the date of the Meeting.

The Directors (other than Mr Dunn) recommend that Shareholders vote in favour of Resolution 4.

RESOLUTION 5 – RATIFICATION OF PRIOR SHARE ISSUES

Background

On 23 November 2017 the Company issued 44,250,000 Shares to institutional and sophisticated investors.

The Company had the capacity to undertake the issue of the Shares without the approval of Shareholders under Listing Rules 7.1 and 7.1A.

Listing Rule 7.4 allows a company to seek subsequent approval from shareholders for a prior issue of securities so that the issue of securities does not count towards the company's placement capacity under Listing Rules 7.1 and 7.1A. This approval is being sought from Shareholders under Resolution 5.

Regulatory information

The following information is provided for the purposes of Listing Rule 7.5.

- (a) A total of 44,250,000 Shares were issued on 23 November 2017.
- (b) The Shares were issued at an issue price of \$0.75 each.
- (c) The Shares are fully paid ordinary shares in the Company and rank equally with the Company's current issued Shares.
- (d) The Shares were issued to institutional and sophisticated investors.
- (e) \$33.2m was raised from the issue of the Shares before costs. The Shares were issued to raise funds to support SCEE's growth strategy by providing general working capital and balance sheet strength and the flexibility to capitalise on potential growth opportunities.

The Directors recommend that Shareholders vote in favour of Resolution 5.

RESOLUTION 6: APPROVAL OF 10% PLACEMENT FACILITY

Background

ASX Listing Rule 7.1A enables eligible entities to issue “Equity Securities” (being shares, options and other securities as defined in the ASX Listing Rules) up to 10% of their issued capital through placements over a 12 month period after the annual general meeting (**10% Placement Facility**). The 10% Placement Facility is in addition to the Company’s 15% placement capacity under ASX Listing Rule 7.1.

An eligible entity for the purposes of Listing Rule 7.1A is an entity that is not included in the S&P/ASX 300 Index and has a market capitalisation of \$300 million or less. The Company is an eligible entity.

The Company is now seeking shareholder approval by way of a special resolution to have the ability to issue Equity Securities under the 10% Placement Facility.

The actual number of Equity Securities that the Company will have capacity to issue under the 10% Placement Facility will be determined in accordance with the formula prescribed in Listing Rule 7.1A.2 (as described below).

Description of Listing Rule 7.1A

(a) Shareholder approval

The ability to issue Equity Securities under the 10% Placement Facility is subject to shareholder approval by way of a special resolution at an annual general meeting.

(b) Equity Securities

Any Equity Securities under the 10% Placement Facility must be in the same class as an existing quoted class of Equity Securities of the Company.

The Company, as at the date of this Notice of Meeting, has on issue one class of Equity Securities, being ordinary shares. The number of ordinary shares currently on issue is 234,067,408.

(c) Formula for calculating 10% Placement Facility

Listing Rule 7.1A.2 provides that eligible entities which have obtained shareholder approval at an annual general meeting may issue or agree to issue, during the 12 month period after the date of the annual general meeting, a number of Equity Securities calculated in accordance with the following formula:

(A x D) - E

A is the number of shares on issue 12 months before the date of issue or agreement:

- (a) plus the number of fully paid shares issued in the 12 months under an exception in Listing Rule 7.2;
- (b) plus the number of partly paid shares that became fully paid in the 12 months;
- (c) plus the number of fully paid shares issued in the 12 months with approval of holders of shares under Listing Rule 7.1 and 7.4. This does not include an issue of fully paid ordinary shares under the entity’s 15% placement capacity without shareholder approval; and
- (d) less the number of fully paid shares cancelled in the 12 months.

Note that A has the same meaning in Listing Rule 7.1 when calculating an entity’s 15% placement capacity.

D is 10%

E is the number of Equity Securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the date of the issue or agreement to issue that are not issued with the approval of shareholders under Listing Rule 7.1 or 7.4.

(d) Listing Rule 7.1 and Listing Rule 7.1A

The ability of an entity to issue Equity Securities under Listing Rule 7.1A is in addition to the entity's 15% placement capacity under Listing Rule 7.1.

At the date of this Notice, the Company has on issue 234,067,408 Shares. Subject to Resolution 5 being approved by Shareholders the Company will have a capacity to issue:

- (i) 35,110,111 Equity Securities under Listing Rule 7.1; and
- (ii) 23,406,740 Equity Securities under Listing Rule 7.1A, subject to the Shareholder approval being granted under this Resolution.

In the event that Resolution 5 is not approved by Shareholders the Company's capacity to issue Equity Securities under Listing Rule 7.1 and Listing Rule 7.1A will be 2,936,520 and 267,831 respectively. However, its Listing Rule 7.1 capacity will increase to 35,110,111 Equity Securities and its Listing Rule 7.1A capacity will increase to 23,406,740 Equity Securities from 23 November 2018, being the 12 month anniversary of the share issue the subject of Resolution 5.

The actual number of Equity Securities that the Company will have capacity to issue under Listing Rule 7.1A will be calculated at the date of issue of the Equity Securities in accordance with the formula prescribed in Listing Rule 7.1A.2 (as described above).

(e) Minimum Issue Price

The issue price of Equity Securities issued under Listing Rule 7.1A must be not less than 75% of the Volume Weighted Average Price (**VWAP**) of Equity Securities in the same class calculated over the 15 Trading Days immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.

(f) 10% Placement Period

Shareholder approval of the 10% Placement Facility under Listing Rule 7.1A is valid from the date of the annual general meeting at which the approval is obtained and expires on the earlier to occur of:

- (i) the date that is 12 months after the date of the annual general meeting at which the approval is obtained; or
- (ii) the date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking),

or such longer period if allowed by ASX (**10% Placement Period**).

Listing Rule 7.1A

The effect of Resolution 6 will be to allow the Directors to issue the Equity Securities under Listing Rule 7.1A during the 10% Placement Period without using the Company's 15% placement capacity under Listing Rule 7.1.

Resolution 6 is a special resolution and therefore requires approval of 75% of the votes cast by Shareholders present and eligible to vote (in person, by proxy, by attorney or, in the case of a corporate Shareholder, by a corporate representative).

Specific information required by Listing Rule 7.3A

Pursuant to and in accordance with Listing Rule 7.3A, information is provided in relation to the approval of the 10% Placement Facility as follows:

- (a) The Equity Securities will be issued at an issue price of not less than 75% of the VWAP for the Company's Equity Securities over the 15 Trading Days immediately before:
 - (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
 - (ii) if the Equity Securities are not issued within 5 Trading Days of the date in paragraph (i) above, the date on which the Equity Securities are issued.
- (b) If Resolution 6 is approved by Shareholders and the Company issues Equity Securities under the 10% Placement Facility, the existing Shareholders' voting power in the Company will be diluted as shown in the following table. There is a risk that:
 - (i) the market price for the Company's Equity Securities may be significantly lower on the date of the issue of the Equity Securities than on the date of the Meeting; and
 - (ii) the Equity Securities may be issued at a price that is at a discount to the market price for the Company's Equity Securities on the issue date or the Equity Securities may be issued as part of the consideration for the acquisition of a new asset,

which may have an effect on the amount of funds raised by the issue of the Equity Securities.

The following table shows the dilution of existing Shareholders on the basis of the current market price of Shares and the current number of ordinary securities for variable 'A' calculated in accordance with the formula in Listing Rule 7.1A.2 (as described above) as at the date of this Notice, subject to Resolution 7 being approved by Shareholders.

The table also shows:

- (i) two examples where variable 'A' has increased, by 50% and 100%. Variable 'A' is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require Shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future Shareholders' meeting; and
- (ii) two examples of where the Issue Price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Variable 'A' in Listing Rule 7.1A.2		Dilution		
		\$0.353 50% decrease in Issue Price	\$0.705 Issue Price	\$1.41 100% increase in Issue Price

The table has been prepared on the following assumptions:

- (i) Resolution 5 is approved by Shareholders.
 - (ii) The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
 - (iii) The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.
 - (iv) The table does not show an example of dilution that may be caused to a particular shareholder by reason of placements under the 10% Placement Facility, based on that shareholder's holding at the date of the Meeting.
 - (v) The table shows only the effect of issue of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.
 - (vi) The issue of Equity Securities under the 10% Placement Facility consists only of Shares. If the issue of Equity Securities includes options, it is assumed that those options are exercised into Shares for the purpose of calculating the voting dilution effect on existing Shareholders.
 - (vii) The issue price is \$0.705, being the closing price of the Shares on the ASX on 5 September 2018.
- (c) The Company will only issue and allot the Equity Securities during the 10% Placement Period. The approval under Resolution 6 for the issue of the Equity Securities will cease to be valid in the event that Shareholders approve a transaction under Listing Rule 11.1.2 (a significant change to the nature or scale of activities) or Listing Rule 11.2 (disposal of main undertaking).
- (d) The Company has a publicly stated strategy of growing through expansion into adjacent and complementary sectors both organically and through acquisitions. Accordingly, and subject to paragraph (c) above, The Company may seek to issue the Equity Securities for the following purposes:
- (i) as non-cash consideration for any acquisitions, in which circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3; or
 - (ii) as cash consideration in which case the Company intends to use funds raised towards the consideration for any acquisitions and general working capital purposes. The Company will comply with the disclosure obligations under Listing Rules 7.1A.4 and 3.10.5A upon issue of any Equity Securities.
- (e) The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed Issue pursuant to the 10% Placement Facility. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to the factors including, but not limited to, the following:
- (i) the identification of appropriate acquisition opportunities and consideration of the appropriate ways in which to fund the consideration for such acquisitions;
 - (ii) the methods of raising funds that are available to the Company, including but not limited to, rights issues or other issues in which existing security holders can participate;
 - (iii) the financial situation and solvency of the Company;
 - (iv) the effect of the issue of the Equity Securities on the control of the Company; and
 - (v) advice from corporate, financial and broking advisors (if available).

The allottees under the 10% Placement Facility have not been determined as at the date of this Notice but may include existing substantial Shareholders and/or new Shareholders who are not related parties or associates of a related party of the Company. If the Company is successful in acquiring new businesses, assets or investments, the allottees under the 10% Placement Facility may include vendors of the new businesses, assets or investments.

- (e) The Company obtained Shareholder approval under Listing Rule 7.1A at last year's Annual General Meeting held on 31 October 2017 and issued 18,713,909 shares under Listing Rule 7.1A.

- (f) The total number of Equity Securities issued by the Company in the 12 months before the date of this Notice was 55,039,469, being 53,798,351 Shares and 1,241,118 Performance Rights, which represents 30.53% of the total number of Equity Securities on issue at the commencement of this 12 month period. In accordance with Listing Rule 7.3A.6, the following details are provided in respect of all issues of securities in the 12 months preceding the date of the Notice:
- (i) As approved by Shareholders at the 2017 Annual General Meeting, 6,870,040 Shares were issued for no consideration as part of the purchase price for the acquisition of Heyday 5 Pty Ltd at a deemed issue price of \$0.504 per Share. This represented a 31.9% discount to the closing market price of \$0.740 on the date of issue, 1 November 2017. The total value of the non cash consideration in respect of these Shares as at the date of issue was \$5,083,830. The total value of the non cash consideration as at the close of trade on 18 September 2018 (the closing price at that date being \$0.695) was \$4,774,678;
 - (ii) 44,250,000 Shares were issued to institutional and sophisticated investors for an issue price of \$0.750 per share as further described in the explanatory notes to resolution 5. This represented a 2.7% premium to the closing market price of \$0.730 on the date of issue, 23 November 2017;
 - (iii) 2,678,311 Shares were issued for no consideration on the vesting and exercise of Performance Rights under the Plan. The Shares were issued at an issue price of \$0.715, being the closing market price on 3 September 2018. The total value of the non cash consideration in respect of these Shares as at the date of issue was \$1,914,992. The total value of the non cash consideration as at the close of trade on 18 September 2018 (the closing price at that date being \$0.695) was \$1,861,426;
 - (iv) 1,241,118 Performance Rights were issued under the Plan with respect to the 2017/2018 financial year. On vesting of the Performance Rights the Company will issue fully paid ordinary shares which will rank equally with all other ordinary shares on issue;
 - (v) the Performance Rights were issued to senior executives including Mr Graeme Dunn, the Managing Director of the Company, on 7 November 2017 pursuant to the Plan which received shareholder approval at the Company's 2017 Annual General Meeting (a summary of the Plan is set out in the explanatory statement to Resolution 4); and
 - (vi) the Performance Rights were issued for no consideration (accordingly, there was no discount to closing market price on the date of issue) and no consideration is required to be paid on vesting. The total notional value of the non cash consideration in respect of the Performance Rights granted is \$794,315. This was calculated using the binomial tree method with respect to those Performance Rights that are subject to the EPS performance condition and the Monte-Carlo simulation method with respect to those Performance Rights that are subject to the TSR performance condition.
- (g) A voting exclusion statement is included in the Notice. At the date of this Notice, the Company has not approached any particular existing Shareholder to participate in an issue of Equity Securities. No existing Shareholder's votes will therefore be excluded under the voting exclusion in this Notice.

The Directors recommend that Shareholders vote in favour of Resolution 6.

RESOLUTION 7: RENEWAL OF PROPORTIONAL TAKEOVER APPROVAL PROVISIONS IN CONSTITUTION

Background

A proportional takeover bid is an off-market offer or bid to purchase a proportion of Shares in a certain bid class (**Proportional Takeover Bid**). Section 648G of the Corporations Act allows a company to include in its constitution provisions preventing the registration of a transfer of securities resulting from a proportional takeover bid, unless the relevant holders of the securities approve the bid (**Proportional Takeover Provisions**). Under the Corporations Act Proportional Takeover Provisions may only apply for a maximum period of three years, unless renewed earlier.

Accordingly, a special resolution pursuant to section 648G of the Corporations Act is being put to Shareholders to renew Rule 162 of the Constitution. If renewed by Shareholders, Rule 162 will continue to operate for a further three years from the date of this Meeting (i.e. until 29 October 2021), subject to further renewal.

Specific information required by section 648G of the Corporations Act

(a) Effect of proposed proportional takeover provisions

Where an offer has been made under a Proportional Takeover Bid for the Shares in the Company the Directors must convene a meeting of the holders of the relevant class of Shares to vote on a resolution to approve that bid. The meeting must be held and the resolution voted on at least 13 days before the offer period under the bid ends. To be passed the resolution must be approved by a majority of votes at the meeting excluding votes by the bidder and its associates.

However under the Corporations Act if the meeting is not held in time then a resolution to approve the proportional takeover bid will be deemed to have been passed. If the resolution to approve the takeover bid is passed (or deemed to have been passed) the transfer of Shares resulting from the acceptance of an offer under the bid will be permitted and the transfer will be registered.

If the resolution is rejected the registration of any transfers of Shares arising from an offer under the Proportional Takeover Bid will be prohibited and the bid will be deemed to be withdrawn.

(b) Reasons for Proportional Takeover Provisions

Without rule 162 of the Constitution a Proportional Takeover Bid for the Company may enable a bidder to obtain practical control of the Company by acquiring less than a majority interest without ever offering to acquire 100% of the Company's Shares. This means that a bidder may obtain effective control of the Company without offering to pay an adequate control premium which reflects the price payable for 100% ownership of the Company.

If a Proportional Takeover Bid is made it may therefore result in:

- (i) control of the Company changing without Shareholders having the opportunity to dispose of all their Shares; and
- (ii) Shareholders being exposed to the risk of being left with a minority interest in the Company which carries with it the risk of suffering loss following such a change of control if the market price of the Company's shares decreases or the Company's shares become less attractive and, accordingly, more difficult to sell.

Rule 162 of the Constitution allows Shareholders to decide whether a Proportional Takeover Bid is acceptable in principle, and assists in ensuring that any such bid is appropriately priced.

(c) Present acquisition proposals

At the date of this Notice, no Directors is not aware of any proposal by any person to acquire, or to increase the extent of, a substantial interest in the Company.

(d) Review of advantages and disadvantages for the period during which the Proportional Takeover Provisions have been in effect

The Corporations Act requires a retrospective review of the advantages and disadvantages to Directors and Shareholders of the Proportional Takeover Provisions, for the period during which the provisions have been in effect. While the Proportional Takeover Provisions have been in effect there have been no Proportional Takeover Bids for the Company, therefore there are no examples against which to review the advantages or disadvantages of the existing Proportional Takeover Provisions contained in rule 162 of the Constitution. The Directors are not aware of any potential takeover bids which were discouraged by rule 162 of the Constitution.

(e) Potential advantages and disadvantages

The Directors (in their capacity as Directors) do not consider the proportional takeover provisions to have any potential advantages or disadvantages for them. They therefore remain free to make a recommendation on whether an offer under a Proportional Takeover Bid should be accepted.

The potential advantages of the Proportional Takeover Provisions for Shareholders include:

- (i) the right to decide by majority vote whether an offer under a Proportional Takeover Bid should proceed;
- (ii) assisting in preventing Shareholders from being locked in as a minority;
- (iii) increasing the bargaining power of Shareholders which may assist in ensuring that any Proportional Takeover Bid is structured to be attractive to a least a majority of Shareholders which in turn would arguably ensure that any bid is appropriately priced; and
- (iv) each individual Shareholder may better assess the likely outcome of the Proportional Takeover Bid by knowing the view of the majority of Shareholders which may assist the individual Shareholder with their decision to accept or reject an offer under a Proportional Takeover Bid.

The potential disadvantages of the Proportional Takeover Provisions for Shareholders include:

- (i) that Proportional Takeover Bids may be discouraged by the additional procedural steps that are involved with the Proportional Takeover Provisions;
- (ii) potential lost opportunities for Shareholders to sell a portion of their Shares at a premium where the majority of Shareholders reject an Proportional Takeover Bid; and
- (iii) that the likelihood of a Proportional Takeover Bid succeeding may be reduced.

The Directors recommend that Shareholder votes in favour of Resolution 7.
