Yojee Signs 4th Global Top 10 Logistics Group

HIGHLIGHTS

- **Yojee signs CEVA Logistics in Singapore on a multiyear agreement**
- **The first logistics hub deployment in Singapore is expected to be live in August**
- **Supports the provision and usage of Yojee's software and network capabilities nationwide**

Yojee Limited (Yojee or the Company) (ASX: YOJ), is a cloud-based software as a service (SaaS) logistics platform that facilitates the flow of freight movements into a single ecosystem, making the complex process of managing land transport simple and reducing carbon emissions for a greener planet.

Yojee is pleased to announce that it has signed agreements with CEVA Logistics Singapore Pte Ltd, to deliver its solutions, in Singapore. The agreements support the provision for, and usage of, Yojee's leading network capabilities for domestic logistics nationwide.

Implementation of Yojee's solutions is planned to commence in August. The agreements are for an initial term of 2 years. Yojee's charges are broadly in line with the fee structure presented in the Investor Presentation dated 8 July 2021.

CEVA Logistics, a world leader in third-party logistics, provides and operates transportation and supply-chain solutions for large- or medium-size national and global companies. CEVA Logistics offers a broad range of services in both Contract Logistics and Freight Management thanks to its approximately 78,000 employees and 1,000 facilities in more than 160 countries. CEVA Logistics is part of the CMA CGM Group, a world leader in shipping and logistics.

Managing Director's update

Yojee Managing Director, Ed Clarke said, "With a strong track record at enterprise level built in recent years, reputation for innovative advantages and a powerful partner network, Yojee is in a prime position to support the world's leading logistics companies and brands across Asia Pacific and the World. We look forward to working with CEVA and helping them reach their exciting objectives."

This announcement has been authorised by the Board of Directors of Yojee Limited.

About Yojee Limited (ASX: YOJ). Yojee is a cloud-based software as a service (SaaS) logistics Platform that facilitates

the flow of freight movements into a single ecosystem, making the complex process of managing land transport simple and accessible to all players whilst seeking to reduce carbon emissions for a greener planet.

Rarely is a single carrier servicing an entire goods journey from sender to end customer, or exclusively using one type of transportation method. Yojee provides connectivity and more efficient planning along the entire journey.

Yojee's customers are predominantly third-party logistics providers (3PL) and logistics subcontractors (2PL) who benefit from:

1. **Managing, Tracking and Auditing goods movements.** All job and location data is made easily accessible and can be shared with up and down-stream providers end to end. Customers experience improved delivery windows.
2. **Route and schedule optimisation.** Tracking data allows 2PL and 3PL operators to generate cost savings through Yojee's powerful optimisation capability across vehicle selection, utilisation and routing.

Yojee's solution is flexible and integrates seamlessly through API's into existing logistics provider systems to access and share key data across part or all of the goods journey. The more segments that use Yojee, the more powerful it becomes. Yojee's business is focused on Asia and is expanding rapidly. Yojee's Platform has evolved through recent technological developments in cloud-based computing and information processing capability. Future steps now under development will see Yojee further advance logistics its connectivity and route optimisation through distributed ledger blockchain technology. This will see smart information access and activation, providing logistics companies and agencies information such as location, size and weight data, and customs requirements that are timely, contextually accessible and highly secure.

Yojee services the logistics market at both the SME and enterprise levels with a focus on APAC and to date has signed multi-year enterprise-level agreements with three global top 10 freight forwarders operating in the region.

Yojee has strong corporate citizenship working with industry to reduce carbon emissions, by removing paper and logistics congestion through digitisation and vastly improving efficiency, speaking to our social license to operate.

FORWARD LOOKING STATEMENT AND DISCLAIMER

Please note that images used in the Company's ASX announcements are to illustrate concepts only and are not intended to represent commercial Yojee images. Certain statements contained in this ASX release, including information as to the future financial or operating performance of the Company and its projects, are forward looking statements. Such forward looking statements:

- (a) are necessarily based upon a number of estimates and assumptions that, while considered reasonable by the Company, are inherently subject to significant technical, business, economic, competitive, political and social uncertainties and contingencies;*
- (b) involve known and unknown risks and uncertainties that could cause actual events or results to differ materially from estimated or anticipated events or results reflected in such forward looking statements; and*
- (c) may include, among other things, statements regarding estimates and assumptions in respect of prices, costs, results and capital expenditure, and are or may be based on assumptions and estimates related to future technical, economic, market, political, social and other conditions. The Company disclaims any intent or obligation to publicly update any forward looking statements, whether as a result of new information, future events or results or otherwise. The words "believe", "expect", "contracted", "anticipate", "indicate", "contemplate", "target", "plan", "intends", "continue", "budget", "estimate", "may", "will", "schedule", "planned" and similar expressions identify forward looking statements. All forward looking statements contained in this ASX release are qualified by the foregoing cautionary statements. Recipients are cautioned that forward looking statements are not guarantees of future performance and accordingly recipients are cautioned not to put undue reliance on forward looking statements due to the inherent uncertainty therein.*
