## Highlights

- **SCEE awarded relocation works at Rio Tinto's Gove operations**

Southern Cross Electrical Engineering Limited ("SCEE") is pleased to announce that it has been awarded a contract valued at more than \$18million by Rio Tinto for work at their refinery site on the Gove Peninsula in North East Arnhem Land in the Northern Territory.

The works are part of Rio Tinto's rehabilitation of the site. They include the isolation and re-routing of electrical and hydraulic services to the refinery. Mobilisation is expected to commence in the first quarter of 2020 with completion by March 2021.

### Comment

Commenting on the award, SCEE Managing Director Graeme Dunn said "We are pleased to secure another significant award in the resources sector, following closely on from our announcements of a number of new resources projects in December 2019."
