CHAIRMAN'S LETTER

Dear Securityholder

I wanted to write to you to make you aware of a material development in relation to the revised proposal for Westfield Retail Trust to merge with Westfield Group's Australian and New Zealand business to create a new listed property group called Scentre Group (**Revised Proposal**). On the morning of 29 May 2014, being the day of the scheduled meetings of Westfield Retail Trust securityholders to consider the Revised Proposal, Westfield Group publicly announced certain material new information that is relevant to the Revised Proposal.

WHAT IS THE MATERIAL NEW INFORMATION?

The material new information was announced by the Chairman of Westfield Group to the ASX on the morning of Thursday 29 May 2014:

"If the WRT meeting this afternoon does not approve the proposal, it will not diminish our determination to proceed with WDC's strategic objective of separating the two businesses. We will pursue that separation - but without WRT. However, the existing relationship with WRT will continue... We will begin that process immediately, and I expect the revised plan to be presented to security holders by the first quarter of next year."
(Material New Information)

Whilst the Westfield Group Securityholder Booklet highlighted a number of possible alternative strategies that Westfield Group may pursue in the event that the Revised Proposal does not proceed, it now appears that Westfield Group would pursue the separation of its Australian and New Zealand assets and businesses without any involvement by Westfield Retail Trust. Further, Westfield Group says that it would present the new plan to its securityholders for approval by the first quarter of next year. The new entity that would be created in the event of that separation is referred to in this letter as **Newco Australasia**.

Whilst the details of the Newco Australasia structure are not yet known, the Independent Board Committee believes that this statement as to Westfield Group's intentions is material new information for Securityholders to consider prior to voting on the Revised Proposal.

As a consequence, as Chairman I took the decision to adjourn the meetings to ensure that all Securityholders were made aware of, and have the opportunity to consider, the impact of the Material New Information before being asked to vote on the Revised Proposal. I took that decision after the Securityholders who attended the meeting voted in favour of a non-binding resolution to adjourn the meeting by a very significant majority.

The Independent Board Committee continues to recommend that Securityholders vote in favour of the Revised Proposal, in the absence of a superior proposal. Based on the votes cast pursuant to the proxy forms lodged prior to the meeting on 29 May 2014 a significant majority of Securityholders, albeit short of the requisite 75%, support the strategic rationale of the Revised Proposal.

WHAT ARE THE POSSIBLE IMPLICATIONS OF THE MATERIAL NEW INFORMATION?

The Material New Information further strengthens our view that the Revised Proposal is in the best interests of Securityholders. The Independent Board Committee considers there are a number of implications for Westfield Retail Trust and Securityholders if Westfield Group implements the separation of its businesses without Westfield Retail Trust and believes the implications could be materially adverse to Westfield Retail Trust and Securityholders. However it is not possible to be definitive about the possible implications because the details of the Westfield Group's separation plan are not available and in any event the Westfield Group securityholders will need to approve the separation proposal. The Independent Board Committee believes that the possible implications include:

- There is unlikely to be another opportunity to buy the entire Westfield Group Australian and New Zealand property portfolio, or indeed any property portfolio having similar scale and quality characteristics, in an uncontested and cost efficient manner, at book value;
- There is unlikely to be another opportunity for Westfield Retail Trust to acquire what is widely regarded as the best property management platform in Australia and New Zealand;
- There is unlikely to be another opportunity for Westfield Retail Trust to internalise the property management for its existing portfolio;
- Investors may prefer to invest in Newco Australasia as an internally managed property group as it will have an almost identical property portfolio to Westfield Retail Trust that is expected to generate a superior return on invested capital as compared to Westfield Retail Trust, with consequent risk to the Westfield Retail Trust Security price;
- As Westfield Retail Trust will continue to pay property management fees, it may be uncompetitive in bidding for assets when compared to entities with internally managed property platforms (including Newco Australasia if it is created) which may derive higher income from assets purchased; and
- It has been suggested that the creation of Newco Australasia may present the opportunity to renegotiate the terms of Westfield Retail Trust's existing arrangements with Westfield Group. The Independent Board Committee believes there will be no opportunity to do so.

Further details in relation to the potential implications are set out in section 1.3 of this Second Supplementary Securityholder Booklet.

THE INDEPENDENT BOARD COMMITTEE CONTINUES TO UNANIMOUSLY RECOMMEND THAT YOU VOTE IN FAVOUR OF THE REVISED PROPOSAL, IN THE ABSENCE OF A SUPERIOR PROPOSAL.

As set out above, the Independent Board Committee believes that if the Revised Proposal does not proceed and if Westfield Group implements the separation of its businesses without Westfield Retail Trust that will disadvantage Westfield Retail Trust.

CHAIRMAN'S LETTER

The advantages of the Revised Proposal which were set out in section 4.2 of the Securityholder Booklet dated 14 April 2014 that was sent to Securityholders include:

- The Revised Proposal is expected to deliver 6.6% accretion to FFO per Westfield Retail Trust Security based on a pro forma forecast FFO for FY14;
- The Revised Proposal is expected to deliver 9.3% accretion to economic FFO per Westfield Retail Trust Security based on a pro forma forecast FFO for FY14;
- Further potential accretion to FFO per Westfield Retail Trust Security may be achieved as a result of interest rates and debt margins being lower than those assumed in the FY14 Pro Forma Forecast. Based on interest rates as at the date of the Securityholder Booklet, the interest expense would be \$27 million per annum lower than assumed in the FY14 Pro Forma Forecast and since then market interest rates have declined further;
- A significant cash return to Securityholders equivalent to \$0.2853 per security;
- Scentre Group will have its own vertically integrated retail property operating platform and will have direct control over the future strategy and direction of that platform;
- Creation of a stronger platform to enhance return on equity through the introduction of joint venture partners at the property level;
- Gaining exposure to Westfield Carindale, one of the ten largest shopping centres in Australia; and
- Enhanced governance arrangements where the Board is directly appointed by Securityholders.

The main disadvantages of the Revised Proposal include:

- Exposure to risks relating to the ownership and operation of the retail property operating platform operated by Westfield Group in Australia and New Zealand;
- Change to Westfield Retail Trust's net tangible assets from \$3.52 per Westfield Retail Trust Security as at 31 December 2013 to the equivalent of \$2.93 per Westfield Retail Trust Security on a pro forma basis¹. The change to Scentre Group net tangible assets is the result of Westfield Retail Trust merging with Westfield Group's Australian and New Zealand business, which includes the Operating Platform, the value of which is not reflected on Scentre Group's pro forma balance sheet for accounting purposes;
- Exposure to risks relating to increased gearing, given under the Proposal gearing is expected to increase from 22.4% for Westfield Retail Trust as at 31 December 2013 to 37.3% for Scentre Group;
- Transaction and implementation costs of approximately \$75 million are expected to be incurred by Scentre Group; and

- Westfield Retail Trust will cease to be permitted to use Westfield in its corporate name, but will retain the Westfield brand for its shopping centres and activities in Australia and New Zealand.

Further explanation of the disadvantages of the Revised Proposal for Securityholders are explained in section 4.3 of the Securityholder Booklet.

The Independent Board Committee believes that, notwithstanding ongoing commentary to the contrary, there is no prospect of an amended or enhanced deal being negotiated with Westfield Group;

After careful consideration the Independent Board Committee believes that the creation of Scentre Group is the preferred option to maximise long term value for Securityholders and to provide Securityholders with the benefits of a larger, more relevant and more strategically flexible investment without diluting the quality of Westfield Retail Trust's existing property portfolio.

The Independent Expert, KPMG Corporate Finance, has maintained its opinion that in the absence of a superior proposal, the Revised Proposal is in the best interests of Securityholders.

YOUR VOTE IS IMPORTANT

The resumed meetings will be held at 10:00am on Friday, 20 June 2014 at Grand Ballroom, Sheraton on the Park, 161 Elizabeth Street Sydney. Securityholders on the Register as at 7:00pm on Tuesday, 27 May 2014 are the only Securityholders who are eligible to vote on the Proposal Resolutions to be considered at the resumed meetings. The new proxy deadline for the resumed meetings is Wednesday, 18 June 2014 at 10:00am. Securityholders may lodge a new proxy form by that new proxy deadline. If a Securityholder submitted a valid proxy for the meeting convened on Thursday, 29 May 2014, that proxy form will remain valid unless a new proxy form is returned to the Registry by the new proxy deadline.

Further details in relation to the resumed meetings and voting procedures are set out in full in sections 1.6 to 1.11 of this Second Supplementary Securityholder Booklet.

I encourage you to read in full this Second Supplementary Securityholder Booklet together with the Securityholder Booklet dated 14 April 2014 and Supplementary Securityholder Booklet dated 9 May 2014 carefully before making any decision on how to vote. Section 4 of the Securityholder Booklet dated 14 April 2014 sets out in more detail the reasons for the recommendation of the Independent Board Committee as well as advantages, disadvantages and risks of the Revised Proposal.

Yours sincerely

Richard Egerton-Warburton AO, LVO
Chairman

¹ The pro forma net tangible assets per Westfield Retail Trust Security is based on Securityholders receiving 0.918 Scentre Group Securities and \$0.2853 for every Westfield Retail Trust Security held as at the Record Date. Scentre Group is expected to have net tangible assets (attributable to Scentre Group Securityholders) of \$2.82 per security.

MATERIAL NEW
INFORMATION
RELEVANT TO THE
REVISED PROPOSAL

- SECTION 1 -

MATERIAL NEW INFORMATION RELEVANT TO THE REVISED PROPOSAL

1 MATERIAL NEW INFORMATION RELEVANT TO THE REVISED PROPOSAL

1.1 BACKGROUND

As announced on 29 May 2014, the Meeting of Securityholders convened on 29 May 2014 to consider the Revised Proposal was adjourned by the Chairman to enable the Independent Board Committee to ensure that all Securityholders are aware of, and have the opportunity to consider, the impact of the material new information that was announced by Westfield Group on 29 May 2014.

The adjourned Meeting will be resumed on Friday, 20 June 2014 at 10:00am (**Resumed Meeting**).

This Second Supplementary Securityholder Booklet sets out information announced by Westfield Group which the Board believes is material and important for Securityholders to consider prior to a final decision on the Revised Proposal.

1.2 WHAT IS THE MATERIAL NEW INFORMATION?

In the leadup to the Meeting of Securityholders convened on 29 May 2014, some media articles and equity research analyst reports suggested that if the Revised Proposal was not approved, then the most likely course of action was that a new transaction, with more favourable terms for Westfield Retail Trust, would be proposed to Securityholders.

The Chairman of Westfield Group announced to the ASX on the morning of Thursday 29 May 2014:

"If the WRT meeting this afternoon does not approve the proposal, it will not diminish our determination to proceed with WDC's strategic objective of separating the two businesses. We will pursue that separation - but without WRT. However, the existing relationship with WRT will continue.....We will begin that process immediately, and I expect the revised plan to be presented to security holders by the first quarter of next year." (**Westfield Group Separation Plan**).

This statement was clearly different to the expectations from some parties, as outlined above. In addition, whilst the Westfield Group Securityholder Booklet indicated that if the Proposal does not proceed Westfield Group would reconsider other alternatives that deliver similar benefits to the Proposal, Westfield Group has now indicated that if the Revised Proposal does not proceed, Westfield Group would pursue the separation of its Australian and New Zealand assets and business without any involvement by Westfield Retail Trust. As such, the Independent Board Committee believes that this statement was material new information (**Material New Information**).

In response to a question from a Securityholder at the Meeting of Securityholders convened on 29 May 2014, Mr Steven Lowy AM stated:

"The Chairman of WDC this morning made a statement that if this deal was not to reach the hurdle, by the WRT securityholders, that WDC would pursue the demerger of its international business from its Australian and New Zealand business without WRT. I want to be clear about that, so everybody understands that... The board of WDC met yesterday, late in the day, and made that decision, and that was conveyed to the investment community this morning. So there is no opportunity for Westfield Retail Trust to, as you say, recut the transaction with WDC. So the securityholders will be asked to vote with the full knowledge of the statement made by the Chairman of Westfield Group this morning."

After the adjournment of the Meeting on 29 May 2014 Westfield Retail Trust asked Westfield Group if it was able to provide any additional information about Westfield Group's plans for the separation of its two businesses without Westfield Retail Trust for the purposes of Westfield Retail Trust providing that additional information to Securityholders in this Second Supplementary Securityholder Booklet. In response to that request Westfield Group stated that no additional information was available for inclusion by Westfield Retail Trust in this Second Supplementary Securityholder Booklet.

1.3 WHAT IS THE IMPACT ON WESTFIELD RETAIL TRUST?

Part of the statement made by Westfield Group on 29 May 2014 about the Westfield Group Separation Plan was that the existing relationship between Westfield Group and Westfield Retail Trust will continue.

The existing relationship between Westfield Group and Westfield Retail Trust is such that the responsible entities of Westfield Retail Trust 1 and Westfield Retail Trust 2 will continue to be wholly owned subsidiaries of the Westfield Group, and Westfield Group will also continue to be the sole manager and agent to manage, operate, promote and provide leasing services for each Westfield Retail Trust property. Further detail in relation to the various contractual relationships between Westfield Retail Trust and Westfield Group are referred to in section 3.3 of the Securityholder Booklet.

If the Revised Proposal does not proceed Westfield Retail Trust will continue to own interests in 46 shopping centres including 13 of Australia's top 20 shopping centres by annual sales.

Westfield Retail Trust will also continue its current strategy to maximise returns for Securityholders by maximising the operating performance of its portfolio, continuing to invest in and enhance the quality of the shopping centres through redevelopments and capital management initiatives.

- SECTION 1 -

MATERIAL NEW INFORMATION RELEVANT TO THE REVISED PROPOSAL

However, the Independent Board Committee believes that there may be a number of adverse implications for Westfield Retail Trust and Securityholders if Westfield Group implements the Westfield Group Separation Plan without Westfield Retail Trust, even though the existing relationship between Westfield Group and Westfield Retail Trust will continue. The new entity that would be created in the event of that separation by Westfield Group is referred to in this section as **Newco Australasia**.

Whilst the full details of the Westfield Group Separation Plan are not yet known, the Independent Board Committee believes that the potential implications from the creation of an entity with an almost identical portfolio, an internalised property management structure and a likely higher return on invested capital are significant, and detrimental to Westfield Retail Trust in its current form. The Independent Board Committee believes these potential adverse implications include:

- a) **There is unlikely to be another opportunity to buy the entire Westfield Group Australian and New Zealand property portfolio, or indeed any property portfolio having similar scale and quality characteristics, in an uncontested and cost efficient manner, at book value**

Through the Revised Proposal, Westfield Retail Trust is effectively acquiring a portfolio of 47 high quality property assets to the value of \$14.7 billion in an uncontested and cost efficient manner.

The Independent Board Committee believes if the Revised Proposal is not approved by Securityholders and the Westfield Group Separation Plan proceeds, there is unlikely to be another opportunity in the future to acquire a portfolio of such quality and scale, especially in an uncontested process.

- b) **There is unlikely to be another opportunity for Westfield Retail Trust to acquire what is widely regarded as the best property management platform in Australia and New Zealand**

Through the Revised Proposal, Westfield Retail Trust is effectively acquiring Westfield Group's Australian and New Zealand Operating Platform, with capabilities including property management, leasing, design, development, construction, marketing and funds management.

The Independent Board Committee believes that if the Revised Proposal is not approved by Securityholders and the Westfield Group Separation Plan proceeds, there is unlikely to be another opportunity to acquire what is widely regarded as the best property management platform in Australia and New Zealand.

- c) **There is unlikely to be another opportunity for Westfield Retail Trust to internalise the property management for its existing portfolio**

Under the terms of the Property Management Agreements entered into by Westfield Retail Trust and Westfield Group for each property co-owned by Westfield Retail Trust and Westfield Group, Westfield Group is appointed sole manager and agent to manage, operate, promote and provide leasing services for each Westfield Retail Trust property and that appointment cannot be terminated without Westfield Group consent for so long as Westfield Group holds at least a 25% ownership interest (or in one case 20%) in the shopping centre (except in certain limited circumstances including insolvency or material breach by Westfield Group). The Property Management Agreements cannot otherwise be terminated without exposing Westfield Retail Trust to the risk of claims for wrongful termination.

Separately, the Westfield Retail Trust 1 Constitution provides that Westfield Retail Trust 1 must engage an appropriately resourced and qualified third party provider to provide all property management, leasing and development services in connection with its assets. This requirement can only be amended by a resolution passed by Securityholders in general meeting which would require approval by at least 75% of votes cast by Securityholders eligible to vote on the resolution.

If the Revised Proposal is not approved by Securityholders and the Westfield Group Separation Plan proceeds in the manner referred to by Westfield Group on 29 May 2014¹, Westfield Retail Trust will lose the opportunity to internalise the property management of its existing portfolio unless Westfield Retail Trust can obtain both:

- (i) the consent of Westfield Group and the other counterparties to terminate the Property Management Agreements; and
- (ii) the necessary approval of Securityholders to amend the Westfield Retail Trust 1 Constitution to permit Westfield Retail Trust to undertake property management for its own portfolio.

¹ That is, as a separation of the Australian and New Zealand business of Westfield Group from the international business of Westfield Group and not any other way, for example by a separate demerger of Westfield Group's property ownership and property management business.

- SECTION 1 -

MATERIAL NEW INFORMATION RELEVANT TO THE REVISED PROPOSAL

- d) **Investors may prefer to invest in Newco Australasia as an internally managed property group with an almost identical property portfolio to Westfield Retail Trust that is expected to generate a superior return on invested capital as compared to Westfield Retail Trust, with consequent risk to the Westfield Retail Trust Security price**

In recent years, most large ASX listed externally managed property and infrastructure groups have either internalised property management or been acquired by entities with an internally managed property platform. Factors driving this trend include investor preferences to eliminate fee leakage to external managers and the elimination of potential conflicts of interest between external managers and the externally managed groups. Westfield Retail Trust is now the only remaining entity in the 10 largest ASX listed REITs that is externally managed.

Newco Australasia is likely to have an almost identical portfolio to Westfield Retail Trust² but with internalised management and incremental income from property management, development and construction activities. This is expected to generate a superior return on invested capital for Newco Australasia as compared to Westfield Retail Trust. Having regard to the proxies lodged before the Meeting (refer to section 1.7 of this Second Supplementary Securityholder Booklet for further details), a significant number of Securityholders support the Revised Proposal which includes the effective internalisation of management.

Investors who prefer to invest in an internalised property group which will receive significant fees from Westfield Retail Trust and other joint venture partners, giving it a superior return on invested capital, are likely to regard Newco Australasia as a more attractive investment than Westfield Retail Trust. The Independent Board Committee believes that if investors prefer to invest in Newco Australasia, due to its internalised management and higher return on assets, this would represent a risk to the Westfield Retail Trust Security price.

- e) **As Westfield Retail Trust will continue to pay property management fees, it may be uncompetitive in bidding for assets when compared to entities with internally managed property platforms (including Newco Australasia if it is created) which may derive higher income from assets purchased**

Due to its Operating Platform and no payment of management fees to third parties, Newco Australasia (in a similar manner to other internalised entities) may derive higher net income from any new acquisition relative to Westfield Retail Trust. This higher net income may also include incremental property management fee income and potential future development fee income. This will mean Newco Australasia, and other entities with internally managed property platforms, may be more competitive than Westfield Retail Trust when bidding for assets. In the absence of this incremental fee income, Westfield Retail Trust may not be able to offer a competitive price to successfully acquire further properties.

- f) **It has been suggested that the creation of Newco Australasia may present the opportunity to renegotiate the terms of Westfield Retail Trust's existing contractual arrangements with Westfield Group. The Independent Board Committee believes there will be no opportunity to do so**

If the Revised Proposal is not approved by Securityholders and the Westfield Group Separation Plan proceeds, all existing contractual arrangements between Westfield Retail Trust and Westfield Group will remain in place.

The Independent Board Committee believes that, notwithstanding ongoing commentary to the contrary, there is no prospect of an amended or enhanced deal being negotiated with Westfield Group.

The Westfield Group Separation Plan refers to Westfield Group's intention to pursue the separation of Westfield Group's international and Australian and New Zealand businesses without Westfield Retail Trust. In view of the statement by Westfield Group, the Independent Board Committee expects that there is no prospect that Westfield Group will engage in further discussion or consultation with the Independent Board Committee concerning an alternative proposal.

Westfield Group has stated that its strategic objective of separating the two businesses has not diminished and it would pursue this proposal without Westfield Retail Trust. Having regard to the fact that the Westfield Group Securityholders approved the Revised Proposal by an overwhelming majority at the Westfield Group Securityholder meeting (approximately 97.8% of the votes cast at the meeting were cast in favour of the Revised Proposal), it is clear that Westfield Group Securityholders also support the strategic rationale behind the separation of the international and Australian and New Zealand businesses and the merger of the Australian and New Zealand business with Westfield Retail Trust.

The implementation of the Westfield Group Separation Plan is likely to be subject to a number of other conditions, including the future approval by Westfield Group Securityholders. At this point the detail of the nature and structure of the Westfield Group Separation Plan are not clear, but as stated previously, the Independent Board Committee is of the view that the potential implications from the creation of an entity with an almost identical portfolio, an internalised property management structure and a likely higher return on invested capital are material and are likely to have adverse implications on Westfield Retail Trust and Securityholders.

² Currently, Westfield Group has an equity interest in Carindale and Coomera in addition to the identically co-owned portfolio with Westfield Retail Trust.

1.4 COMPARISON OF WESTFIELD RETAIL TRUST AND SCENTRE GROUP

As outlined in section 4.5 of the Securityholder Booklet dated 14 April 2014, the Independent Board Committee assessed the Revised Proposal and other potential alternatives against a number of criteria, including:

- Maximising value for Securityholders;
- Addressing structural inefficiencies that result from an external retail property operating platform; and
- Maintaining the high quality of Westfield Retail Trust's portfolio.

After careful consideration the Independent Board Committee believes that the creation of Scentre Group is the preferred option to maximise long term value for Securityholders and to provide Securityholders with the benefits of a larger, more relevant and more strategically flexible investment without diluting the quality of Westfield Retail Trust's existing property portfolio.

As outlined in section 4.2 of the Securityholder Booklet dated 14 April 2014, Scentre Group will have a superior platform for growth in comparison to Westfield Retail Trust, including diversified income streams, substantial management and development rights across a high quality portfolio of assets, flexibility to undertake joint ventures and capital partnering with third parties and an enhanced ability to compete for new assets. This may result in Scentre Group trading by reference to earnings and cash flow, consistent with the manner in which Westfield Group is currently valued, with less focus on NTA.

TABLE 1: COMPARISON OF WESTFIELD RETAIL TRUST AND SCENTRE GROUP

	Westfield Retail Trust	Scentre Group
FFO per security	20.4c	21.75c
Economic FFO per security	20.4c	22.3c ⁽¹⁾
Total property investments (value)	\$13.9bn	\$28.6bn
Total property investments (number)	46	47
NTA	\$3.52	\$2.88 ⁽²⁾
Gearing	22.4%	37.3%
Interest coverage	4.6x	3.4x

(1) Based on interest rates and debt margins being lower than those assumed in the FY14 pro forma forecast, as at the date of the Securityholder Booklet (14 April 2014), the interest expense would be \$27 million lower and FFO would be approximately 0.5 cents per Scentre Group Security higher. Since then the market interest rates have declined further.

(2) On a pro forma basis, this is equivalent to \$2.93 per Westfield Retail Trust Security based on Securityholders receiving 0.918 Scentre Group Securities and \$0.2853 for every Westfield Retail Trust Security held as at the Record Date.
